MX-B201D Digital Copier

The Sharp MX-B201D Digital Multifunction Document System is big on performance, but compact in size. Designed for small offices and workgroups, the MX-B201D delivers all the required features for fast-paced, small office environments. With 20 page-per-minute copying/printing and integrated color scanning, your office workflow won't miss a beat. A 50 sheet document feeder provides standard 2-sided scanning for extra efficiency, as well as duplex printing and copying. The cost-effective, consumable system utilizes a three-component system that's easy to replace and easy on your wallet. And since business never stands still, the MX-B201D offers flexible options to add Super G3 faxing, networking and web-based management...so you'll be ready for anything.

Features at a glance

- ◆ 20 PPM Compact Desktop Digital Copier with high-quality 600 dpi output
- ◆ Up to 100-Page Electronic Sorting and Offset Output Stacking allows copying of multiple sets quickly and efficiently
- ◆ 50-sheet Reversing Single Pass Feeder with standard 2-sided PC scanning
- ◆ Paper capacity maximum: 550 sheets
 - Standard 250 sheet paper drawer and 50 Sheet multi-purpose bypass tray handles different size paper ranging from 3 1/2" x 5 1/2" up to 8 1/2" x 14" as well as envelopes, labels, and transparencies
 - Optional 250 sheet paper drawer
- ◆ 25% to 400% zoom magnification with eight preset modes for easy image-to-paper sizing
- ◆ Scan and send documents to a variety of destinations for easy distribution
- ◆ Copy both sides of an ID card, and print both images on a single page with the ID Card Shot feature (standard)
- ◆ Optional Network Expansion Kit with 10Base-T/100Base-TX Ethernet, Network PCL®6 Printing and Network Scanning
- ◆ Optional PostScript®3™ compatible Expansion Kit
- ◆ Optional Super G3 Fax Kit with 118 auto-dial destinations
- ◆ Dimensions: 20-3/8" (w) x 18-1/8" (d) x 14-3/4" (h)
(Measurements for base model without Stand)

MX-M232D Digital Copier

The Sharp MX-M232D delivers the advanced performance needed for today's small office—all in a value-driven, multifunction document system. This 23 ppm versatile performer comes equipped with electronic sorting as well as 600-dpi speed-enhanced PC printing. But that's not all! The MX-M232D also offers full-color ledger-size PC scanning—enabling you to share or archive documents with just a few keystrokes. With up to 1,100 sheet paper capacity, this robust MFP can easily keep pace with even the most demanding offices. And, with flexible connectivity options such as PCL®6 and PS®3 network printing, network scanning and Super G3 faxing, the Sharp MX-M232D can easily help grow your business.

Features at a glance

- ◆ 23 PPM Compact Digital Copier
- ◆ Standard 40 sheet Reversing Single Pass Feeder
- ◆ Electronic sorting
- ◆ Automatic duplexing

MX-M266N / MX-M316N / MX-M356N Networked Digital Copier

In today's fast-paced office environment, businesses need to operate at peak efficiency. With Sharp's MX-M266N, MX-M316N, MX-M356N monochrome document systems, businesses can raise office productivity to a new level. Offering enhanced versatility, Sharp's monochrome document systems deliver the essential features needed to get ahead, including up to 35 pages per minute copying and printing, color network scanning, and integrated multi-tasking - all this, at an affordable cost. Features include a high resolution touch-screen color display with graphical navigation for easy operation. The MX-M266N / M316N / M356N document systems also produce crisp, clear documents in-house, helping you save time and money. With Sharp's advanced device management tools, controlling access and usage remotely is easier than ever. To make integration with network applications easy, the MX-M266N / M316N / M356N document systems support the Sharp OSA® development platform. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 26 / 31 / 35 PPM Digital Duplex Copier - Networked
- ◆ Up to 1200 DPI (Enhanced) with standard PCL6 print controller
- ◆ Standard End-of-Lease feature
- ◆ Paper capacity maximum: 2,100 sheets
 - Standard (2) x 500 sheet paper drawers and 100 sheet bypass tray
 - Optional (1) or (2) x 500 sheet paper drawers
- ◆ Automatic trayless duplex copying and printing
- ◆ 100 sheet reverse single pass feeder
- ◆ Electronic sorting
- ◆ Large 7" Touch-screen LCD Display
- ◆ Mixed size original detection
- ◆ Flexible paper handling system feeds up to 28 lb. bond through the paper trays and up to 110 lb. index through the bypass tray
- ◆ Reduction and enlargement: 25 - 400% (1% increments)
- ◆ 2 GB total standard memory
- ◆ Standard network full-color scanning
- ◆ Standard USB 2.0 port
- ◆ SSL (Encrypted Network Protocol Support) HTTPS/IPPS
- ◆ Dimensions: Approximately 24 $\frac{3}{8}$ " (w) x 24 $\frac{1}{4}$ " (d) x 32 $\frac{5}{8}$ " (h)

MX-M364N / MX-M464N / MX-M564N Networked Digital Copier

The MX-M364N, MX-M464N and MX-M564N Essentials Series monochrome document systems offer flexible multitasking workflow features and high quality output at speeds up to 56 pages-per-minute. Designed for busy workgroup environments, these models combine versatile paper handling with robust finishing options in a compact modular design that is also affordable. The Sharp Essentials Series can help virtually any office accomplish more in less time.

These models include standard full multifunction capability out-of-box copying, PCL® 6 network printing and color network scanning for today's demanding office environments. They also offer a high-capacity tandem paper drawer and productive inner finisher options that provide high functionality in a compact footprint. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

The MX-M364N, MX-M464N and MX-M564N monochrome document systems have been built on the Sharp OSA® development platform, making integration with network applications and cloud services easier than ever. And Sharp's energy efficient design offers low power consumption and fast warm-up time.

MX-M365N / MX-M465N / MX-M565N Networked Digital Copier

The MX-M365N, MX-M465N and MX-M565N Advanced Series monochrome document systems offer powerful multitasking workflow features and exceptional image quality at speeds up to 56 pages-per-minute. Designed for busy workgroup environments, these models combine a versatile modular design with tablet-style menu navigation and powerful output capabilities that can help virtually any office accomplish more in less time.

These models include standard out-of-box wireless networking and true Adobe® PostScript® 3™ network printing that offer enhanced compatibility with today's modern office environments. They also offer a high-capacity tandem paper drawer and productive inner finisher options that provide high functionality in a compact footprint. The Advanced Series support Cloud Portal Office, a new content management software service from Sharp for storing and sharing scanned documents and other electronic files. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

The MX-M365N, MX-M465N and MX-M565N monochrome document systems have been built on the Sharp OSA® development platform, making integration with network applications and cloud services easier than ever.

Features at a glance

- ◆ 36 / 46 / 56 PPM Digital Copier - Networked
- ◆ 1200 x 1200 dpi printing provides clear, crisp images, even on jobs with fine detail
- ◆ Paper capacity maximum: 6,600 sheets
 - 600 Sheets Standard: one 500 sheet paper drawer and one 100 sheet bypass tray
 - Optional Stand with (1) x 500 sheet paper drawer
 - Optional Stand with (2) x 500 sheet paper drawers
 - Optional Stand with (3) x 500 sheet paper drawers
 - Optional Stand with (1) x 500 sheet paper drawer + 2,000 sheet tandem paper drawer
- ◆ Large (10.1" - diagonally measured) tablet-style touch-screen color display with image preview feature with flick, tap and slide navigation, and pinch-and-zoom capability
- ◆ Standard 320GB Hard Drive
- ◆ Standard 150 sheet duplexing single pass feeder
- ◆ Scans both sides of a document in a single pass at up to 170 images per minute
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ ImageSEND™ function scans documents to USB devices, network folders, email and more
- ◆ 1.8 GHz true multi-tasking controller
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Remote front panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Flexible paper handling system feeds up to 80 lb cover through the paper trays and up to 110 lb cover through the bypass tray
- ◆ Network ready PCL®6 and true Adobe PS®3™ printing system with direct print function and available XPS option
- ◆ Dimensions: 24-1/4"(w) X 28"(d) X 33-1/4"(h)
(Measurements for base model without stand)

MX-M654N / MX-M754N Networked Digital Copier

The MX-M654N and MX-M754N monochrome workgroup document systems offer powerful multitasking workflow features and exceptional image quality at speeds up to 75 pages per minute. Designed for large workgroups and departmental environments, these models combine a versatile modular design with tablet-style menu navigation and powerful output capabilities that can help virtually any office accomplish more in less time.

Standard Wireless Networking provides flexible access from mobile devices for scanning and printing directly to the MFP using Sharpdesk® Mobile, a free downloadable app. The MX-M654N and MX-M754N monochrome workgroup document systems also support Sharp's industry-leading security features, which include standard 256-bit data encryption and up to 10 times overwrite protection and a convenient End-of-Lease feature that erases all data, address books, and personal information at time of trade in.

Features at a glance

- ◆ 65 / 75 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 6,700 sheets
 - 3,200 Sheets Standard Paper Capacity - One 2,100 sheet tandem tray, Two 500 sheet paper trays and 100 sheet bypass tray
 - Optional 3,000 sheet ledger size large capacity cassette
 - Optional 3,500 sheet letter size large capacity cassette
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Web browser feature allows easy access to web-based information
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Supports Cloud Portal Office
- ◆ Large 10.1" tablet-style high resolution touch-screen display with tilt view
- ◆ Standard Compact PDF feature dramatically reduces the file size of scanned color documents, resulting in decreased network traffic and more efficient use of disk and cloud storage
- ◆ Award-winning Sharp security platform with standard 256-bit data encryption and up to 10 times data overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 150 Sheet Duplexing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap, slide menu navigation and pinch-and-zoom capability
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Scans documents at up to 100 images (simplex) and 200 images (duplex) per minute
- ◆ Network ready PCL®6/PS3 printing system with direct print function and available XPS options
- ◆ Flexible paper handling system feeds up to 80 lb. cover stock through paper trays and 110 lb. cover stock through bypass tray
- ◆ Dimensions 26-1/8" (w) x 30-3/8" (d) x 48" (h)
(Measurements for base model without stand)

MX-M905 Networked Monochrome Document System

From walk-up office environments and corporate workgroups, to Central Reprographics Departments (CRDs) and copy rooms, the MX-M905 High-Speed Monochrome Document System offers advanced technology and features that will streamline your document workflow like never before. The MX-M905 has been designed to handle the rigors of high volume environments with the user-friendliness of a workgroup MFP. With an engine speed of 90 ppm, standard networking and flexible configurations, this high volume workhorse is a perfect fit where productivity and reliability are critical and ease of use is essential.

A large 10.1" (diagonally measured) customizable touchscreen display with a clean design enables easy access to features and functions when setting up jobs. With Sharp's micro-fine toner technology combined with 1200 x 1200 dpi print resolution and true Adobe® PostScript®, your organization can produce beautiful images and enhanced clarity for fine details such as small text and graphics. The triple air-feed paper handling option offers high reliability and is virtually maintenance-free.

Built on the latest Sharp OSA® development platform, the MX-M905 makes integration with network applications and cloud services easier than ever. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 90 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 8,500 sheets
 - 3,100 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray, Two 500 sheet paper trays and 100 sheet bypass tray
 - Optional 3,000 sheet letter / letter-R / legal / ledger size large capacity cassette
 - Optional 3,500 sheet letter size large capacity cassette
 - Optional 5,000 sheet letter / letter-R / legal / ledger size large capacity tray (2 drawer)
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Award-winning Sharp security platform with standard data encryption, data overwrite protection and data erase
- ◆ Quickly scan both sides of a document at once with the standard 250 Sheet Duplexing Single-Pass Feeder
- ◆ Scan preview feature offers on-the-fly page editing with easy fingertip navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance-free
- ◆ 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- ◆ Scans documents at up to 240 images per minute (Monochrome or Color)
- ◆ Network ready PCL®6/PostScript®3™ printing system
- ◆ Flexible paper handling system feeds up to 110 lb cover stock
- ◆ Dimensions 42-3/4" (w) x 31-1/4" (d) x 48-3/4" (h)

MX-M1055 Networked Digital Duplicator

The MX-M1055 high performance monochrome document system is the latest addition to the Sharp Pro Series light production lineup. Built on award-winning technology, this model adds advanced workflow capabilities with EFI's latest Fiery platform that helps set the bar for the ultimate in efficiency and operation. The new Fiery® Print Server MX-PE11 provides in-plants and Central Reprographics Departments (CRD) with the advanced workflow capabilities they expect.

The MX-M1055 offers a large, high-resolution 15.4" color touchscreen display with swing out keyboard and touch pad that streamlines operation and job management. Triple-air paper feed units combined with the Print Engine Paper Catalog (PEPC) offer a wide range of paper types to be utilized with high precision and reliability. The new powerful Fiery Print Server is available for advanced workflows and high productivity. Command WorkStation is fully integrated with the Sharp touchscreen for unmatched control and ease-of-use.

The MX-M1055 also supports Sharp OSA® technology, which makes integration with network applications and cloud services simple and easy. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to help safeguard your business's intellectual property. And when it comes time to trade in, a convenient End-of-Lease feature can erase all job data and user data.

Features at a glance

- ◆ 105 PPM Black & White Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
 - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
 - Optional 2 Drawer 2,500 sheet (each drawer) large capacity cassette - letter / legal / ledger / statement / 12" x 18" size
 - Optional 3,500 sheet letter size large capacity cassette
- ◆ Large, high-resolution 15.4" color touchscreen display with swing out keyboard and touch pad
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Web browser feature allows easy access to web-based information
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Available Fiery® Print Server for advanced workflows and high productivity
- ◆ Award-winning Sharp security platform with standard 256-bit data encryption and up to 7 times data overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 250 Sheet Duplexing Single-Pass Feeder
- ◆ Scan preview feature offers on-the-fly page editing with easy fingertip navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- ◆ Scans documents at up to 200 images per minute (Monochrome or Color)
- ◆ Network ready PCL®6 and true Adobe PS®3™ printing system with direct print function and available XPS option
- ◆ Auto Power Management function with Intelligent Monitoring can turn machine on and off based on usage trends
- ◆ Flexible paper handling system feeds up to 110 lb cover stock
- ◆ Dimensions 45" (w) x 30-1/2" (d) x 60-1/4" (h)

SHARP®

Color Pricing & Specifications

MX-2616N / MX-3116N Networked Digital Color Copier

A full color ledger-size document system that helps with all of your business needs. Sharp's MX-2616N/MX-3116N - with all the essential copy, print, color network scan functions and convenient fax option - is an attractive, user-friendly addition to any workplace. To move your business forward, these full-color A3 MFPs from Sharp are the smart choice. Sharp's MX-2616N/3116N full-color multifunction document systems have been meticulously engineered to help businesses maximize their document workflow efficiency while providing outstanding image quality and performance. The MX-2616N/3116N multi-processor design with Standard PCL® 6 Printing System produces brilliant, high-quality color documents as well as razor-sharp monochrome documents at speeds of 26/31 ppm. There is an available 2,000 + 500 sheet Tandem Paper Drawer that fits within the standard footprint of the MFP, offering higher paper capacity without sacrificing valuable office space. The standard 100 sheet Reversing Single Pass Document Feeder scans up to 50 originals per minute, helping to maximize productivity. With Sharp's powerful multi-tasking controller, the MX-2616N/3116N can help save time and money producing professional color documents in-house with breathtaking image quality in a value-packed system. Sharp's advanced device management and Remote Front Panel feature makes it easy to control color usage and costs. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to safeguard your business's intellectual property. When it comes time to trade in, a convenient standard End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 26 / 31 PPM Black & White / 26 / 31 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 3,100 sheets
 - 600 Sheets Standard: one 500 sheet paper drawer and one 100 sheet bypass tray
 - Optional Stand with (1) x 500 sheet paper drawer
 - Optional Stand with (2) x 500 sheet paper drawers
 - Optional Stand with (3) x 500 sheet paper drawers
 - Optional Stand with (1) x 500 sheet paper drawer + 2,000 sheet tandem paper drawer
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to seven times
- ◆ Powerful true multi-tasking full-color document system
- ◆ Large, high resolution touch-screen color display with graphical navigation
- ◆ Enhanced second generation micro-fine toner technology offers sharp, high-quality images page after page
- ◆ 600 x 600 dpi printing provides clear, crisp images
- ◆ Advanced ImageSEND™ function scans documents to USB devices, network folders, e-mail and more
- ◆ Robust 320 GB HDD with Document Filing System with thumbnail view and image preview features
- ◆ Network ready PCL®6 printing system with direct print function and available PS®3 and XPS options*
- ◆ Remote Front Panel feature allows users and administrators to view and control machine operations from a PC workstation
- ◆ Environmentally friendly design offers low power consumption, fast warm up, compact design and long-life parts and supplies
- ◆ Dimensions 24" (w) x 25-1/2" (d) x 33" (h)
(Measurements for base model without Stand)

MX-3050N / MX-3550N / MX-4050N Networked Digital Color Copier

Sharp's MX-3050N/3550N/4050N Essentials Series color workgroup document systems offer stunning color output with exceptional ease of use. These models are designed to provide customers with a seamless, intuitive experience, and the confidence in knowing their jobs will come out right the first time, every time. The color Essentials Series focuses on value as well as user operability and draws inspiration from the latest networking and imaging technologies available today, all to create a document system that delivers the productivity you need, with the reliable performance you want.

Sharp's customizable touchscreen display offers a user-friendly graphical interface with a clean design, simplified Easy Modes and integrated operation guide. With the latest version of Sharp OSA® technology for easy integration with network applications and cloud services, these models can unlock advanced capabilities to help you better manage your workflow. An easy-to-use graphical interface combined with a 10-second warm up time creates a workflow experience with virtually no waiting time.

The MX-3050N, MX-3550N, and MX-4050N color Essentials Series offer users powerful multitasking features enabling them to quickly execute the ever-changing workflow tasks of today's busy office environments. And with Sharp's industry-leading security features, you can rest assured that your intellectual property is protected from the first day of operation to the time of trade-in.

Features at a glance

- ◆ 30 / 35 / 40 PPM Black & White - 30 / 35 / 40 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to ten times
- ◆ Easy-to-use graphical interface and a 10 second warm up time
- ◆ Large 10.1" high resolution customizable touchscreen display with tilt view
- ◆ Easily access popular cloud applications, including Microsoft® OneDrive™, SharePoint® Online, and Google Drive™ with Sharp's Cloud Connect features (optional)
- ◆ Cloud Portal Office, a content management software service from Sharp for storing and sharing scanned documents and other electronic files, helps keep your whole team connected
- ◆ Real-time image preview feature with flick, tap and slide menu navigation, and multi-touch pinch-and-zoom capability to shrink and enlarge images
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ 600 x 600 dpi printing provides clear, crisp images
- ◆ ImageSEND™ function scans documents to email, cloud applications and more
- ◆ Scans documents at up to 80 images per minute
- ◆ Network ready PCL®6 and available Adobe PostScript® 3™ printing systems combined with available DirectOffice® technology lets you direct print PDFs, select Microsoft Office formats, and more
- ◆ Easy to use document filing system with thumbnail view and image preview features for easy identification
- ◆ Flexible paper handling system supports media up to 110 lb cover and up to 12" x 18" through the paper trays
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced print quality
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)
(Measurements for base model without Stand)

MX-3070N / MX-3570N / MX-4070N Networked Digital Color Copier

Sharp's MX-3070N/3570N/4070N Advanced Series color workgroup document systems offer stunning color output with exceptional ease of use. These models are designed to provide customers with a seamless, intuitive experience, and the confidence in knowing their jobs will come out right the first time, every time. The color Advanced Series focuses on user operability and draws inspiration from the latest networking and imaging technologies available today, all to create a document system that delivers the productivity you need, with the reliable performance you want.

Sharp's customizable touchscreen display offers a user-friendly graphical interface with a clean design, simplified Easy Modes and integrated operation guide. Equipped with the latest version of Sharp OSA® technology for easy integration with network applications and cloud services, these models can unlock advanced capabilities to help you better manage your workflow. An integrated walk-up motion sensor and an easy-to-use graphical interface combine with a 10-second warm up time to create a workflow experience with virtually no waiting time.

The MX-3070N, MX-3570N, and MX-4070N color Advanced Series offer users powerful multitasking features enabling them to quickly execute the ever-changing workflow tasks of today's busy office environments. And with Sharp's industry-leading security features, you can rest assured that your intellectual property is protected from the first day of operation to the time of trade-in.

Features at a glance

- ◆ 30 / 35 / 40 PPM Black & White - 30 / 35 / 40 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawer
 - Optional 3,000 sheet large capacity tray
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to ten times
- ◆ Automatic walk-up motion sensor wakes the machine from sleep mode so it's ready within 10 seconds
- ◆ Large 10.1" high resolution customizable touchscreen display with tilt view
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Easily access popular cloud applications, including Microsoft® OneDrive™, SharePoint® Online, and Google Drive™ with Sharp's Cloud Connect features
- ◆ Cloud Portal Office, a content management software service from Sharp for storing and sharing scanned documents and other electronic files, helps keep your whole team connected
- ◆ Real-time image preview feature with flick, tap and slide menu navigation, and multi-touch pinch-and-zoom capability to shrink and enlarge images
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ ImageSEND™ function scans documents to USB devices, network folders, email and more
- ◆ Scans documents at up to 200 images per minute in both Black and Color
- ◆ Network ready PCL®6 and Adobe PostScript® 3™ printing system with direct print function and available XPS option
- ◆ Easy to use document filing system with thumbnail view and image preview features for easy identification
- ◆ Flexible paper handling system supports media up to 110 lb cover and up to 12" x 18" through the paper trays
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced print quality
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)

MX-5070N / MX-6070N Networked Digital Color Copier

The Sharp MX-5070N and MX-6070N Advanced Series color workgroup document systems offer stunning color output with exceptional ease of use. These models are designed to provide customers with a seamless, intuitive experience, and the confidence in knowing their jobs will come out right the first time, every time. The color Advanced Series focuses on user operability and draws inspiration from the latest networking and imaging technologies available today, all to create a document system that delivers the productivity you need, with the reliable performance you want.

Sharp's customizable touchscreen display offers a user-friendly graphical interface with a clean design, simplified Easy Modes and integrated operation guide. Equipped with the latest version of Sharp OSA® technology for easy integration with network applications and cloud services, these models can unlock advanced capabilities to help you better manage your workflow. An integrated walk-up motion sensor and an easy-to-use graphical interface combine with a 15-second warm up time to create a workflow experience with virtually no waiting time.

Features at a glance

- ◆ 50 / 60 PPM Black & White - 50 / 60 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 6,300 sheets
 - 650 Standard - One 550 sheet paper drawer and 100 sheet bypass tray
 - Optional Stand with (1) x 550 sheet paper drawer
 - Optional Stand with (2) x 550 sheet paper drawers
 - Optional Stand with (3) x 550 sheet paper drawers
 - Optional Stand with (1) x 550 sheet paper drawer + 2,100 sheet split tandem paper drawers
 - Optional 3,000 sheet large capacity tray
- ◆ Standard security feature erases memory on the hard drive by overwriting data up to ten times
- ◆ Automatic walk-up motion sensor wakes the machine from sleep mode so it's ready within 15 seconds
- ◆ Large 10.1" high resolution customizable touchscreen display with tilt view
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Easily access popular cloud applications, including Microsoft® OneDrive™, SharePoint® Online, and Google Drive™ with Sharp's Cloud Connect features
- ◆ Cloud Portal Office, a content management software service from Sharp for storing and sharing scanned documents and other electronic files, helps keep your whole team connected
- ◆ Real-time image preview feature with flick, tap and slide menu navigation, and multi-touch pinch-and-zoom capability to shrink and enlarge images
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ ImageSEND™ function scans documents to USB devices, network folders, email and more
- ◆ Scans documents at up to 200 images per minute in both Black and Color
- ◆ Network ready PCL®6 and Adobe PostScript® 3™ printing system with direct print function and available XPS option
- ◆ Easy to use document filing system with thumbnail view and image preview features for easy identification
- ◆ Flexible paper handling system supports media up to 110 lb cover and up to 12" x 18" through the paper trays
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced print quality
- ◆ Dimensions 24" (w) x 26" (d) x 33" (h)
(Measurements for base model without Stand)

MX-6580N / MX-7580N Networked Digital Color Copier

Inspired by the latest application and imaging technologies, the Sharp MX-6580N and MX-7580N offer a rugged design and a user friendly experience, helping customers navigate document workflow with unmatched efficiency. Built for high-volume office environments, small central reprographics departments and copy rooms, these document systems are complemented by the robust paper handling and productive output capabilities once found only in commercial print facilities.

Sharp's next generation Color Consistency System helps ensure brilliant, consistent color output page-after-page and job-after-job for repeatable, high-quality results. Businesses can rest assured that producing professional looking color documents in house can be easier and more economical than ever before with these models.

Some key features of these models are Sharp's customizable touchscreen display which offers a user-friendly graphical interface with a clean design, simplified Easy Modes and integrated operation guides. They are equipped with the latest version of Sharp OSA® technology for easy integration with network applications and cloud services and can unlock advanced capabilities to help you better manage your workflow. The latest MX-PE12 Fiery Color Print Server is available for environments such as corporate offices, CRDs and in-plant printing facilities that require precision color control and job management.

Features at a glance

- ◆ 65 / 75 PPM Black & White - 65 / 75 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 8,500 sheets
 - 3,100 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray, Two 500 sheet paper trays and One 100 Sheet Multi-bypass Tray
 - Optional 3,500 sheet letter-size large capacity cassette
 - Optional 3,000 sheet letter / legal / ledger-size large capacity cassette
 - Optional 5,000 sheet letter / legal / ledger / 13" x 19" large capacity 2 drawer tray
- ◆ Full-size retractable keyboard allows quick, easy and accurate data entry
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ A powerful embedded Fiery® Color Print Server is available for environments that require precision color control and job management
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Large 10.1" high resolution touch-screen display with tilt view
- ◆ Award-winning Sharp security platform with standard 256-bit data encryption and up to 10 times data overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 150 Sheet Duplexing Single-Pass Feeder
- ◆ Scan preview feature offers on-the-fly page editing with easy fingertip navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ 1200 x 1200 dpi printing provides beautiful images and enhanced clarity for fine details such as small text and graphics
- ◆ Scans documents at up to 200 images per minute in both Black and Color
- ◆ Network ready PCL®6/PS3 printing system with direct print function
- ◆ Flexible paper handling system feeds up to 110 lb cover stock through paper trays and through bypass tray
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 33-1/4" (w) x 33-1/4" (d) x 48 1/8" (h)

MX-6500N / MX-7500N Pro Series Digital Color Document System

The MX-6500N and MX-7500N high performance color document systems offer exceptional productivity, professional features and world-class image quality at speeds up to 75 ppm. Designed for busy in-plant and on-demand workflow environments, these new models combine a versatile, modular design with a wide range of supported media and powerful output capabilities that can help your business produce more jobs in-house and improve profitability. Edge-to-edge printing enables operators to output high quality, full-bleed booklets in-line, helping to reduce outsourcing costs as well as production time. A powerful external Fiery® Color Print Server with Command WorkStation® is available for color critical environments that need precision job management. Command WorkStation is fully integrated with the Sharp touch-screen for unmatched control and ease-of-use. Sharp's exclusive triple air-feed paper handling option provides higher reliability for maximum uptime as well as enhanced media support, and is virtually maintenance free. The MX-6500N and MX-7500N also support Sharp OSA® technology, which makes integration with network applications and cloud services simple and easy. Sharp's industry-leading security platform incorporates standard 256-bit data encryption and overwrite protection to help safeguard your business's intellectual property. When it comes time to trade in, a convenient End-of-Lease feature can erase all job and user data.

Features at a glance

- ◆ 65 / 75 PPM Black & White - 65 / 75 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 13,500 sheets
 - 3,000 Sheets Standard Paper Capacity - Tandem Sheet Drawer: One 1,200 sheet paper tray, One 800 sheet paper tray and Two 500 sheet paper trays
 - Optional 3,000 sheet letter / legal / ledger-size large capacity cassette
 - Optional 3,500 sheet letter large capacity tray
 - Optional 5,000 sheet letter / legal / ledger-size large capacity tray
- ◆ Advanced finishing options including a multi-folding unit and multi-position staple and saddle finisher selection
- ◆ Edge-to-edge printing enables operators to output high quality, full-bleed booklets in-line, helping to reduce outsourcing costs as well as production time
- ◆ A powerful external Fiery® Color Print Server with Command WorkStation® is available for color critical environments that need precision job management. Command WorkStation is fully integrated with the Sharp touch-screen for unmatched control and ease-of-use.
- ◆ Triple air-feed paper handling option offers high reliability and is virtually maintenance free
- ◆ Web browser feature allows easy access to web-based information
- ◆ Supports the latest Sharp OSA® development platform
- ◆ Large 15.4" high resolution color touch-screen display with integrated keyboard
- ◆ Award-winning Sharp security platform with standard 256-bit data encryption and up to 7 times data overwrite protection
- ◆ Quickly scan both sides of a document at once with the standard 150 Sheet Duplexing Single-Pass Feeder
- ◆ Real-time image preview feature with flick, tap and slide menu navigation
- ◆ Fully customizable home screen feature enables users to add custom backgrounds and custom icons for personalization
- ◆ 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- ◆ Scans documents at up to 150 images per minute in both Black and Color
- ◆ Network ready PCL®6/PS3 printing system with direct print function and available XPS options
- ◆ Flexible paper handling system feeds up to 110 lb (300 gsm) cover stock through paper trays and through bypass tray even when duplexing
- ◆ Energy efficient belt fusing system offers low-power consumption, fast warm up and enhanced image quality
- ◆ Dimensions 33-1/4" (w) x 33-1/4" (d) x 48" (h)

MX-C300P Desktop Color Printer

The compact MX-C300P desktop printer delivers high quality output and reliable performance for busy offices and workgroups. The 30 page per minute MX-C300P is a powerful desktop color printer that can enhance the document output of any size office. Built with Sharp's latest technology, the MX-C300P fits into tight spaces and offers advanced features to help users get their work done quickly.

The MX-C300P offers high quality color output for all types of business documents with Sharp's micro-fine toner technology. Flexible connectivity supports both wired and wireless network environments, as well as USB direct printing from the machine front panel. The Sharpdesk® Mobile app offers convenient wireless printing from mobile devices, such as iPad®, iPhone®, Android™, Windows® Devices. Compact and well designed, the MX-C300P is an affordable color printer for virtually any size office or workgroup.

Features at a glance

- ◆ Productive printing speeds up to 30 PPM
- ◆ Paper capacity maximum: 800 sheets
 - Standard 250 sheet paper drawer and 50 sheet bypass tray
 - Optional: 500 sheet paper drawer
- ◆ PCL®6 / Postscript® 3™ compatibility printing for both PC and Mac printing environments
- ◆ Dual-Component development system and Sharp's micro-fine toner technology helps produce high quality output
- ◆ Standard Auto Duplex Printing
- ◆ Standard secure wireless networking
- ◆ Sharpdesk Mobile app enables printing from mobile devices
- ◆ Compact Design: easily fits into small office environments
- ◆ High Quality 600 x 600 dpi printing
- ◆ Easy-to-use 5-line LCD operation panel
- ◆ Front USB port for easy direct printing of PDF files from memory devices
- ◆ Account control for up to 30 users
- ◆ Dimensions 17" x 20" x 13 1/4"

MX-C301W Desktop Color Document Systems

The MX-C301W desktop color document system offers multitasking workflow features while offering a compact footprint that fits in small spaces. Designed with leading-edge features typically found on larger machines, the MX-C301W makes managing your workflow easier than ever.

The compact MX-C301W desktop color workgroup document system has been built on the Sharp OSA® development platform, making integration with network applications and cloud services easier than ever. Sharp's enhanced security platform with standard SSL support, 256-bit data encryption and up to 7 times data overwrite protection helps assure that your intellectual property is well protected.

Features at a glance

- ◆ Productive Printing and Copying 30 PPM/CPM
- ◆ Paper capacity maximum: 800 sheets
 - Standard 250 sheet paper drawer and 50 sheet bypass tray
 - Optional: 500 sheet letter/statement drawer
- ◆ PCL® 6 / Postscript® 3 network printing for both PC and Mac printing environments
- ◆ 50 Page Reversing Single Pass Document Feeder
- ◆ Standard Auto Duplex Printing
- ◆ Supports the Sharp OSA™ development platform, enabling businesses to streamline document workflow and help enhance productivity
- ◆ Cloud Portal Office Ready
- ◆ Robust 7" (diagonally measured) high resolution touch-screen color display with graphical navigation
- ◆ 250 GB hard drive supports convenient Document Filing System with image preview
- ◆ Sharpdesk Mobile offers powerful, mobile scanning and printing for users' mobile products including iPad®, iPhone®, Android, Windows® 8 and Window® RT devices
- ◆ Compact Design: does not require a special cabinet and easily fits into today's small office environments
- ◆ High Quality 600 x 600 dpi copy and print
- ◆ Full Color Scanning to E-mail, FTP Server, network folder, USB memory or desktop
- ◆ Front USB port for easy scan to USB memory or printing from USB
- ◆ Dimensions 17" x 22 1/2" x 18 1/2" - (fully configured)

MX-C312 Networked Digital A4 Color Copier

Sharp combines the simplicity and convenience of network printers with the multi-tasking productivity of color MFPs to achieve the best of both worlds. The MX-C312 is an exciting example of the Sharp® Frontier Series, bringing brilliant color output closer to your workgroup with hybrid design that has a small footprint to fit into environments others won't, yet isn't small on functionality. The large 7" diagonal color touch-screen simplifies operation by providing an intuitive user interface to keep ahead of today's fast-paced office document distribution needs. Incorporating next-generation common controller architecture, the Frontier Series provides uniform functionality and operability as found in Sharp's award-winning MFP product line. Engineered to help reduce operating costs and downtime, the MX-C312 is easier than ever to set up, monitor, and maintain. Offers modular expandability, remote-access capabilities, and a value-added approach to network and software integration.

Features at a glance

- ◆ Vivid color and crisp black-and-white at speeds up to 31 pages per minute
- ◆ Paper capacity maximum: 2,100 sheets
 - Standard 500 sheet paper drawer and 100 sheet bypass tray
 - Optional: up to 3 additional 500 sheet paper drawers
- ◆ Large 7" diagonal high resolution, wide-screen color touch display with intuitive graphical user interface that makes advanced copying, printing, scanning and faxing functions easy to use.
- ◆ Powerful 800 MHz controller for true multi-tasking performance.
- ◆ Direct USB scanning and printing provides a whole new level of convenience.
- ◆ Powerful ImageSEND™ technology securely scans documents to up to seven destinations, including: USB devices, network folders, email, fax machines and desktop PCs, at speeds up to 35 images per minute.
- ◆ Easy to use Document Filing System provides high-capacity 38 GB of hard drive space for fast document storage and retrieval, with thumbnail view and image preview modes that allow users to easily locate, identify and retrieve files.
- ◆ PCL® 5c/PCL 6/Postscript® 3 network printing
- ◆ Third-generation Sharp OSA development platform enables users to access network applications directly from the device's touch-panel display, helping to reduce redundancy and streamline workflow.
- ◆ Cutting-edge Sharp Remote Front Panel feature allows administrators and helpdesk professionals to access and control the device from a remote PC workstation.
- ◆ Environmentally-friendly in design, engineering and manufacturing
- ◆ Power consumption is among the lowest in its class. Complies with the EnergyStar™ Program and the RoHS program to minimize energy consumption and the use of chemicals and materials that can harm the environment.
- ◆ Dimensions 22-3/64" x 17 x-1/4" x 28-7/64"
(Measurements for base model without Stand)

MX-B402SC Scan Centric Networked Digital A4 Copier

Sharp combines the simplicity and convenience of network printers with the multi-tasking productivity of Scan Centric MFPs. Designed to address the diverse scanning needs for workflow-oriented environments, the MX-B402SC Frontier model is equipped with an impressive array of advanced features and functionality with a small footprint to fit into environments others won't. Scan² Technology increases speed and reliability by scanning both sides of the document in a single pass with a multi-media document feeder with an even greater feeding capacity of 100 sheets. The large 7" wide-screen color touch-panel and retractable keyboard simplifies operation by providing an intuitive user interface to keep ahead of today's fast-paced office document distribution needs. Engineered to help reduce operating costs and downtime. This model offers modular expandability, remote-access capabilities, and a value-added approach to network and software integration. It also offers Sharp's award-winning SHARP OSA[®] platform and the optional industry-leading Sharp security suite to help protect data and control access.

Features at a glance

- ◆ Crisp black-and-white prints at speeds up to 40 pages per minute; color scanning up to 50 images per minute
- ◆ Paper capacity maximum: 2,100 sheets
 - Standard 500 sheet paper drawer and 100 sheet bypass tray
 - Optional: up to 3 additional 500 sheet paper drawers
- ◆ Large 7" high resolution, wide-screen color touch display with intuitive graphical user interface that makes advanced copying, printing, scanning and faxing functions easy to use
- ◆ Powerful 800 MHz controller for true multi-tasking performance
- ◆ Standard 100 sheet Scan² dual-sided single pass feeder supports full-color scanning and minimizes misfeeds
- ◆ Lower Cost Per Copy and Total Cost of Ownership
- ◆ The refillable developer system helps lower cost per copy and increase environmental sustainability
- ◆ Direct USB scanning and printing provides a whole new level of convenience
- ◆ Powerful ImageSEND[™] technology securely scans documents in color or monochrome to up to seven destinations, including: USB devices, network folders, email, fax machines and desktop PCs, at speeds up to 50 images per minute
- ◆ Easy to use Document Filing System provides high-capacity 50 GB of hard drive space for fast document storage and retrieval, with thumbnail view and image preview modes that allow users to easily locate, identify and retrieve files
- ◆ PCL[®] 5e/PCL 6/Postscript[®] 3 network printing
- ◆ Third-generation Sharp OSA Communication and External Accounting modules are standard and enable users to access network applications directly from the device's touch-panel display, helping to reduce redundancy and streamline workflow
- ◆ Cutting-edge Sharp Remote Front Panel feature allows administrators and helpdesk professionals to access and control the device from a remote PC workstation
- ◆ Environmentally-friendly in design, engineering and manufacturing
- ◆ Dimensions 22-3/64" x 21 1/16" x 31-3/64"
(Measurements for base model without Stand)

HEIGHTENED SECURITY ENSURES CONFIDENTIALITY

Sharp's industry-leading document and device protection ensures confidentiality and safeguards your assets.

As MFPs and printers become a part of an organization's integrated document workflows and business processes, security becomes a serious concern. Securely managing business and user data is critical for corporations to be successful but that can add greater complexity as they are associated with various sources and formats.

Sharp helps IT managers minimize such concerns and optimize security management by providing integrated security features.

Data and Information Security

Standard MFP security coupled with the optional Data Security Kit (DSK) protects and controls the major MFP systems and subsystems (print, copy, scan, fax jobs, network settings, memory components, local user interface). The Sharp data encryption method uses the Advanced Encryption Standard (AES) algorithm 256* bit on all data before it is written to RAM and the hard disk drive. It also provides overwriting routines for deleted data to ensure that all information is virtually irretrievable by unauthorized users.

MEETING SECURITY STANDARDS AND CERTIFICATIONS

Security for Private Sector and Corporate Organizations

Sharp MFPs provide robust, complete control over information access, transmission and tracking to facilitate compliance with stringent mandates. By implementing the Sharp Security Suite, Sharp MFPs can help banks and investment institutions meet the privacy requirements of the Gramm-Leach-Bliley (GLB) Act. Insurance and healthcare providers can maintain Health Insurance Portability and Accountability Act (HIPAA) compliance with confidence. Businesses across all industries will benefit from the strict controls over financial information required under the Sarbanes-Oxley (SOX) Act.

Security for Public Sector and Government Organizations

Threats to government infrastructure are rapidly growing and the number of attacks continue to rise. On one hand, information sharing is critical for the efficiency of these organizations. On the other hand, security management is becoming more challenging for IT managers. Sharp can help your organization meet US government information security requirements through ISO 15408/Common Criteria certifications or features such as Common Access Card (CAC)/ Personal Identity Verification (PIV) authentication to maintain security clearance to protect classified data.

Protect Your Data

As the leader in office equipment security, Sharp makes it easy for any business or government entity to safely deploy and facilitate secure printed documents.

* Encryption level is varies per model.

ENVIRONMENTAL CONSERVATION

Sharp's ongoing commitment and dedication to developing eco-friendly document systems set a high standard for the industry

An Environmentally Responsible Approach to Product Design

Our document systems utilize Sharp's advanced micro-fine toner technology, which offers a lower consumption rate and produces less waste, resulting in longer replacement intervals. Sharp supplies are packaged using fully recyclable materials. Long-life consumable parts help minimize service intervals and downtime, resulting in lower operating costs. Energy-saving modes allow power to be reduced or shut off at set intervals. And, Sharp document systems are RoHS compliant to meet the latest green initiatives.

Special Recognition for Energy Efficient Product Design

In 2014, Sharp received special recognition by the US Environmental Protection Agency (EPA) for Energy Efficient Product Design. Sharp is recognized for its participation in providing valuable insight and information in ENERGY STAR®'s specification revision process and by demonstrating creativity in helping the EPA address and resolve technical challenges to build robust specifications.

Sharp Business Products are EPEAT® Certified

EPEAT (Electronic Product Environmental Assessment Tool) is a 3rd party global rating system for greener electronics that requires ongoing independent verification of manufacturer claims. Businesses, government agencies, schools, hospitals and other institutions are using EPEAT as the environmental benchmark to help them make informed purchasing decisions. By using EPEAT standards to purchase greener electronics, you will be assuring your organization's environmental sustainability goals and help to preserve our natural resources.

Sharp's Environmental Leadership

As a testament to our commitment to the environment, Sharp was a former recipient of the Excellence in Partnership Green Contractor Award and the Evergreen Award from the U.S. Government's General Services Administration and the Coalition for Government Procurement.

Sharp's commitment to the environment sets a high standard for the industry.

The **Green Contractor Award** recognizes contractors that have made the best overall commitment to the environment by offering environmentally friendly products and services or adhering to environmentally sound manufacturing procedures.

The **Evergreen Award** identifies environmentally-friendly businesses and their efforts in recycling and waste reduction practices. Please visit www.sharppusa.com/environment to learn more about our environmental leadership.

Toner Recycling Program

As part of our commitment to preserving the environment, Sharp has partnered with a zero waste to landfill recycler for recycling all Sharp consumables including cartridges, bottles, waste collection containers and drum units. Customers can participate in Sharp's free Stop, Drop, Recycle Program by visiting our website: www.sharppusa.com/recycle.
