Care for Work Environments®

# Jonade

**Engineered to be the best in the world!**

## ENGINEERED TO BE THE BEST

Customer loyalty has proven Jonade is a winner. Jonade now contain SE-500™ for better odor control! SE-500™ in Jonade results in an 80% reduction in odors!

## DRAINAGE PORTS FOR OPTIMUM WATER FLOW

In order to maximize Jonade's efficiency, special attention was paid to the size, number and placement of the drainage ports. That attention to detail assures water flow is at peak efficiency - high enough for maximum cleaning and deodorizing power, and low enough for maximum lasting power.

## SELECT YOUR FAVORITE FRAGRANCE

In order to please all of our customers, we offer Jonade in two distinctive fragrances - the original fresh scent of Jonade Blue, and Morning Fresh™. Jonade constantly releases its fragrance to help ensure a pleasant environment.

## WATER ACTIVATED

FLO-MATIC cleaning power activates only when contacted by water. Eliminates costly units that evaporate constantly, even when the building is empty.

## THE BIGGEST BLOCK IN THE BUSINESS

Jonade's generous size makes it an unbeatable value. Each Jonade brims with five ounces of cleaning and deodorizing muscle.

## STOPS ODORS AT THE SOURCE

Exclusive blend of penetrants and surfactants actually helps clean the bowl between scrubbing, dissolving crusty uric acid salts, mineral deposits and hard water scale which can accumulate foul odors. Jonade's formula continues its cleaning action as it flows through drain pipes.

Contains no paradichlorobenzene.

## DIRECTIONS FOR USE

1. Simply clip Jonade to the rim of the toilet bowl.
2. The contour basket will fit snugly against the inside of the bowl to ensure sufficient water contact with each flush.
3. Jonade works with each flush to provide FLO-MATIC cleaning action.
4. After Jonade is used, discard entire basket and replace with new one.

**NOTE:** Store Jonade in a cool, dry place. For best results, clean toilet bowls thoroughly with State Mint Action before using.

## TECHNICAL DATA

APPEARANCE:	Pink and Blue solid
ODOR:	Morning Fresh™ and Berry fragrances
FLASH POINT:	None to boiling point
SURFACTANTS:	Present
PENETRANTS:	Present
