TRONEX<sup>®</sup>

# ABOUT TRONEX

Tronex International, Inc., was founded in 1989 with the great vision to become a world-class manufacturing, marketing, and distribution enterprise. The progressive Tronex business model merges superior quality customized products with an unparalleled culture of service and responsiveness. Our core conduct and approach are rooted in what we believe are the important values of integrity, delivering upon commitments, and the true spirit to be of service.

For more than a quarter century, Tronex has steadily grown to become one of the most reliable and well-respected national brands and leading providers of innovative disposable Personal Protective Equipment (PPE). Our advanced PPE solutions include vital safety and disposable infection-control products, such as examination and general-purpose gloves, head-to-toe protective apparel, face masks, N95 respirators, elastic bandages, and surgical/operating room protective products.

All Tronex Brand products are meticulously crafted in our state-of-the-art ISO-certified and U.S. FDA-registered manufacturing facilities to ensure optimal quality and compliance with clean air, water, and energy best practices to promote a safer environment for us all. Our sophisticated vertically integrated supply chain and inventory planning system provides a key competitive advantage, enabling us to commit

specific inventory for each customer and deliver industry-leading fill rates, cost efficiencies, consistent quality, and superior supply dependability for our treasured customers across the nation and around the world.

Tronex's long-term partnerships with the leading healthcare Group Purchasing Organizations, major health systems throughout the United States, national quality foodservice brands, leading government institutions, and a number of Fortune 500 companies are a testament to our expertise and capacity to consistently perform and reliably deliver safe, quality product solutions. Tronex Brand products are recognized nationally and internationally as some of the most finely crafted and specialized in design, exceeding both the specifications and performance requirements for each application, while delivering exceptional value and minimizing environmental impact.

Tronex is proud to have received numerous Supplier Excellence and Business Leadership awards, as well as various Diversity and Philanthropic awards – all of which exemplify our unwavering commitment to honor the best interests of our diverse customers, the patients they serve, and the communities that we affect, which is the driving force behind the dedication and teamwork of our entire organization.

# DISPOSABLE APPAREL

Tronex Healthcare is pleased to offer a comprehensive and evolving line of innovative head-to-toe Personal Protective Equipment (PPE) that has been meticulously crafted to meet and exceed all industry standards for quality and safety, while simultaneously delivering exceptional value. Manufactured in our ISO 9001-certified factories, the entire line of Tronex disposable apparel provides superior protection and durability, while retaining fit and comfort.

All of our advanced apparel products are **100% latex free** and constructed from high-quality fluid-resistant or fluid-impervious materials.

At Tronex, our dedication to continual innovation is demonstrated by our successful expansion and growth through our current product lines and emerging, major product categories, leveraging our deep expertise and further building upon our reputation for leading quality and delivery excellence in the healthcare space.

A woman with brown hair tied back, wearing a yellow isolation gown, stands in a brightly lit hospital hallway. She has her hands on her hips and is looking towards the camera. The hallway has white walls, a grey floor, and a ceiling with recessed lights. In the background, a medical cart is visible.

# ISOLATION GOWNS

Tronex isolation gowns are constructed from superior quality fluid-resistant or fluid-impervious nonwoven spunbond materials to ensure optimal protection, comfort, and durability. Our full line encompasses gowns of various sizes, styles, materials, and types, from those rated for use by the Association for the Advancement of Medical Instrumentation (AAMI) to pediatric gowns sized specifically for children. We also offer a complete range of over-the-head gowns with thumb hooks, providing an optimal protective solution for various exposure environments and general patient care scenarios.

All Tronex isolation gowns are **100% latex free**.

## CLASSIC FLUID-RESISTANT ISOLATION GOWNS

Meticulously constructed from high-quality, breathable nonwoven spunbond material, Tronex disposable fluid-resistant isolation gowns are 100% latex free. They feature long sleeves, a full back, and ties at the neck and waist.

- Tronex multilayer nonwoven spunbond gowns provide outstanding softness, breathability, and fluid protection for a wide range of applications. They feature a full back, elastic or knitted cuffs, waist ties, and either ties at the neck or a tape-tab neck closure.
- We also offer a fluid-resistant multilayer nonwoven spunbond procedure gown with a hook-and-loop neck closure.

### Impervious Film With Extra-Long Ties & Thumb Hooks (High Risk)

Item Code	Size	Packaging	Color
6855BH25	Unisize	1 gown/bag, 100 bags/case	Soft Blue

### Impervious Film With Thumb Hooks, ASTM F1671 Tested (High Risk)

Meets ASTM F1671 Standard Test Method for Resistance of Materials Used in Protective Clothing to Penetration by Blood-Borne Pathogens (Viral Penetration).

Item Code	Size	Packaging	Color
6451BH25B	Unisize	1 gown/bag, 15 bags/dispenser box,	Soft Blue
6453BH35B	XL	5 dispenser boxes/case	

## AAMI-RATED GOWNS

Meeting the respective Association for the Advancement of Medical Instrumentation (AAMI) specifications for fluid resistance, Tronex disposable multilayer nonwoven spunbond AAMI-rated gowns provide superior protection with full frontal and back coverage. Waist ties, ultrasonically welded seams, and latex-free construction ensure comfort and a secure fit.

- Our AAMI Level 1 gowns meet AAMI PB70 Level 1 testing standards for water penetration to AATCC 42 ( $\leq 4.5\text{g}$ ).
- Tronex AAMI Level 2 gowns meet AAMI PB70 Level 2 testing standards for hydrostatic pressure to AATCC 127 ( $\geq 20\text{cm}$ ) and water penetration to AATCC 42 ( $\leq 1.0\text{g}$ ).

## FLUID-RESISTANT PATIENT GOWNS

Tronex patient gowns provide excellent protection and are an economical disposable choice for healthcare applications. Our sleeveless, fluid-resistant, dark blue patient gowns are crafted from nonwoven spunbond material to ensure comfort and modesty. They are latex free, featuring ties at the waist for essential coverage and a customized fit.

### Spunbond (Moderate Risk)

Item Code	Size	Packaging	Color
5740B	Unisex	10 gowns/bag, 5 bags/case	Dark Blue

## HEAD, FOOT, AND SLEEVE COVERS

Tronex offers a full range of disposable head, foot, and sleeve covers that are quality crafted from the finest materials to ensure exceptional protection, breathability, and comfort. From bouffant and surgeon caps to shoe/boot and sleeve covers, Tronex delivers a multitude of solutions to meet the specialized personal protective needs of healthcare clinicians and staff.

All Tronex quality head, foot, and sleeve covers are **100% latex free**.

## BOUFFANT CAPS

Tronex disposable bouffant caps are 100% latex free and provide highly comfortable, breathable, and effective protection from fluids and other contaminants. They have been designed to keep hair securely contained, while offering a clear line of sight.

- Meticulously constructed from a soft, breathable, nonwoven spunbond material for a cool and comfortable fit, our quality bouffant caps are secured with a nonbinding elastic.
- Our multilayer nonwoven spunbond bouffant caps provide higher fluid resistance, while maintaining breathability and featuring a soft elastic closure for a comfortable, secure fit.

## DISPOSABLE SCRUBS

Our durable disposable scrub shirts, scrub pants, and exam shorts are latex free and constructed of fluid-resistant, antistatic, multilayer nonwoven spunbond material to provide superior softness, breathability, and fluid protection for a wide range of applications.

- **Scrub Shirts:** V-neck cut for easy donning; pocket on left chest.
- **Scrub Pants:** Straight-leg styles available with either drawstring or elastic waistband for a secure and relaxed fit; back pocket.
- **Exam Shorts:** Elastic waistband for a comfortable fit.

## APRONS

Tronex latex-free disposable aprons are currently offered in two styles. Our fluid-resistant nonwoven spunbond aprons feature a neck loop and waist ties for a comfortable fit, providing excellent protection and durability.

Our fluid-impervious, latex-free poly aprons are fashioned in a bib style with waist ties for a universal fit, providing superior protection and comfort for various applications.
