MISSISSIPPI DEPARTMENT OF WILDLIFE, FISHERIES, AND PARKS
REQUEST FOR QUOTES INFORMAL (RFQI)
MISSISSIPPI RESIDENT AND NONRESIDENT HUNTER HARVEST SURVEY

1. **INTRODUCTION**
   The Mississippi Department of Wildlife, Fisheries, and Parks is seeking a contractor to design and administer a general population survey and develop a final report defining participation levels in resident saltwater and freshwater fishing in Mississippi. The proposed survey will quantify the ratio of saltwater to freshwater anglers in Mississippi and allow comparison with Mississippi’s fishing participation data from the 2016 National Survey of Fishing, Hunting, and Wildlife-Associated Recreation.

   Notice is hereby given that Request for Quotes Informal (RFQI) will be received in the Support Services Office of the Department of Wildlife, Fisheries & Parks, 1505 Eastover Drive, Jackson, MS 39211 until 2:00 pm, March 19, 2018, and any quote submitted after this time will be rejected and returned unopened.

2. **SCOPE OF WORK**

   **INITIAL PLANNING SESSION**
   This project will begin with an initial meeting, in person or via conference call, between Contractor representatives (Contractor) and Mississippi Department of Wildlife, Fisheries, and Parks (MDWFP) staff. This initial meeting will provide the opportunity to identify and review a survey process, identify all of the issues that the overall approach addresses, and determine any areas and issues that the study design does not adequately address.

   **QUESTIONNAIRE DESIGN AND PRETESTING**
   Contractor will work collaboratively with MDWFP representatives to develop a survey questionnaire designed to quantify levels of resident participation in both saltwater and freshwater fishing in Mississippi and to examine the findings based on demographic and regional characteristics. Contractor will design the telephone survey instrument based on discussions with the MDWFP staff. Contractor will submit draft questionnaires and will work collaboratively with MDWFP representatives to develop additional questions or make revisions to the survey instrument as necessary to meet the goals and objectives of the study. This process will ensure that the survey instrument will reflect the goals and objectives and meet the exact needs of MDWFP.

   Contractor will ensure rigorous quality control efforts through detailed in-house review by staff and professional interviewers prior to pretesting. Contractor will then pretest the survey with a representative sample of Mississippi residents. Following the pretest, Contractor will complete an internal review of pretest results and recommend revisions for logic, flow, and wording. Contractor will provide a final list of questions for approval by MDWFP. Final approval of the methodology and survey instrument will be obtained from MDWFP prior to survey implementation.

   **ADMINISTER TELEPHONE SURVEY**
   Sample Size and Selection - Contractor will obtain a total of 3,000 completed surveys: this total will be based on a stratified sample entailing 1,000 completed interviews with Mississippi residents, ages 18 and older, in each of the MDWFP three administrative regions (north, central,
and south). The survey will be conducted at a 95% confidence level, or higher, with a sampling error of plus or minus 2 percentage points for the entire statewide sample of residents. The three regions will be properly proportioned through weighting to represent the full statewide population. Contractor will use proportional dual-frame sampling (land lines and cell phones) for this study.

Contractor will conduct the telephone interviews and enter responses using a comprehensive system for computer assisted telephone interviewing, such as Questionnaire Programming Language (QPL), which provides complete capabilities for designing, administering, and managing telephone-based research operations. Survey data will be entered into a computer as the interview is being conducted, thereby eliminating any potential subsequent data-entry errors. Interviewers will be trained according to the standards established by the Council of American Survey Research Organizations.

Interviews will be conducted Monday through Friday from 12:00 p.m. to 9:00 p.m., Saturday from 10:00 a.m. to 4:00 p.m., and Sunday 3:00 p.m. to 9:00 p.m. The five callback design will be employed to maintain the representativeness of the sample, avoid bias toward people easy-to-reach by telephone, and provide an equal opportunity for all to participate. The five callback system uses at least four subsequent calls to each not answered number selected in the original sample. Subsequent calls will be placed at different times of the day and different days of the week. In addition, respondents who decline to participate because of inconvenience will be called again to encourage their participation or to set an appointment for their participation. Response rate will be calculated by dividing the number of completed interviews by the number of all eligible telephone numbers.

**ANALYZE SURVEY RESULTS**

All survey data will be processed and analyzed using SPSS and other applicable software. Data processing and analysis will include coding, preparation of straight tabulations, and preparation of study printouts. Contractor will create graphs and/or tables showing differences among regions within the state of Mississippi. All data will be made available in both hard copy and electronically in SPSS or Excel formats.

To provide alternative calculations of participation rates this study will use households for one analysis and people (individuals) for another. Both analysis methods will employ single-count and double-count methodology.

First, the “household method” will employ “single-count” and “double count” methods that will use the de-duplicated number of saltwater anglers and freshwater anglers (number of each type of angler minus the number who do both). In the “single-count” method, half of the anglers who do both saltwater and freshwater fishing will be added to the saltwater angler group and half will be added to the freshwater angler group. In the “single-count” method, the denominator is the de-duplicated number of freshwater and saltwater anglers plus the number of anglers who do both. In the “double-count” method, the de-duplicated number of freshwater and saltwater anglers will each be supplemented by the number of those anglers who do both. That value will be divided by the number of anglers who freshwater fish and those who saltwater fish and two times the number who do both.
A second set of calculations, using the same “single-count” and “double-count” methods, will be performed to provide alternative estimates of the numbers of different types of resident anglers in Mississippi. For this second set of calculations, the units of analysis will be changed to consider each completed interview as an individual (i.e., the “population” method) instead of as a household. Using these data, and weighting the data to match the population distribution in Mississippi (not the number of households previously discussed), percentages of anglers of each type will be multiplied by current population census data.

**REPORT PREPARATION**
Contractor will provide a detailed final report fully quantifying and explaining all data obtained from the research. Specifically, the report will quantify the ratio of saltwater to freshwater angler participation in Mississippi, along with any other topics measured in the survey, as agreed upon between Contractor and MDWFP during initial planning. The final report will begin with an executive summary of key findings and a brief description of methodology. Following the executive summary, the final report will include an introduction, a discussion of data analysis and statistical procedures, and a tabular data report with survey graphs and tables. Contractor will also provide MDWFP with the survey data file in .spss, .xlsx, or another mutually agreed upon format, along with a data codebook.

3. **Applicable Law.** This Contract shall be governed by and construed in accordance with the laws of the State of Mississippi, excluding its conflict of laws, provisions, and any litigation with respect thereto shall be brought in the courts of the State. Contractor shall comply with applicable Federal, State and local laws and regulations. The Contractor expressly agrees that under no circumstances shall MDWFP be obligated to pay an attorney's fee or the cost of legal action to the Contractor.

4. **Availability of Funds.** It is expressly understood and agreed that the obligation of the agency to proceed under this agreement is conditioned upon the appropriation of funds by the Mississippi state legislature and the receipt of state and/or federal funds. If the funds anticipated for the continuing fulfillment of the agreement are, at any time, not forthcoming or insufficient, either through the failure of the federal government to provide funds or of the state of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided or if funds are not otherwise available to the agency, the agency shall have the right upon ten (10) working days written notice to contractor, to terminate this agreement without damage, penalty, cost or expenses to the agency of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.

5. **Compliance with Laws.** Contractor understands that the Agency is an equal opportunity employer and therefore, maintains a policy which prohibits unlawful discrimination based on race, color, creed, sex, age, national origin, physical handicap, disability, genetic information, or any other
consideration made unlawful by federal, state, or local laws. All such discrimination is unlawful
and Contractor agrees during the term of the agreement that Contractor will strictly adhere to this
policy in its employment practices and provision of services. Contractor shall comply with, and all
activities under this agreement shall be subject to, all applicable federal, State of Mississippi, and
local laws and regulations, as now existing and as may be amended or modified.

6. **E-Payment.** Contractor agrees to accept all payments in United States currency via the State of
Mississippi’s electronic payment and remittance vehicle. The agency agrees to make payment in
accordance with Mississippi law on “Timely Payments for Purchases by Public Bodies,” which
generally provides for payment of undisputed amounts by the agency within forty-five (45) days of
receipt of invoice. Mississippi Code Annotated § 31-7-305.

7. **E-Verification.** If applicable, Contractor represents and warrants that it will ensure its compliance
with the Mississippi Employment Protection Act of 2008, and will register and participate in the
status verification system for all newly hired employees. Mississippi Code Annotated §§ 71-11-1 et
seq. The term “employee” as used herein means any person that is hired to perform work within
the State of Mississippi. As used herein, “status verification system” means the Illegal Immigration
Reform and Immigration Responsibility Act of 1996 that is operated by the United States
Department of Homeland Security, also known as the E-Verify Program, or any other successor
electronic verification system replacing the E-Verify Program. Contractor agrees to maintain
records of such compliance. Upon request of the State and after approval of the Social Security
Administration or Department of Homeland Security when required, Contractor agrees to provide
a copy of each such verification. Contractor further represents and warrants that any person
assigned to perform services hereafter meets the employment eligibility requirements of all
immigration laws. The breach of this agreement may subject Contractor to the following:

a. termination of this contract for services and ineligibility for any state or public contract in
   Mississippi for up to three (3) years with notice of such cancellation/termination being made
   public; or
b. the loss of any license, permit, certification or other document granted to Contractor by an
   agency, department or governmental entity for the right to do business in Mississippi for up
to one (1) year; or,
c. both.

In the event of such cancellation/termination, Contractor would also be liable for any additional
costs incurred by the State due to Contract cancellation or loss of license or permit to do business
in the State.

8. **Paymode.** Payments by state agencies using the State’s accounting system shall be made and
remittance information provided electronically as directed by the State. These payments shall be
deposited into the bank account of Contractor’s choice. The State may, at its sole discretion,
require Contractor to electronically submit invoices and supporting documentation at any time
during the term of this Agreement. Contractor understands and agrees that the State is exempt
from the payment of taxes. All payments shall be in United States currency.

9. **Procurement Regulations.** The contract shall be governed by the applicable provisions of the
Mississippi Procurement Manual, a copy of which is available at 501 N. West St., 701 Woolfolk
Building, Suite A, Jackson, MS or downloadable at [www.dfa.ms.gov](http://www.dfa.ms.gov).
10. **Representation Regarding Contingent Fees.** Contractor represents that it has not retained a person to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except as disclosed in Contractor’s proposal.

11. **Representation Regarding Gratuities.** Contractor represents that it has not violated, is not violating, and promises that it will not violate the prohibition against gratuities set forth in Section 9.105 (Gratuities) of the *Mississippi Procurement Manual*.

12. **Stop Work Order.**
   a. **Order to Stop Work:** The Procurement Officer, may, by written order to Contractor at any time, and without notice to any surety, require Contractor to stop all or any part of the work called for by this contract. This order shall be for a specified period not exceeding 90 days after the order is delivered to Contractor, unless the parties agree to any further period. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, Contractor shall forthwith comply with its terms and take all reasonable steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the Procurement Officer shall either:
      i. cancel the stop work order; or,
      ii. terminate the work covered by such order as provided in the Termination for Default clause or the Termination for Convenience clause of this contract.
   b. **Cancellation or Expiration of the Order:** If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, Contractor shall have the right to resume work. An appropriate adjustment shall be made in the delivery schedule or Contractor price, or both, and the contract shall be modified in writing accordingly, if:
      i. the stop work order results in an increase in the time required for, or in Contractor’s cost properly allocable to, the performance of any part of this contract; and,
      ii. Contractor asserts a claim for such an adjustment within 30 days after the end of the period of work stoppage; provided that, if the Procurement Officer decides that the facts justify such action, any such claim asserted may be received and acted upon at any time prior to final payment under this contract.
   c. **Termination of Stopped Work:** If a stop work order is not canceled and the work covered by such order is terminated for default or convenience, the reasonable costs resulting from the stop work order shall be allowed by adjustment or otherwise.

13. **Termination for Convenience.**
   a. **Termination.** The Agency Head or designee may, when the interests of the State so require, terminate this contract in whole or in part, for the convenience of the State. The Agency Head or designee shall give written notice of the termination to Contractor specifying the part of the contract terminated and when termination becomes effective.
   b. **Contractor’s Obligations.** Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination Contractor will stop work to the extent specified. Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. Contractor shall settle the liabilities and claims arising out
of the termination of subcontracts and orders connected with the terminated work. The Agency Head or designee may direct Contractor to assign Contractor’s right, title, and interest under terminated orders or subcontracts to the State. Contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

14. **Termination for Default.**

a. **Default.** If Contractor refuses or fails to perform any of the provisions of this contract with such diligence as will ensure its completion within the time specified in this contract or any extension thereof, or otherwise fails to timely satisfy the contract provisions, or commits any other substantial breach of this contract, the Agency Head or designee may notify Contractor in writing of the delay or nonperformance and if not cured in ten (10) days or any longer time specified in writing by the Agency Head or designee, such officer may terminate Contractor’s right to proceed with the contract or such part of the contract as to which there has been delay or a failure to properly perform. In the event of termination in whole or in part, the Agency Head or designee may procure similar supplies or services in a manner and upon terms deemed appropriate by the Agency Head or designee. Contractor shall continue performance of the contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.

b. **Contractor’s Duties.** Notwithstanding termination of the contract and subject to any directions from the procurement officer, Contractor shall take timely, reasonable, and necessary action to protect and preserve property in the possession of Contractor in which the State has an interest.

c. **Compensation.** Payment for completed services delivered and accepted by the State shall be at the contract price. The State may withhold from amounts due Contractor such sums as the Agency Head or designee deems to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders and to reimburse the State for the excess costs incurred in procuring similar goods and services.

d. **Excuse for Nonperformance or Delayed Performance.** Except with respect to defaults of subcontractors, Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if Contractor has notified the Agency Head or designee within 15 days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the State and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, Contractor shall not be deemed to be in default, unless the services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit Contractor to meet the contract requirements. Upon request of Contractor, the Agency Head or designee shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, Contractor’s progress and performance would have met the terms of the contract, the delivery schedule shall be revised accordingly, subject to the rights of the State under the clause entitled in fixed-price contracts, “Termination for Convenience”. (As used in this Paragraph of this clause, the term “subcontractor” means subcontractor at any
e. **Erroneous Termination for Default.** If, after notice of termination of Contractor’s right to proceed under the provisions of this clause, it is determined for any reason that the contract was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed Performance) of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause.

f. **Additional Rights and Remedies.** The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this contract.

15. **Termination Upon Bankruptcy.** This contract may be terminated in whole or in part by Agency upon written notice to Contractor, if Contractor should become the subject of bankruptcy or receivership proceedings, whether voluntary or involuntary, or upon the execution by Contractor of an assignment for the benefit of its creditors. In the event of such termination, Contractor shall be entitled to recover just and equitable compensation for satisfactory work performed under this contract, but in no case shall said compensation exceed the total contract price.

16. **Trade Secrets, Commercial and Financial Information.** It is expressly understood that Mississippi law requires that the provisions of this contract which contain the commodities purchased or the personal or professional services provided, the price to be paid, and the term of the contract shall not be deemed to be a trade secret or confidential commercial or financial information and shall be available for examination, copying, or reproduction.

17. **Transparency.** This contract, including any accompanying exhibits, attachments, and appendices, is subject to the “Mississippi Public Records Act of 1983,” and its exceptions. See Mississippi Code Annotated §§ 25-61-1 et seq. and Mississippi Code Annotated § 79- 23-1. In addition, this contract is subject to the provisions of the Mississippi Accountability and Transparency Act of 2008. Mississippi Code Annotated §§ 27-104-151 et seq. Unless exempted from disclosure due to a court-issued protective order, a copy of this executed contract is required to be posted to the Department of Finance and Administration’s independent agency contract website for public access at [http://www.transparency.mississippi.gov](http://www.transparency.mississippi.gov). Information identified by Contractor as trade secrets, or other proprietary information, including confidential contractor information or any other information which is required confidential by state or federal law or outside the applicable freedom of information statutes, will be redacted.

18. **Independent Contractor Status.** Contractor shall, at all times, be regarded as and shall be legally considered an independent contractor and shall at no time act as an agent or employee of MDWFP. Nothing contained herein shall be deemed or construed by MDWFP, Contractor, or any third party as creating the relationship of principal and agent, master and servant, partners, joint ventures, employer and employee, or any similar such relationship between the MDWFP and Contractor. Neither the method of computation of fees or other charges, nor any other provision contained herein, nor any acts of the MDWFP or Contractor hereunder creates, or shall be deemed to create a relationship other than the independent relationship of the MDWFP and Contractor. Contractor’s personnel shall not be deemed in any way, directly or indirectly, expressly or by implication, to be employees of the State. Neither Contractor nor its employees shall, under any circumstances, be considered servants, agents, or employees of the MDWFP, and the MDWFP shall be at no time legally responsible for any negligence or other wrongdoing by Contractor, its
servants, agents, or employees. The Agency shall not withhold from the contract payments to Contractor any federal or state unemployment taxes, federal or state income taxes, Social Security tax, or any other amounts for benefits to Contractor. Further, the Agency shall not provide to Contractor any insurance coverage or other benefits, including Worker’s Compensation, normally provided by the State for its employees. All of the contractor’s activities will be at its own risk and contractor is hereby given notice of its responsibility for arrangement to guard against physical, financial, and other risks as appropriate. Contractor shall observe and abide by all applicable laws and regulations including, but not limited to, those of MDWFP relative to conduct on its premises.

19. **Quality of Service.** Contractor agrees to perform its services with a standard of care, skill, and diligence normally provided by a professional organization in the performance of services. All work shall be performed to the complete satisfaction of MDWFP.

20. **Contact.** Any questions regarding the RFQ should be directed to Marilyn M. Watkins at (601) 432-2195 or marilynw@mdewfp.state.ms.us. Questions about the actual project should be directed to Mr. Tom Holman at (601) 432-2209 or tomh@mdwfp.state.ms.us.

21. **Awarding the Contract.** The contract is to be awarded to the lowest responsible bidder whose bid meets the requirements and criteria set forth in the Specifications.

22. **Payment.** There will be a one-time payment for the awarded contract amount. All services are expected to be completed no longer than one year from the award date.

23. **Patents and Royalties.** Contractor covenants to save, defend, keep harmless, and indemnify MDWFP and all of its officers, departments, agencies, agents, and employees from and against all claims, loss, damage, injury, fines, penalties, and cost—including court costs and attorney’s fees, charges, liability, and exposure, however caused—on account of any copyright or patented or unpatented invention, process, or article manufactured or used in the performance of the contract, including its use by MDWFP. If Contractor uses any design, device, or material covered by patent or copyright, it is mutually agreed and understood without exception that the contract price includes all royalties or costs arising from the use of such design, device, or materials in any way in the work.

24. **Indemnification.** To the fullest extent allowed by law, Contractor shall indemnify, defend, save and hold harmless, protect, and exonerate the agency, its commissioners, board members, officers, employees, agents, and representatives, and the State of Mississippi from and against all claims, demands, liabilities, suits, actions, damages, losses, and costs of every kind and nature whatsoever including, without limitation, court costs, investigative fees and expenses, and attorney’s fees, arising out of or caused by Contractor and/or its partners, principals, agents, employees and/or subcontractors in the performance of or failure to perform this agreement. In the State’s sole discretion, Contractor may be allowed to control the defense of any such claim, suit, etc. In the event Contractor defends said claim, suit, etc., Contractor shall use legal counsel acceptable to the State. Contractor shall be solely responsible for all costs and/or expenses associated with such defense, and the State shall be entitled to participate in said defense. Contractor shall not settle any claim, suit, etc. without the State’s concurrence, which the State shall not unreasonably withhold.
QUOTE SUBMISSION

Request for Quotes Informal (RFQI) will be received in the Support Services Office of the Department of Wildlife, Fisheries & Parks, 1505 Eastover Drive, Jackson, MS 39211 until 2:00 pm, March 19, 2018, and any quote submitted after this time will be rejected and returned unopened.

Quotes can be submitted electronically as instructed below by uploading the Request for Quote Informal Form in the MAGIC system as an attachment. The attachment should be named Request for Quote Informal.

If you are not able to submit your quote electronically, the Request for Quote Informal Form can be emailed to Marilyn Watkins at marilynw@mdwfp.state.ms.us or mailed or hand delivered in an envelope clearly marked with the following information:
