T1 TACTICAL CARRIER

The T1 Tactical Carrier is the complete solution for the most extreme conditions of demanding tactical teams. The T1 is designed for high speed operators who need the versatility of a modular system with expandable load carrying capacity. The T1 utilizes closed cell foam to protect the upper body and enhanced by the fully adjustable, ergonomically correct shoulder pads to relieve load stress on the operator. The base model includes an adjustable cummerbund with side plate pockets and can be upgraded to a full tactical entry system by adding ballistic throat, collar, groin and biceps. Other available options include Front & Back Hard Armor Plates, Side Cummerbund Hard Armor Plates, Side Cummerbund Level IIIA Soft Armor Ballistic Inserts and a full assortment of pouches.

Features:

- **Fully adjustable shoulder strap and closed cell foam padded interior to protect the upper body for maximum comfort and cooling**
- **Optional NIJ Level IIIA ballistics available for Cummerbund (6"x6", 6"x8" and 6"x12"), Shoulder, Throat, Collar, Groin and Biceps**
- **Accommodates both full size and shooters cut hard armor plates (8"x10" and 10"x12")**
- **Front Kangaroo pocket**
