OFFICE ENVIRONMENT SOLUTIONS

## WE MAKE THINGS BETTER FOR YOU... AND THAT'S NICE

After more than 50 years in business, Groupe Lacasse has acquired an enviable reputation. Why? Because everything we do is all about you. How you feel about your office when you get there in the morning. How you feel about the work you do while you're there. Even how you feel when you leave at the end of the day. In fact, our commitment to you starts with our own commitment to quality, attention to detail, and design innovation. That means offering different office products from freestanding caseloads, storage, office seating to panel-based workplace solutions, priced to suit every budget, and along the way, earning honors like ISO 14001 and ISO 9001 certifications for our operations.

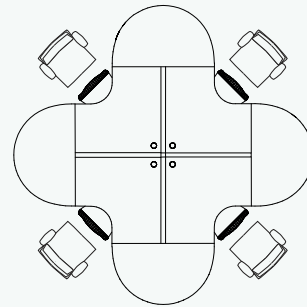

All this so we can make things better for you... Now that's nice.

## NICER FOR THE ENVIRONMENT

At Groupe Lacasse, we're committed to preserving natural resources and to ensuring our operations have the least possible impact on the environment. That's why we choose suppliers who support our efforts to reduce deforestation, and why the majority of our products are manufactured from particleboard made of 100% post-industrial recycled material. Plus, we recover the cuttings from all our activities, use sawdust for power cogeneration, and sort and recycle plastic, steel and aluminum.

We're also proud that all Groupe Lacasse products are GREENGUARD® certified. That means our customers can be sure our products won't affect the air quality of their working environments. And, as for architects, contractors and developers who use Nvision products, they benefit from our GREENGUARD® certification to earn points towards meeting LEED® standards.

To learn more about our sustainable development practices, visit [www.groupelacasse.com](http://www.groupelacasse.com).

NVISION PANELS: ANCHORAGE 51-4.  
ACCENTS: TR-R. LAMINATE FINISHES: G-SNO AND G-PCM.

## THE ULTIMATE WORK ENVIRONMENT SOLUTION MADE EASY

Creative, efficient, infinitely adaptable, and featuring gentle and handsome curves, Nvision makes it easy to create attractive and functional work environments. Easy to spec, easy to install, and easy on the budget, Nvision products meet stringent safety, stability, and environmental standards. Plus, built for life and backed by a limited lifetime warranty, they're also GREENGUARD® certified, which means they're a sensible, earth-friendly solution that also contributes to LEED® credits.

NVISION PANELS: KASURI 62-1. NVISION TACKBOARDS: ANCHORAGE 51-7.  
 FROSTED ACRYLIC PANELS: SK-1E. ACCENTS: TR-LE. LAMINATE FINISH: G-SNO.  
 UNITED CHAIR SAGGIO SEATING AND CUSHIONS FOR PEDESTALS: CREPE CPT89.

## INNOVATIVE WORKSPACES TO IMPROVE PERFORMANCE

Encouraging the kind of spontaneous interaction that turns individuals into team players, Nvision activates the office. The panel hung work surfaces, frosted acrylic stack-ons, mobile pedestals and plenty of lateral files all contribute to a space where collaborative teamwork and creativity prevail. What's more, our new flat metal top caps and accents in metallic silver enhance Nvision's clean lines and add a sleek and modern finish to any office environment. Storage pedestals transform hanging folders into mobile data units. Add a cushion, and it's a seat!

nvision

- 1 DRESS UP THE STURDY LATERAL FILES WITH A LAMINATE TOUCH.
- 2 MOBILE PEDESTALS WITH OPTIONAL FABRIC CUSHIONS COMPLIMENT THE OVERALL LOOK.
- 3 STREAMLINED LOOK OF THE METAL TOP CAP AND NEW METALLIC SILVER FINISH.
- 4 GROMMETS KEEP WIRING UNDER CONTROL.

## HELPING YOU GET DOWN TO BUSINESS

Affording privacy at the center of all the action, Nvision's tailored stations fit like a glove and provide an all-in-one solution that's compact, efficient and affordable. Nvision's discreet footprint maximizes floor space, while sleek and ergonomic work surfaces stand up to years of use. Plus, a vast selection of laminate finishes, drawer pull options, stack-on panels, frosted acrylic or clear tempered glass, and quality storage options in coordinating colors puts you in charge of design. Creating a distinctive and harmonized work environment has never been easier.

## WIRED FOR SUCCESS

Simple, functional and handsome, Nvision is all about power. Offering unlimited networking capability, Nvision's sturdy panels house multiple data cables and lay-in cabling, and feature easy-to-use, feed-through wiring access from wall, floor and ceiling positions. That means installation and office reconfiguration is always a cinch. Plus, putting you in charge, it guarantees a high-tech office environment that's ready for business when you are.

## INFINITE ROOM FOR GROWTH

Pairing minimum cost with maximum appeal, Nvision makes it easy to create a new environment or add to an existing one without ever disrupting the workflow that builds profitability. There's power and data access along with plenty of personal storage, plus narrow panels that allow for optimal layouts when space is at a premium. Nvision's steel-on-steel glide connectors ensure precise vertical alignment for sturdy, picture-perfect results — guaranteed. And thanks to its universal panel connector, hassle-free installation saves you time and money.

NVISION PANELS: ANCHORAGE 51-7.  
ACCENTS: TR-R. LAMINATE FINISH: G-WGR.  
UNITED CHAIR FREESTYLE SEATING AND CUSHIONS FOR PEDESTALS: RIVIERE RV08.

## PULL UP A CHAIR AND CONNECT

With infinite options tailored to meet and surpass the needs of a broad range of work environments, Nvision always has the solution. By varying panel heights and widths, you can create an office that perfectly balances public access with personal space. Ported panels bring electricity to the surfaces exactly where it's needed. And just pull up a chair, and you've got an instant meeting area for confidential chats between colleagues.

## SMALL SPACE SOLUTIONS THAT PUT YOU IN CHARGE

When every inch counts, Nvision has custom space-saving solutions that are easy on the eyes and the budget. Overhead bins, shelves, document holders and accessory rails make optimal use of vertical space and, while reducing panel costs, also increase height, privacy and storage capacity. Rounded surfaces provide spontaneous meeting areas while cushioned pedestals perform double duty as chairs and filing cabinets.

UNITED CHAIR FORTUNE SEATING: DAVENPORT LEATHER DL02.

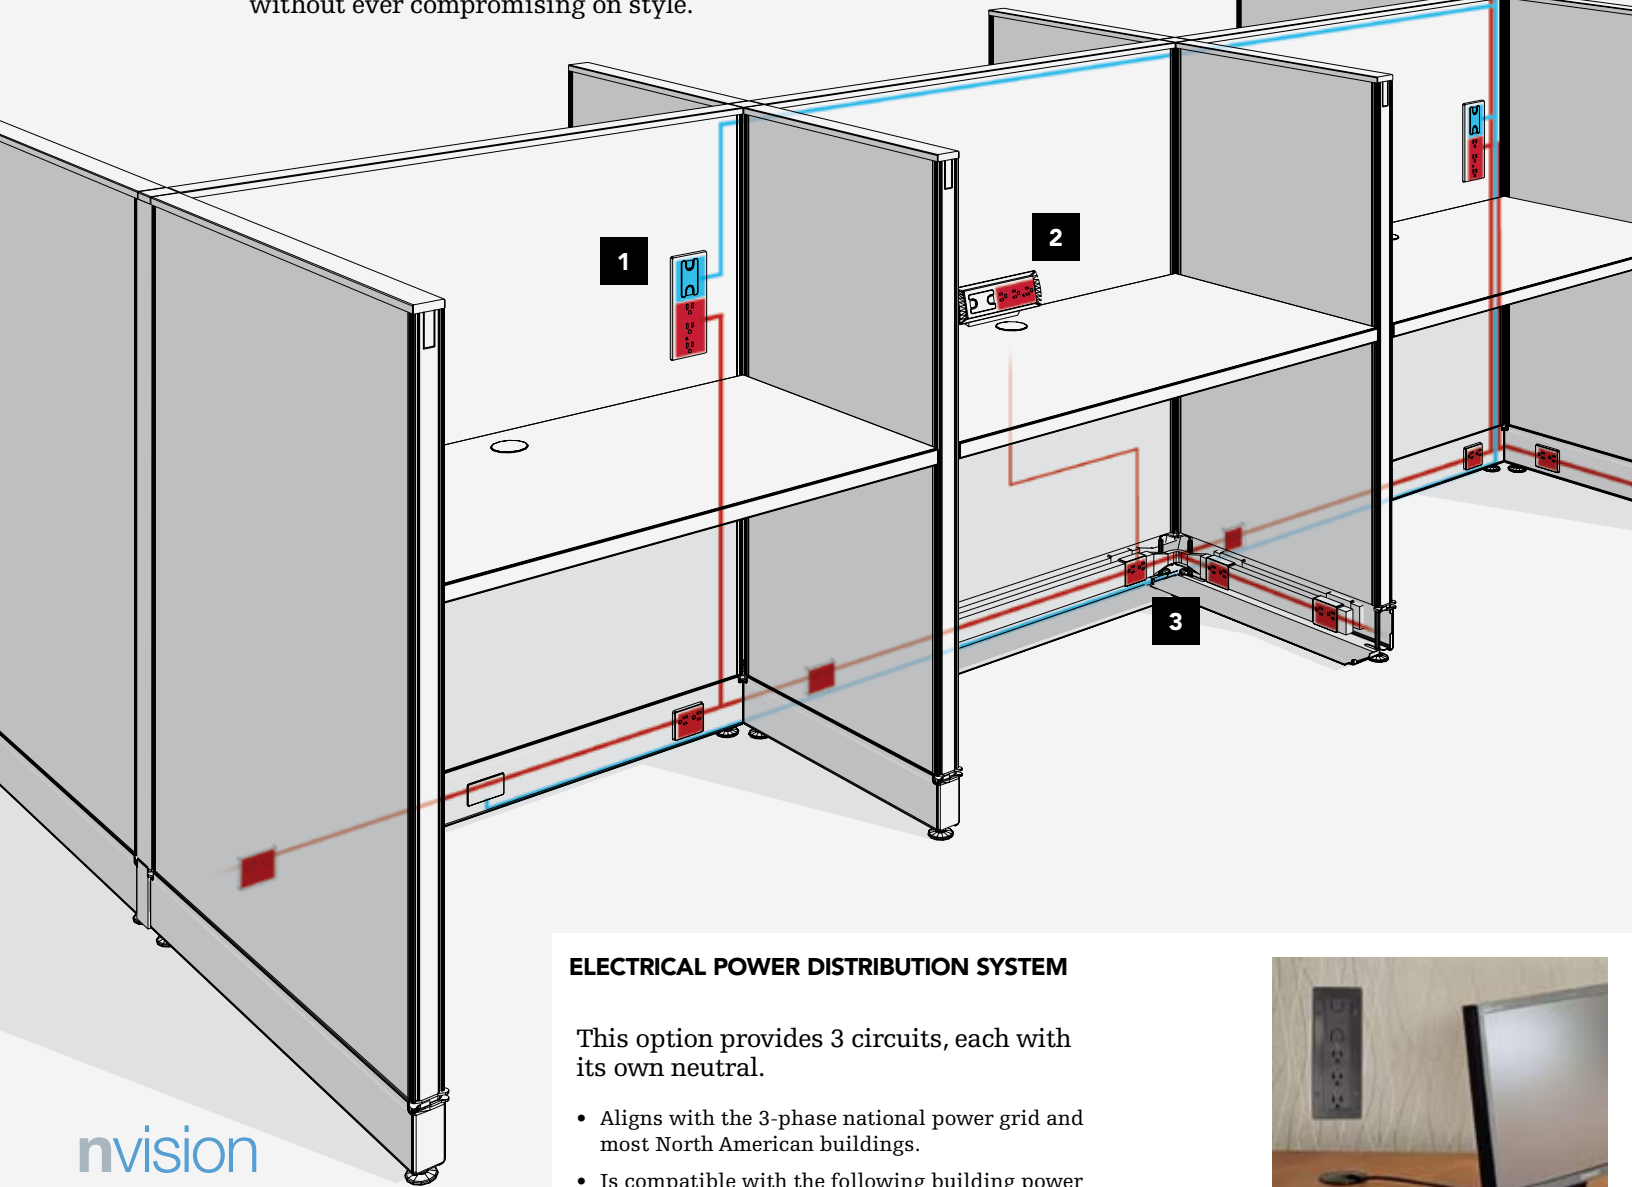

## CORNER OFFICE WITH A VIEW

Good looks and great design do wonders for productivity. Combining harmony and utility, Nvision's clear and frosted panels are non-permanent architectural fixtures that provide a stunning backdrop for any office environment. Paired with Lacasse's freestanding casegoods and elegant United Chair seating, they're a winning combination for creating distinctive, light-filled workspaces that maintain sight lines while providing all the privacy you need. Never underestimate the impact of great design on the bottom line.

## PLUG IN, POWER UP AND COMMUNICATE

With its attention to manufacturing excellence and focus on developing total office solutions for today and tomorrow, Nvision ensures workspace solutions that set the standard – without ever compromising on style.

nvision

### ELECTRICAL POWER DISTRIBUTION SYSTEM

This option provides 3 circuits, each with its own neutral.

- Aligns with the 3-phase national power grid and most North American buildings.
- Is compatible with the following building power configurations:
  - 3-phase (208Y/120V)
  - Three-wire single phase (120/240V)
  - Single phase (120V)
- Offers the greatest adaptability to special power needs such as:
  - Multiple power sources
  - Ease of energy control
  - Isolation of high harmonic loading
- Features receptacles with patented on-site circuit access programmability.
- Offers receptacles in common ground or isolated ground configurations.
- All Nvision electrical components are UL listed and certified for use in Canada by UL certification (UL 1286 Office Furniture).

#### 1 Ported Kit

- Nvision field-installed ported kit provides work surface height power and data access.

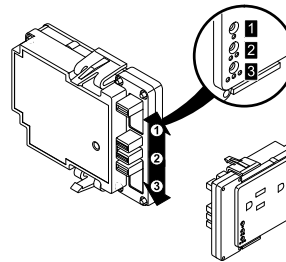

## 5 Top Feed

- A single channel pole with electrical harness and attachment hardware for connection to an electrical source above a drop ceiling.

## 15-Amp Duplex, Common or Isolated Ground Receptacles

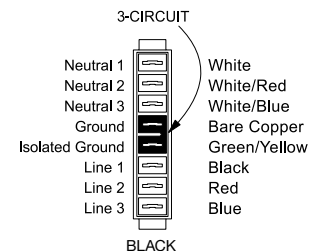

- Two 15-Amp NEMA 5-15R configurations with field programmable circuit outlets and access to any one of three circuits.

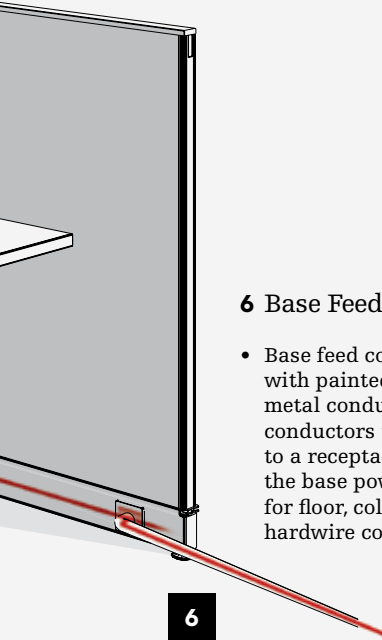

- Offers receptacles in common ground or isolated ground configurations.
- Nvision panels provide two power access points and one communication access point.

## Power Distribution Assembly (PDA)

- Panel-mounted, eight-conductor, pre-wired electrical distribution system. Distributes power through the panel system and allows power access of all electrical components.

- All wires are #12 AWG copper conductors.

## 6 Base Feed

- Base feed connector with painted flexible metal conduit and eight conductors that attaches to a receptacle located in the base powered raceway for floor, column or wall hardware connections.

## 2 Work Surface Height Powered Receptacles

- Clip on the back of the surface with no hole drilling required for installation.

## 3 Flex Connector

- Flexible power connector with eight conductor wires and spring safety latches for panel-to-panel continuation of power.

## 4 Top Pathway

- Built-in concealed vertical and horizontal cable and wiring channels route wiring neatly.
- Cable management poles and top feed modules integrate with the panel's top, base, and vertical pathways to route cables from ceiling infeeds.

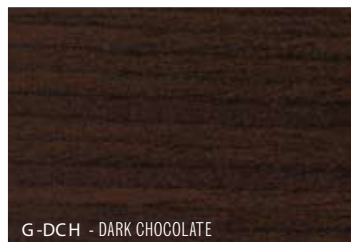

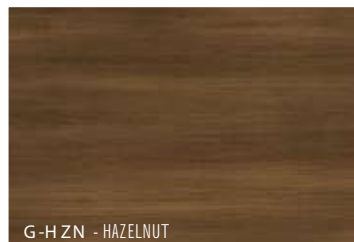

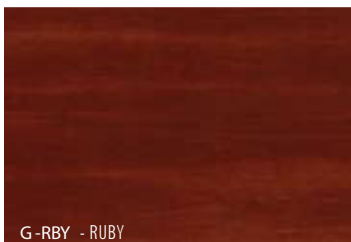

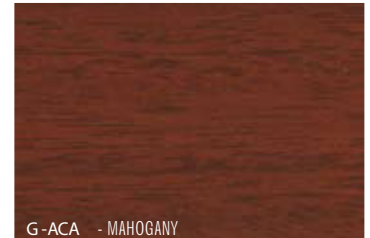

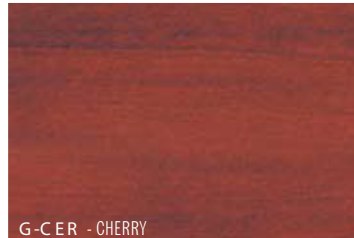

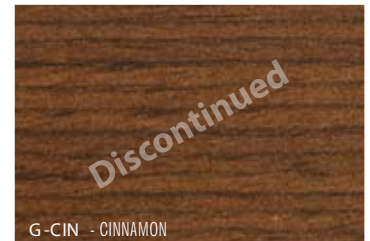

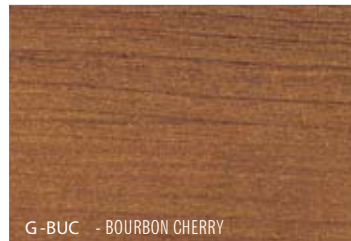

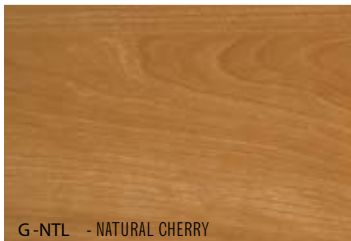

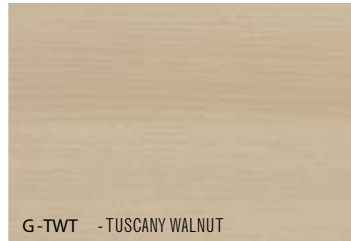

## Energy-Efficient Tasklight

- Nvision's energy-efficient tasklight reduces energy consumption up to 40% and provides greater luminosity at a lower temperature. T8 fluorescent lamp and electronic ballast support LEEDS® credits.
- Easy to install below counters, overhead or shelf units. Chicago compliance tasklights are also available.

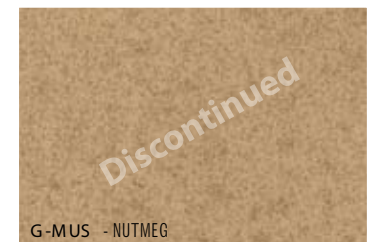

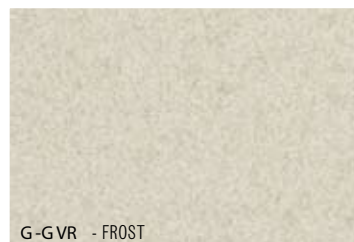

## A COLORFUL WORLD

Groupe Lacasse's vast range of colors and finishes offer you a world of style, selection and flexibility to mix or match for a custom look each time. Coordinate within one collection, match colors across all our lines or mix it up to create a unique look. Anything you imagine is easy to achieve because our system furniture and our freestanding casegoods are designed to harmonize with each other.
