All Purpose Cleaner

SAFE ON FLOOR FINISHES (and other washable surfaces)

Ecolution Pro All Purpose Cleaner is formulated for use on finished floor surfaces. It is powerful enough to cut through and loosen dirt and built-up soil, yet gentle enough to be used on the most sensitive floor surfaces.

Ecolution Pro All Purpose Cleaner will not attack, yellow or dissolve floor finishes. It is strong enough to clean any surface not harmed by water and mild enough to use on painted surfaces.

EASILY RINSED

Ecolution Pro All Purpose Cleaner requires no involved rinsing methods. Simply dilute as directed and apply Ecolution Pro All Purpose Cleaner to a surface, let the chemical action do most of the work—and pick up with a clean damp mop or rag. Ecolution Pro All Purpose Cleaner leaves no soap film to dull finishes.

BETTER FOR THE ENVIRONMENT

Ecolution Pro All Purpose Cleaner is a biodegradable concentrate and is VOC compliant. It is formulated without harsh soaps, acids, alkalies, ammonia or fragrance.

ECONOMICAL

A small amount of Ecolution Pro All Purpose Cleaner (1 to 4 ounces per gallon of cold water depending on condition of surface) is all that's required for all your cleaning needs.

Application equipment:

HEAVY DUTY CLEANING

At 4 oz. per gallon of cold water, Ecolution Pro All Purpose Cleaner can be used to clean brick and cement walls, kitchen stove canopies and hoods.

CERTIFICATION

This product meets the Green Seal™ standard for industrial and institutional cleaners based on its reduced human and environmental toxicity and reduced volatile organic compound content. Meets the stringent GS-37 requirements needed for Green Seal certification.

PERFORMANCE

Ecolution Pro All Purpose Cleaner was compared to other popular all purpose cleaners. Testing was conducted using ASTM D 4488, Gardner Scrub Test. Ecolution Pro All Purpose Cleaner performed significantly better than its non-green counterparts.

All Purpose Cleaner

DIRECTIONS FOR USE

Dilutes for economical and safe cleaning. Ecolution Pro All Purpose Cleaner can be diluted to meet your specific needs. Several dilution ratios are available. The One Solution™ dispensers assure accurate dispensing for optimum cost control, product performance, and worker safety.

For damp mopping: Dilute 1 oz. (1:128) to a gallon of cold tap water. Apply to surface and clean with a damp mop or rag.

For routine cleaning: Dilute 2 oz. (1:64) to a gallon of cold tap water. Apply to surface and clean with a damp cloth as necessary.

For heavy cleaning: Dilute 4 oz. (1:32) to a gallon of cold tap water. Apply to surface and agitate with a brush or cloth.

For spot cleaning: Dilute 3 oz. (1:42) to a gallon of cold tap water. Apply to surface and agitate with a brush or cloth.

All food surfaces must be thoroughly rinsed with potable water after treatment with this product.

Please review label and MSDS for all product directions, precautions and first aid information.

Improper use or dilution may result in increased residue and/or dull the surface, and may increase the risk of health effects. Use product in accordance with prescribed use dilutions. Dispose of unused product in accordance with Federal, State and Local regulations. Empty containers can be recycled.

TECHNICAL DATA

APPEARANCE: Clear reddish-pink liquid

ODOR: Mild-no fragrance added

DENSITY: 8.42 lb/gal

VOC CONTENT: < 1%

AQUATIC TOXICITY: Not toxic; LC₅₀ ≥ 100mg/L

pH: (diluted) 6.8 - 7.8

RINSABILITY: Excellent

DETERGENCY: Excellent

SOIL SUSPENSION: Excellent

STABILITY: Not harmed by freezing

DILUTION: Completely solubilize in water at use dilutions

FLASH POINT: None to boiling

Nonfood Compounds
