Volvo Construction Equipment is a leading global supplier of quality equipment and services for all phases of roadway construction and rehabilitation, road maintenance and general construction. Its products include a comprehensive range of wheel loaders, hydraulic excavators, articulated haulers, soil and asphalt compactors, pavers, skid steer loaders, compact wheel loaders, and compact excavators. Volvo machines are manufactured, serviced and supported across the globe; with a strong network of North American dealers and a \$100 million North American production facility located in Shippensburg, Pennsylvania.

For more information regarding Volvo Construction Equipment's products and services, please visit: www.volvocegovernment.com . Visit our Contracts and our About Us pages to learn more about our current buying contracts, upcoming tradeshow events, news, and customer success stories.

For information and pricing, please visit the [Volvo Dealer Locator](#) to find the local dealer closest to you.

We have established an agreement with National Joint Powers Alliance to allow purchases from their cooperative contract with Volvo Construction Equipment for commodities only. It is the buyer's responsibility to ensure this contract is not used in place of a required competitive process or as a substitute for other required purchasing approvals as required by Mississippi law. This contract was approved as another option for agencies to save money on construction equipment not currently covered by our competitively bid contracts, and provides that the provisions thereof may be available to any county, municipality, school board or other local public agency or authority of the State of Mississippi which may elect to purchase at the prices, terms and conditions of sale specified therein.
