Section 3 also requires, to the greatest extent feasible, that contracts for work in connection with the project be awarded to Section 3 eligible business concerns.

All proposals must be submitted in a sealed envelope and marked with the following language: "**Proposal for CDBG Engineering Services.**" Proposals will be evaluated on the following factors: Qualifications (40 points), Experience (40 points), and Capacity for Performance (20 points). To be evaluated properly, the following must be addressed in detail: **Qualifications** - List of qualifications of persons to be assigned to project, **Experience** - Information regarding the firm's experience and the projects previously undertaken, **Capacity for Performance** - Identify the number and title of staff assigned to provide services.

The County will designate a selection committee to evaluate each proposal. The selection committee may hold proposals for a period of up to thirty (30) days for the purpose of reviewing and investigating the proposals' content. The County reserves the right to reject any and/or all proposals.

Subject to CDBG award(s) and the removal of all environmental conditions, the County will award a contract with the qualified individual or firm whose proposal has the highest number of cumulative points and determined to be the most advantageous to the County, price and other factors considered. The contract will include scope and extent of work and other essential requirements. An individual contract will be executed for each awarded project, and the contract will be on a fixed price basis in accordance with the established CDBG program fee scale. The County has the authority to terminate the selection at any time.
