

DEMAND BRILLIANCE.

LOADER POWERED WHEEL LOADER BOOM MOWER

Making the most out of everything you have is what we do at Diamond. We find smart ways to get a job done right by enhancing the resources you already own. At Diamond Mowers, we have a long history of powerful, Made-In-The-USA innovations and augmentations.

Our Loader Powered Wheel Loader Boom is the perfect example of a powerful addition to your toolbox.

Wheel Loader Boom Features:

- Increases asset utilization and enhances budgets
- Available in 23 ft. and 25 ft. booms
- Comes standard with actuator and joystick
- Elevated operator platform improves visibility
- Boom and loader reach combine to offer unmatched vertical capability

Wheel Loader Requirements

- Attaches to 25,000 lb. and larger loaders
- 40 - 50 GPM auxiliary flow
- 3,000+ PSI auxiliary pressure
- Hydrostatic Transmission

PRODUCING THE BEST

We started with a simple idea of making the best products possible. Every day we lean into the drill, we measure one more time, we scrutinize our process and ask ourselves how we can do more for you. Each day and in every way, we Demand Brilliance... just like you.

Demand Better. Demand Diamond.

WHEEL LOADER BOOM MOWER

LOADER POWERED - LEFT OR RIGHT.

This Wheel Loader Boom mower has no additional engine to maintain. Easily converted in 10 minutes or less in the field, you can trim tree branches, cut brush and grass and do it all from either the left or right hand side. Heads are available with dual trap doors in either a flail or rotary configuration.

Hydraulic Actuator comes standard:

- Longer life compared to horizontal swing cylinder
- Fully enclosed
- Fewer moving parts and easy to maintain
- Stronger than traditional pivot pin
- Break-away protection in both forward & reverse
- 180° range of motion versus 110° with traditional swing cylinder

AVAILABLE MOWER HEADS

50" and 60" Rotary Heads

- Cuts up to 8" diameter brush and trees
- Diamond exclusive Reinforcing Ring
- Proprietary Tri-Hex mulching disc provides greater inertia in tough conditions. **Our Tri-Hex disc is covered by an unprecedented 5-year warranty.**

44" and 50" HD Flail and 63" STD Flail Heads

**63" not available on 40 GPM configuration*

- 44" and 50" HD cut up to 6" diameter grass/brush
- 63" STD cuts up to 2" diameter grass/brush
- Protective bonnet for safer operation
- Flail knives less likely to propel objects

48" Saw Head & Ditcher Attachment also available.
