Optimize™

3. Add STORAGE

Optimize offers a variety of hardworking storage options to fit different workstyles, from overhead bins and mobile pedestals to lateral files and personal towers.

2. Choose WORKSURFACES

A number of worksurface shapes and sizes help you configure workstations for every space in the office. Complement that with Allsteel tables when you need to create productive teaming areas and conference rooms.

1. Select PANELS

Optimize panels are available in a variety of heights and widths with a wide selection of fabrics, so you can decide how you want to divide space and control privacy.

Workstations made easier.

Whether you're outfitting a call center, creating teaming areas, replacing a reception desk, or adding new stations for managers, Allsteel can help you make the most of your office with Optimize. By bringing together panels, worksurfaces, and storage in one cohesive offering, we've made it easy for you to create efficient, well-designed spaces. All you have to do is configure these quality components to fit the needs of everyone in your office. Let us show you how.

Optimize makes a good first impression.

In areas open to the public, choose panels, worksurfaces, and storage to define space and keep projects organized. In this reception/shared workspace, a transaction countertop welcomes guests and worksurfaces below provide ample space for computers and paperwork. Overhead bins with doors and a storage tower minimize clutter, while personal files with open storage keep work within reach. A lower dividing panel provides privacy without disrupting communication among workers.

6' X 7' WORKSTATIONS

Panel fabric: Appoint Walnut, Tango Tequila **Laminate and edge:** Columbian Walnut **Paint:** Muslin
Seating upholstery: Chatterbox Mineral **Frame finish:** Black

Reception/Teaming

U-Shaped Reception

L-Shaped Reception

We help you put it all together.

An open configuration with lower panels is perfect for people who perform the same function and need to share information throughout the day. This call center arrangement utilizes tool rails and monitor arms to keep items off the desktop. The integrated D-shaped worksurface makes it easy for workers to come together to collaborate and then quickly return to their personal work areas.

3' X 6' WORKSTATIONS

Panel fabric: Appoint Artichoke, Appoint Tumeric **Laminate (edge):** Sheer Mesh (Muslin)
Paint: Brilliant White, Platinum Metallic **Seating upholstery:** Appoint Seating Bronze
Mesh carrier and mesh: Black **Frame finish:** Black

Semi-Private

Open Benching

120° Typical

Make the most of your space.

For people who handle sensitive information or need to concentrate on heads-down work, higher panels are the right solution. Optimize panels offer glass stackers, so workstations get the benefit of natural light. These 6' x 6' setups offer tackable panels and open storage above to keep items off the worksurface, and pedestals below to keep work accessible.

6' X 6' WORKSTATIONS

Panel fabric: Reflections Moonstone Glass: Clear Laminate (edge): Frosty White (White)
Paint: Brilliant White, Champagne Metallic Seating upholstery: Appoint Seating Turquoise
Mesh carrier and mesh: Black Frame finish: Black

L-Shaped with Personal File

As work changes, Optimize changes with you.

Optimize helps workers adjust workstyles throughout the day, from concentrated work to team brainstorming. In this team area, each person has ample privacy and storage with overhead bins, as well as a spacious worksurface for individual tasks. When it's time to collaborate, a table within the workspace and mobile pedestals that double as seating make it easy to come together. A conference table creates an adjacent teaming area for spontaneous group meetings.

6' X 6' WORKSTATIONS

Panel fabric: Etch Engrave Laminate and edge: Beigewood, Loft Paint: Loft, Platinum Metallic, Silver
Seating upholstery: Burst Slate, Perennial Lilium Mesh carrier and mesh: Black Frame finish: Black

Teaming with Personal Towers

Teaming with Shared Worksurface

Teaming/Conferencing

Creating more or less privacy is easy.

With Optimize panels, worksurfaces, and storage, you can create manager stations that feel like private offices. In this configuration, higher panels promote privacy along the aisle while frameless glass brings natural light into the space. Plenty of enclosed, lockable storage holds sensitive information. A U-shaped worksurface arrangement creates a natural conference area to accommodate conversations with team members.

8' X 10' WORKSTATION

Panel fabric: Refuge Frost **Glass:** Clear **Laminate and edge:** Columbian Walnut **Paint:** Gunmetal Metallic
Seating upholstery: Perennial Bellflower **Mesh carrier (mesh):** Charblack (Carbon)
Veneer: Burnished Cherry **Frame finish:** Charblack

Optimize offers everything you need to create workspaces for everyone in your office.

It's from Allsteel, so you know it's built to last, easy to install and reconfigure, and backed by Allsteel's Lifetime Warranty.

Frameless Glass Stackers

Provides division within the workspace while still allowing light to shine through. Available in clear or frosted glass and in 7½" and 15" heights.

Variable-Height Panels

Optimize panels can be configured using varying heights, offering an appealing aesthetic that creates a softer, more open look.

Integrating work tools on the panel helps the space work even harder and keeps the worksurface clear.

Framed Glass Stackers

Add glass inserts to high panels to create privacy filled with natural light. Available in clear or frosted glass and in 15" and 30" heights.

72" Wide Panel

Our unique wide-panel design creates a clean, uncluttered aesthetic without panel seams.

Optimize Statement of Line

PANELS

Panel heights: 35", 42½", 50", and 65" Panel widths: 24", 30", 36", 42", 48", 60", and 72"
