Notice is hereby given that the Mississippi Department of Environmental Quality (MDEQ) is seeking sealed bids for the MDEQ – Oyster Restoration & Management Phase I: Cultch Deployment Project (the “Project”) This Project is being administered by MDEQ and funded by the National Fish and Wildlife Foundation Gulf Environmental Benefit Fund Agreement #49981. The purpose of the Project is to deploy cultch in a manner to specifically evaluate efficacy for spat recruitment as well as oyster survival in a cost efficient manner by considering two variables: 1) cultch material (crushed concrete vs. limestone) and 2) relief (high vs. low undulations of the deployed cultch material) with the goal of increasing productivity and habitat quality of Mississippi Oyster Reefs.

To obtain a downloadable copy of the Contract Documents for this Project, please visit restore.ms, email mgreen@mdeq.ms.gov, or call 601.961.5270. The Contract Documents may also be examined at the following locations: MDEQ, 515 East Amite St., Jackson, MS 39201, or Covington Civil and Environmental, LLC, 2510 14th St., Suite 1010, Gulfport, MS 39501.
