State[®] Industrial Products

Glass Cleaner

SOLUTION 1

Application equipment:

EFFECTIVELY CLEANS

Ecolution Pro Glass Cleaner is formulated without ammonia, solvents or fragrances. It will cut through common dirt, grime, grease, smoke film, oil, fingerprints and chemical surface film. Glass surfaces instantly become streak-free and sparkling clean.

FAST AND EASY TO USE

Simply spray on and wipe off or use in a bucket/squeegee procedure. Ecolution Pro Glass Cleaner penetrates surface film immediately, holding the particles in suspension away from the surface. A quick wipe with a cloth or squeegee removes suspended grime, leaving no unsightly deposits and no sticky film. The surface regains its original protective characteristics.

CONCENTRATED FOR ECONOMY

The concentrated super-strength formula ensures thorough cleaning. After dilution, Ecolution Pro Glass Cleaner is applied directly with State's Quart Trigger sprayer.

SPOTLESS CLEANING OF WINDOWS, MIRRORS, AND GLASS SURFACES

Ecolution Pro Glass Cleaner can be used on glass, windows, mirrors, display glass, automotive glass, and any other glass surface.

CERTIFICATION

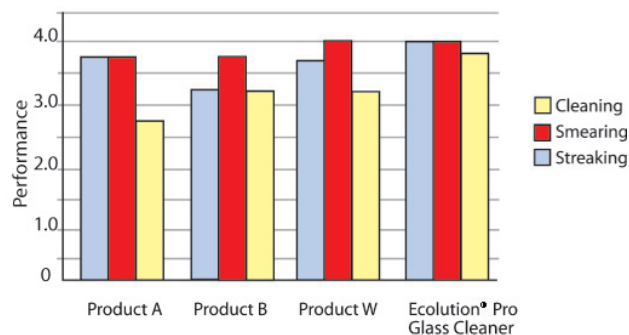

This product meets the Green Seal[™] standard for industrial and institutional cleaners based on its reduced human and environmental toxicity and reduced volatile organic compound content. Meets the stringent GS-37 requirements needed for Green Seal certification.

PERFORMANCE

Ecolution Pro Glass Cleaner was compared to other window and glass cleaners, including the accepted industry standard. Testing was conducted using CSMA DCC09 that evaluates cleaning, smearing and streaking performance. Ecolution Pro Glass Cleaner outperformed them all.

Care For Work Environments[®]

Ecolution^{Pro} Glass Cleaner

DIRECTIONS FOR USE

Dilutes for economical and user-safe cleaning. State's concentrated Ecolution Pro Glass Cleaner can be diluted to meet your specific needs. Several dilution ratios are available. The One Solution™ dispensers assure accurate dispensing for optimum cost control, product performance, and worker safety.

For normal duty cleaning: 8 ounces (1:16) of Ecolution Pro Glass Cleaner per one gallon of cold tap water. Spray onto surface and then wipe with a clean cloth.

For heavy duty cleaning: 16 ounces (1:8) of Ecolution Pro Glass Cleaner per one gallon of cold tap water. Spray onto surface and then wipe with a clean cloth.

For bucket and squeegee cleaning: Dilute as instructed above, apply to surface with sponge or brush and squeegee off.

Please review label and MSDS for all product directions, precautions and first aid information.

Improper use or dilution may result in increased residue and/or dull the surface, and may increase the risk of health effects. Use product in accordance with prescribed use dilutions. Dispose of unused product in accordance with Federal, State and Local regulations. Empty containers can be recycled.

TECHNICAL DATA

APPEARANCE: Clear blue liquid
ODOR: Neutral, no fragrance added
WEIGHT PER GALLON: 8.42 lbs/gal
pH: (diluted) 7.0 - 8.0
FORMULATION: Proprietary detergent system
NON-SMEARING: Yes
RESIDUE: Leaves no sticky film
SURFACE DIRT PENETRATION: Excellent

GLOSS ENHANCEMENT: Excellent
CLEANING ABILITY: Excellent
FREEZE-THAW STABILITY: Passed standard test
STORAGE STABILITY: Minimum one year
SILICONE: None present
DIRT SUSPENSION PROPERTIES: Excellent
FLASH POINT: >200°F by TCC
VOC CONTENT: < 1%
