Bathroom & Bowl Cleaner

SOLUTION¹

Application equipment:

CLEANS THE EASY WAY

Ecolution Pro Bathroom & Bowl Cleaner puts an end to tire-some, hard scrubbing of large, tiled surfaces. Simply dilute Ecolution Pro Bathroom & Bowl Cleaner and apply it with a foam trigger sprayer or the One Solution™ Smart Foamer. It's an unbeatable combination—power plus economy.

BLASTS AWAY SOIL

Ecolution Pro Bathroom & Bowl Cleaner's non-scrub action actually foams away even the most stubborn soap scum, hard water deposits, dirt, film and residue. It eliminates time-consuming hand scrubbing, saving labor costs.

WATCH FOAM GO TO WORK

Bubbling foam penetrates into surface pores to lift out embedded soil. Then, Ecolution Pro Bathroom & Bowl Cleaner holds soil in suspension for easy removal. Just rinse it off.

CLINGS AND CLEANS LONGER

The secret to Ecolution Pro Bathroom & Bowl Cleaner's effective cleaning action is a thick, supercharged foam that clings wherever it's sprayed. Other cleaners can thin out and run away, requiring repeated, money-wasting applications. Its dense foam provides full-strength cleaning power from start to finish.

TWO-WAY ECONOMY

First, Ecolution Pro Bathroom & Bowl Cleaner comes in concentrated strength. It's as strong as you want it to be, depending on the dilution ratio used. Second, its foam is actually 90% air. Even a small volume of liquid creates a rich wave of foam that sweeps away soil.

NO SCRATCHING ABRASIVES

Non-abrasive formula will not damage surfaces, unlike traditional toilet bowl cleaners which can make grouting turn porous and can strip away chrome. It's safe on plastic, fiberglass, chrome and normal grouting. (Ecolution Pro Bathroom & Bowl Cleaner is a heavy-duty product and is not recommended for polished aluminum, colored grouting or marble.)

CERTIFICATION

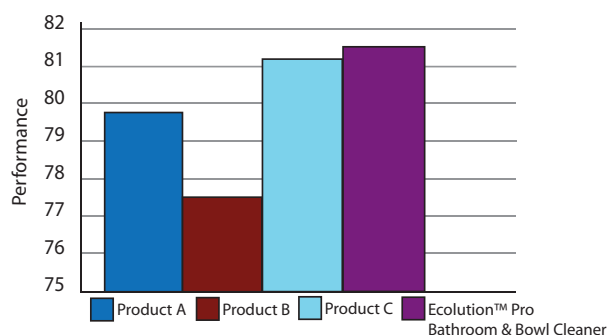

This product meets the Green Seal™ standard for industrial and institutional cleaners based on its reduced human and environmental toxicity and reduced volatile organic compound content. Meets the stringent GS-37 requirements needed for Green Seal certification.

PERFORMANCE

Ecolution Pro Bathroom & Bowl Cleaner was compared to other popular bathroom cleaners. Testing was conducted using ASTM D 5343, Gardner Scrub Test. Ecolution Pro Bathroom & Bowl Cleaner performed significantly better than its non-green counterparts.

Care For Work Environments[®]

Bathroom & Bowl Cleaner

DIRECTIONS FOR USE

1. Adjust cleaning strength to the job:

For daily cleaning: Dilute Ecolution Pro Bathroom & Bowl Cleaner 4 ounces (1:32) to one gallon of cold tap water to clean sinks, showers, tubs, toilets, tile, porcelain, drinking fountains, grout and metal fixtures.

For cleaning and deodorizing toilet bowls: Dilute 8 ounces (1:16) of Ecolution Pro Bathroom & Bowl Cleaner to one gallon of cold tap water.

For heavy duty cleaning: Dilute 16 ounces (1:8) of Ecolution Pro Bathroom & Bowl Cleaner to one gallon of cold tap water and clean as necessary.

2. Use a foam trigger sprayer or the One Solution™ Smart Foamer to apply Ecolution Bathroom & Bowl Cleaner onto surface.

3. Let foam penetrate and loosen soil for 5–10 minutes before rinsing.

4. On extremely soiled areas, brush in the foam. Once a surface has been returned to normal maintenance conditions, simply rinse and wipe off.

5. Always rinse thoroughly with clear cold water after applying.

NOTE: For food plant use surfaces: Must be thoroughly rinsed with potable water before re-use.

NOTE: Do not use on polished aluminum, marble, or special colored grout. Always pretest on small hidden area before using the product to be sure the surface will not be affected. Ecolution Pro Bathroom & Bowl Cleaner may etch some old sinks and tubs.

VERSATILE

Let Ecolution Pro Bathroom & Bowl Cleaner do the work on and around:

Shower rooms	Tubs	Toilets/Urinals	Shower stalls	Sinks	Restrooms
Swimming pools	Steam baths	Water fountains	Locker rooms	Wash stations	

Please review label and MSDS for all product directions, precautions and first aid information.

Improper use or dilution may result in increased residue and/or dull the surface, and may increase the risk of health effects. Use product in accordance with prescribed use dilutions. Dispose of unused product in accordance with Federal, State and Local regulations. Empty containers can be recycled.

TECHNICAL DATA

APPEARANCE: Clear purple liquid

ODOR: Neutral, no fragrance added

WEIGHT PER GALLON: 8.8 lbs/gal

PRODUCT TYPE: Acidic Cleaner

pH: > 2.0 < 5.0 (diluted)

MURIATIC ACID PRESENT: None

NITRIC ACID PRESENT: None

SURFACTANT PRESENT: Yes

SHELF LIFE: Minimum one year

FOAM GENERATION: Excellent

VOC CONTENT: < 1%

PHOSPHATE CONTENT: None

Stock # 115910

Case/4x3 Liters

Stock # 115911

Printed on recycled paper with soy-based ink.
