

AIR CARE *Solutions*

Kontrol[®] Odor Eliminator & Air Freshener

- Versatile odor eliminator & air freshener
- Use anywhere malodors exists
- Concentrated for cost-effective use
- Multiple fragrances & packaging options

CARE FOR WORK ENVIRONMENTS[®]

Kontrol®

Odor Eliminator & Air Freshener

TOUGH DEODORIZING ACTION

Kontrol® is a powerful liquid deodorizer that overpowers tough odors including stale organic matter, smoke, decomposition, urine, vomit, mildew, garbage waste, and more. Kontrol penetrates the source of malodors and replaces it with a fresh fragrance.

SE-500™ ODOR ELIMINATING TECHNOLOGY

Kontrol contains State's patented SE-500 odor neutralizing additive which eliminates and neutralizes odors rather than just masking them like competitive products. SE-500 penetrates deep down into fabrics, carpet, and upholstery where trapped odors linger and eliminates them for good!

ECONOMICAL

Kontrol is super concentrated which means only a few sprays are needed to eliminate foul odors and leave areas smelling fresher. Kontrol can be applied straight or diluted with water to create a powerful odor eliminator for pennies on the dollar!

VERSATILE

Kontrol can be used anywhere malodors exist: Its neutral pH, water-based formula is generally safe on most surfaces and fabrics. Kontrol can be applied in a variety of methods including spray bottle, mechanical foggers, and misting system such as State's Fogmaster Jr.

DIRECTIONS FOR USE

Apply Kontrol directly on or around malodors. For heavy-duty odors, spray concentrate undiluted or mix with water per instructions below. Kontrol can be applied using a spray bottle, mechanical fogger, or misting system such as State's Fogmaster Jr.

Note: Do not use through a heat or thermal fogger. Before spraying on carpets or fabrics, test on an inconspicuous area.

DILUTION INSTRUCTIONS

- Carpet Shampooing: Add 1-2 ounces of Kontrol in 1 gallon of diluted carpet cleaner.
- Garbage Compactors: Dilute Kontrol 1:21 (6 ozs./gallon) and spray directly into and around compactor.
- General Odor Control: Dilute Kontrol 1:64 (2 ozs./gallon) and spray or mist into air and directly onto odors.

Please review label and SDS for all product directions, precautions and first aid information.

TECHINCAL DATA

APPEARANCE: Clear or colored liquid

pH: 7.5 +/- 0.5

STABILITY: Minimum one year
