NOTICE TO CONTRACTORS

Sealed bids will be received by the Adjutant General, State of Mississippi, in the office of the Adjutant General, 1410 Riverside Drive, Jackson, Mississippi, 39202-1271. Electronic Bids may be received via MAGIC portal but the preferred method for the MS Military Department is Physical Receipt.

UNTIL: 1:30 PM November 29, 2018

FOR: Repairs to the Sanitary Sewer System Drainage Basin 8 (DB8), Camp Shelby Joint Forces Training Center, Camp Shelby, MS
and there be publicly opened and read.

Plans and specifications may be obtained from the office of Waggoner Engineering, Inc., 143-A LeFleurs Square, Jackson, MS 39211, Phone No. 601-355-9526 upon payment of \$100 deposit, fully refundable to bona fide bidders if plans and specifications are returned within ten days in good condition.

A pre-bid conference will be conducted 10am November 15, 2018 at Building 713, Halloran Avenue, Camp Shelby, MS.

ALL PROSPECTIVE BIDDERS ARE ENCOURAGED TO ATTEND.

Bidders shall be advised that in accordance with the Mississippi Code, the Military Department has Forty-Five (45) calendar days to deliver a warrant to the vendor from the date an application for payment is determined to be due and payable under the terms and conditions of the contract.

The Adjutant General reserves the right to reject any and/or all bids and to waive informalities. Award of contract is subject to availability of funds. Bids will be held open for 60 days from bid date.

DESIREE HILTON
State Contract Officer, Chief

for

JANSON D. BOYLES
Major General, Mississippi National Guard
The Adjutant General of Mississippi

PUBLISH: October 25 & November 1, 2018

NGB Form 420-R

OMNG PROJECT REQUEST Prescribing Directive is NGB-420-10. Proponet NGB-ARI

Date Aug 1, 2018, 1:24 PM

1. Project Name: Repairs to the Sanitary Sewer System Drainage Basin 8 Camp Shelby		2. Project #: 28170035																																																		
3. Location: Hattiesburg, Mississippi		4. Site: 28941																																																		
5. Site Name: MTA CAMP SHELBY																																																				
6. Criteria: NG PAM 415-12 Chap 5 <input type="checkbox"/> Exception to Criteria (Justification in block 10)																																																				
7. Project Activity/Project Program <input checked="" type="checkbox"/> Maintenance/Sustainment <input checked="" type="checkbox"/> Repair/Sustainment <input type="checkbox"/> Repair/Restoration <input type="checkbox"/> Construction/Modernization <input type="checkbox"/> Demolition																																																				
8. To Be Accomplished <input checked="" type="checkbox"/> Contract <input type="checkbox"/> Training Project <input type="checkbox"/> Time/Material <input type="checkbox"/> Govt Furnished Material																																																				
9. Project Description (Include single line drawing; Use reverse if necessary) Construct approximately 10,500 LF of gravity main ranging in size from 8-inches to 15-inches in diameter, new manholes, new service lines, steel casing, riprap, clearing and grubbing, erosion control, seeding, mulching and fertilizing, as designated in the plans and specifications. Approximately 2,900 LF of the 8-inch line will be installed by pipe bursting.																																																				
10. Project Justification (Use reverse side if necessary) Repair of the Sanitary Sewer System at Camp Shelby is a large project to be accomplished in a number of phases, each of which is a necessary element of the entire repair process. This design differs from the original sewer layout in some areas. The primary reason is that the original system was constructed almost 100 years ago, based on mission requirement. In order to meet current and anticipated missions, the replacement sewer system is designed for cost effective and efficient installation with minimal impact on training.
