

FIX[®]

“Terg-O-Cide in a Can” Foaming Aerosol Cleans, Disinfects and Deodorizes

Broad Spectrum Protection

When used as directed on hard, non-porous, inanimate surfaces State FIX eliminates:

- HIV-1 (Associated with AIDS)
- Staphylococcus aureus, which can cause boils, abscesses, impetigo and wound “staph” infection
- Salmonella choleraesuis, which can cause diarrhea, cramps and vomiting
- Pseudomonas aeruginosa, which can cause surgical infection
- Trichophyton mentagrophytes, which can cause athlete’s foot
- Mold and mildew

Foaming Action

Watch FIX foam burst into action. Attacks and destroys germs and viruses as proven by laboratory tests. Demolishes dirt and odor. And the dense blanket of foam provides more coverage with its expanded volume. Extra coverage means extra efficiency.

Extended Contact Time

FIX foam clings tightly to surfaces, stays in contact longer. Even after other products dribble down the drain, FIX stays on the job. During this extended contact time, FIX eliminates the viruses and germs that others allow to escape. No one can afford to pass up this broad spectrum of protection.

Deodorizes

Pleasant aroma emphasizes that areas are refreshingly protected. Double freshness comes from added antibacterial agents that kill odor-producing organisms.

Brings Back the Sparkle

Full-strength cleaning power strips away soap scum, oil and grease. Sequestering agents, wetting agents and dirt-busting yet biodegradable surfactants team up to cut through soil.

Easy To Use

Carry FIX aerosol convenience anywhere. No measuring or mixing. Just spray on, wipe off!

Saves Time, Saves Money

With 3-way action, FIX cleans, disinfects and deodorizes. It costs no more to disinfect while you clean. FIX is one product that does the work of three.

Care For Work Environments[®]

“Terg-O-Cide in a Can”

Foaming Aerosol Cleans, Disinfects and Deodorizes

Directions for Use:

When used as directed, this product, demonstrates effective disinfection against Staphylococcus aureus, Salmonella choleraesuis, and Pseudomonas aeruginosa, thus meeting AOAC Use Dilution Test requirements for hospital disinfectant. Efficacy tests have demonstrated that this product is an effective one-step cleaner disinfectant in the presence of organic soil (5% blood serum).

Meets AOAC Use Dilution Test Requirement for hospital disinfectant. Kills Trichophyton mentagrophytes, the cause of Athlete's foot fungus, on hard, non-porous surfaces found in bathrooms.

This product is fungicidal against Pathogenic fungi (T. mentagrophytes) when used as directed on hard surfaces found in the bathroom, shower stall and locker room, or other clean, hard, non-porous surfaces commonly contacted by bare feet.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DISINFECTION, DEODORIZATION, AND CLEANING:

When disinfecting food contact surfaces such as kitchen counters, tables, plastic cutting boards, appliances, you must thoroughly rinse the surfaces with potable water. This product must not be used to clean/disinfect utensils, glasses, dishes, and cookware.

1. SHAKE CAN WELL BEFORE AND DURING USE.
2. Holding can 6 to 8 inches from surface, spray area until it is covered with a white foam. To disinfect, allow foam to penetrate and remain wet for 10 minutes. To clean surface only, wipe foam away after 1 - 2 minutes.
3. Wipe with wet cloth or sponge.
4. For heavily soiled areas, remove excess soil before treatment.

Note: This product features an adjustable spray-anyway tip. May be sprayed upside down or from most angles. For best results, check that arrow on tip is turned to mark on rim before spraying.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

MILDEWSTAT: To control mold and mildew on precleaned hard non-porous surfaces such as floors, walls, table tops, spray the surfaces to be treated. Make sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.

KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES AND OBJECTS PREVIOUSLY SOILED WITH BLOOD OR BODY FLUIDS in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surface or object with blood or body fluids, and in which the surfaces and objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV ON SURFACES AND OBJECTS SOILED WITH BLOOD OR BODY FLUIDS:

PERSONAL PROTECTION: Specific barrier protection items to be used when handling items soiled with blood or body fluids are disposable latex gloves, gowns, masks or eye coverings.

CLEANING PROCEDURE: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of the disinfectant.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to federal, state, and local regulations for infectious waste disposal.

CONTACT TIME: Leave surface wet for ten minutes.

STORAGE AND DISPOSAL DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL

Pesticide Storage: Store in a cool, dry area away from heat or open flame.

Container Disposal: Do not reuse empty container. This container may be recycled in the few but growing numbers of communities, where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (DO NOT PUNCTURE!) If recycling is not available, wrap container and discard in the trash. Open dumping is prohibited.

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact on the eyes, skin, or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

IF SWALLOWED:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120° F may cause bursting.

Technical Data:

APPEARANCE: White to pale yellow foam

ODOR: Citrus

SPRAY TYPE: Foam

DISINFECTANT TYPE: Quaternary Ammonium compounds

ACTIVE INGREDIENTS:

n-Alkyl (60%C14, 30%16, 5%C12, 5%C18) dimethyl benzyl ammonium chlorides at 0.1%

n-Alkyl (68%C12, 32%C14) dimethyl ethylbenzyl ammonium chlorides at 0.1%

EFFECTIVE AGAINST HIV-1: Yes

EFFECTIVE AGAINST THE FOLLOWING MICROORGANISMS:

Staphylococcus aureus, Salmonella choleraesuis, Pseudomonas aeruginosa, Trichophyton mentagrophytes, mold and mildew

HOSPITAL USE: FIX meets the requirements for hospital use.

DILUTION RATIO: No diluting. This product is ready-to-use.

BENEFITS: Disinfects . . . Deodorizes . . . Cleans. Foaming product clings to vertical surfaces making it more efficient and more effective than nonfoaming disinfectants.

NET WEIGHT: 18 oz. per can

SHELF STABILITY: Minimum one year

AUTHORIZATIONS: EPA Reg. No. 10900-57-70799
