- 34 Component Overview with Create
-

Create Office Platform™

The Create Office Platform is a dynamically elegant single source platform on which four distinctive office design applications are built. Apps that are fundamental to the way efficient and intelligent offices now work. Apps that provide creative design freedom with an impressively striking range of components; including desk-top, storage and panel options. Creating work environments perfectly tailored to individual tasks.

Designer Jean Bourassa has created this extensive new collection that blends broad functional performance with balanced proportions and refined detail. He has achieved this through integration and layering. From the baseline of a single platform components are added to shape the environment spanning the classic private office layout to the fashionable open landscape.

From the executive suite to collective work areas, Create is a new way forward in integrated office design.

R.E.D.
Rapid Easy Design

Rapid Easy Design is a plugin for Google SketchUp which is designed to assist with the specification of Create Platform products.

One of Three H's unique attributes is that many of its products can be sized to the inch. Rather than limiting a designer to typical 6" increments, Three H products can be sized to make maximum use of available space. This can translate into increased storage or workspace in a small footprint, or to more workstations in an open plan configuration. Because of this capability, traditional library based design systems do not work for Three H. Libraries would need to be so large that they would be cumbersome to work with and costly to create and maintain.

There is no library with RED. Rather, RED uses a series of programs, each of which model an individual product family. By selecting the attributes of the product you wish to create, one program can generate hundreds of thousands of individual products. Product changes are simple, click on the product, change its parameters and the new item is created.

In addition to this unique capability, RED also provides assistants which automatically align and position products in most common configurations. In many cases only the first item is positioned on the drawing. After that, the assistants take over to simplify the completion of the design. Once the design has been completed, a Bill of Materials is automatically generated for you. If your computer is connected to the internet, pricing is determined directly from the Three H database. Prices are always correct, there is no database to maintain or update on your computer.

RED utilizes the Standard version of Google SketchUp which is free. There is also no charge for RED nor are there any licensing or maintenance fees. Finally, RED works on both PC/Windows and Mac/OSX based systems giving you the flexibility to work in whichever environment you choose.

For more information please visit www.three-h.com/red
We hope you enjoy working with RED

Create Office Platform™

General Furniture Specifications

Create office platform casegoods and worksurfaces are constructed of thermofused melamine laminated on an industry standard particleboard core. All laminate material is finished with a decorative face on both sides and is available in over 30 woodgrain, solid and composite colors.

Worksurfaces and tops are 1" thick., available with a 1mm or 3mm PVC edge, 1mm PVC knife edge profile or 3mm solid wood edge, finished to match or complement the selected laminate finish.

Cabinets are constructed of 5/8" thick board and finished with 1mm PVC edge.

Hutch construction is a combination of 1" and 5/8" laminate.

Storage unit shelves are 1" thick.

MultiStations OS laminate panel tiles are 1" thick.

Box drawers , file drawers and lateral file drawers all utilize 18" full extension slides.

Aluminum components

All Create Platform and MultiStations OS custom aluminum extrusions are manufactured with 70% recycled aluminum content. All extruded componets are available in a clear anodized finish.

Standard Grain direction

Worksurfaces - grain runs parallel to the desk length

Desk legs - vertical grain

Modesty screens - horizontal grain

Privacy screens - horizontal grain

Cabinet and hutch sides - vertical grain

Hutches and credenza backs - horizontal

Stacking storage and pedestal backs - vertical

Door fronts - vertical grain

Drawer fronts - option for horizontal or vertical grain

(matched between multiple drawers on same cabinet)

MultiStations OS laminate panels - horizontal grain

Some components can be specified with alternate grain directions (off standard) - some limitations may apply.

Knife Edge trim

Available on working and/or visitor side of worksurfaces and desks with continuous straight edges (ex. not available on edges with tapers or radius). Two sided applications are recommended only on free standing executive desks and reception transaction tops.

Not recommended on edges that join, butt or connect against other surfaces.

Not available on credenza or pedestal tops.

Glide / leveler Adjustment Executive desks and desk shells: 3/4" adjustment
Credenzas and pedestals: 3/4" adjustment
MultiStations OS panels: 1-3/4" adjustment

Available fabrics Select stock fabrics, in varying grades, available from Maharam, Guilford of Maine and Momentum. COM fabrics can be specified (some limitations and additional lead time may apply)

StandardPulls Create – solid extruded aluminum profile available in a clear anodized finish
Mattawa – solid extruded aluminum profile available in a clear anodized finish
neo96 – solid extruded aluminum profile available in a clear anodized finish

Power Create Platform casegoods include optional cable management features that allow routing and access to power and data. Both floor, wall and ceiling feed applications can be integrated into workstation designs. 7 wire three circuit (with isolated ground) modular power components are stocked and available on standard orders. 8 wire four circuit systems are available on special order (extended order lead time may apply). UL certified, or equivalent, desktop power modules are available for use on worksurfaces and tops.

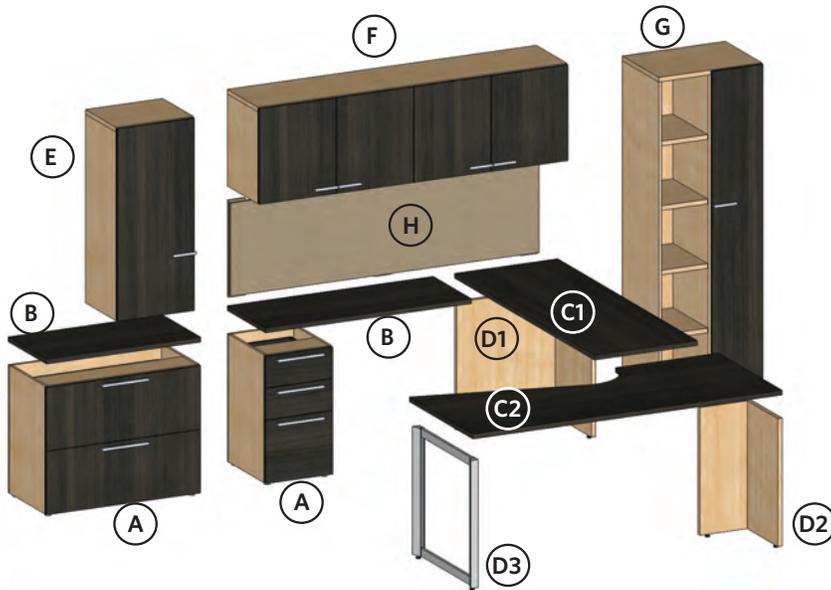

GREENGUARD Indoor Air Quality Certified®
Create Office platform and MultiStations OS components meet LEED requirements for Low Emitting Materials – Systems Furniture and Seating.

Visit www.three-h.com for more details including information on currently available laminate finishes, fabrics and pulls. All Specifications are subject to change without notice.

Leg: 28" h panel
 Mod.: 14" h panel

Leg: 28" h panel
 Mod.: 21" h panel

Leg: 28" h panel
 Mod.: 28" h panel

Leg Style: **Framed Stretcher**
 5/8" laminate panel, optional heights available, framed front and back by anodized aluminum legs and framed top or bottom with an anodized aluminum stretcher.
 5/8" laminate modesty (mod.) panel - optional heights available

Leg: 21" h panel
 Mod.: 14" h panel

Leg: 28" h panel
 Mod.: 14" h panel

Leg: 28" h panel
 Mod.: 21" h panel

Leg Style: **Aluminum Stretcher**
 Open aluminum frame leg. Anodized aluminum legs front and back braced top and bottom by an aluminum stretcher. 5/8" floating laminate modesty (mod.) panel - optional heights available

Leg: 7" h stretcher
 Mod.: 7" h panel

Leg: 14" h stretcher
 Mod.: 14" h panel

Leg: 21" h stretcher
 Mod.: 21" h panel

Executive Desks and Desk Shells:

Edge Styles:

3mm Solid wood
 or 3mm PVC on
 working side only

3mm Solid wood or
 3mm PVC on working
 and Visitor side

*Knife edge on one
 side only

*Knife edge on working
 and Visitor side

Cable access options:

Right side Grommet

Center Grommet

Left Side Grommet

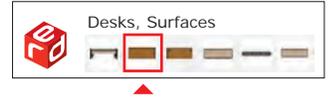

Left and Right Grommets

Pop-up power modules also available - see Worksurface section for position and orientation

* Some limitations apply. See note on p.6

Create Platform | Desk Shells

Product Code: CPDS
Length: 24" to 84", in 1" increments
Depths: 18", 21", 24", 30"
Height: 30"

Note - All desk styles shown with standard top. See Worksurface section (pg 28-29) for additional shape options.

14" Modesty

Desk Styles

21" Modesty

Desk Styles

28" Modesty

Desk Styles

Desk Shell - Worksurface Styles:

Standard Top:
 Back edge of top flush with modesty

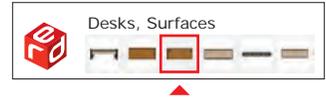

Overhanging Top
 Top overhangs back of desk by 3"

Power/Data Access Top:
 includes aluminum flip-up lid to provide top access to power and data cables

Create Platform | Worksurfaces

Create worksurfaces span across, or are supported by credenza storage.
 Use full height or credenza height supports at free ends.
 Optional grommets, pop-up power modules and edge styles available on all worksurface shapes.
 Specify a worksurface stiffener for all top shapes with a free span between supports of greater than 60"

Rectangular **Length:** 24" - 84" **Depth:** 18", 21", 24", 30", 36"

Product code: CPWR

Rectangular worksurface shown with optional grommet locations

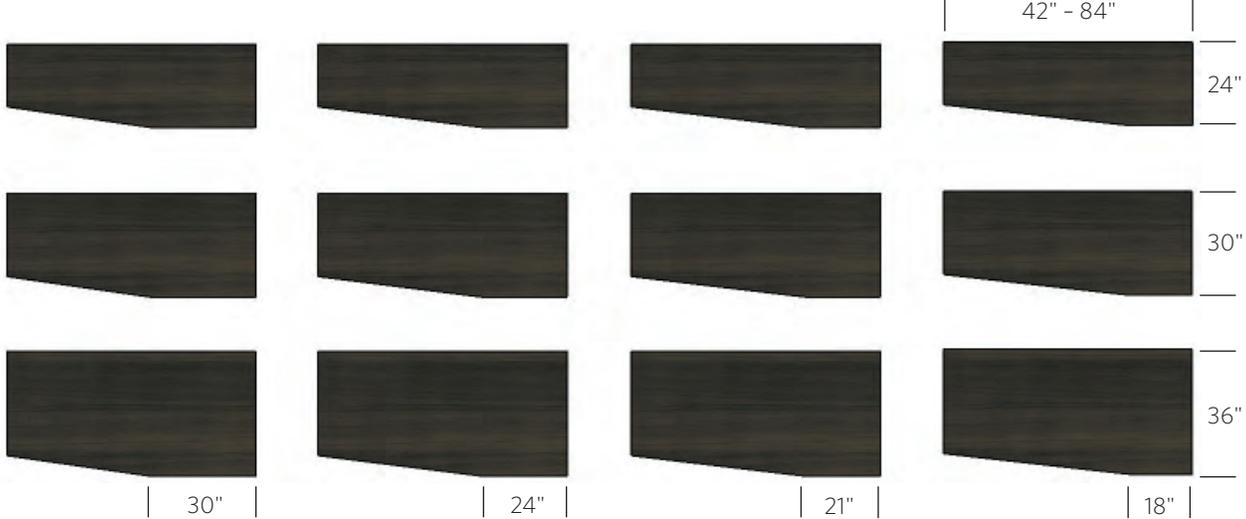

Rectangular worksurface shown with optional pop up power module locations

Asymmetrical Taper: **Length:** 42" - 84" **Depth 1:** 24", 30" 36" **Depth 2:** 18", 21", 24", 30"

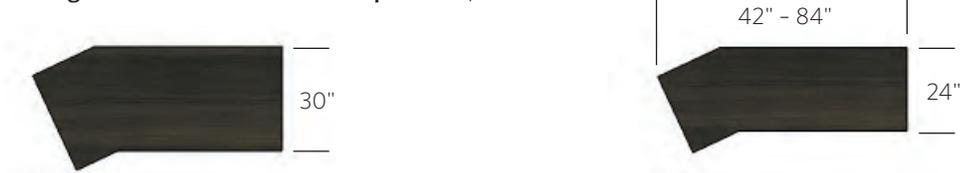

Product code: CPWA

Shown extended left. Available extended Right.

Canted: **Length:** 42" - 84" **Depth 1:** 24", 30"

Product code: CPWC

Shown extended left. Available extended Right.

Edge Styles:

3mm Solid wood or 3mm PVC on working side only

3mm Solid wood or 3mm PVC on working and Visitor side

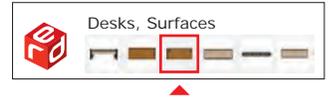

*Knife edge on one side only

*Knife edge on working and Visitor side

* Some limitations apply. See note on p.6

Create Platform | Worksurfaces

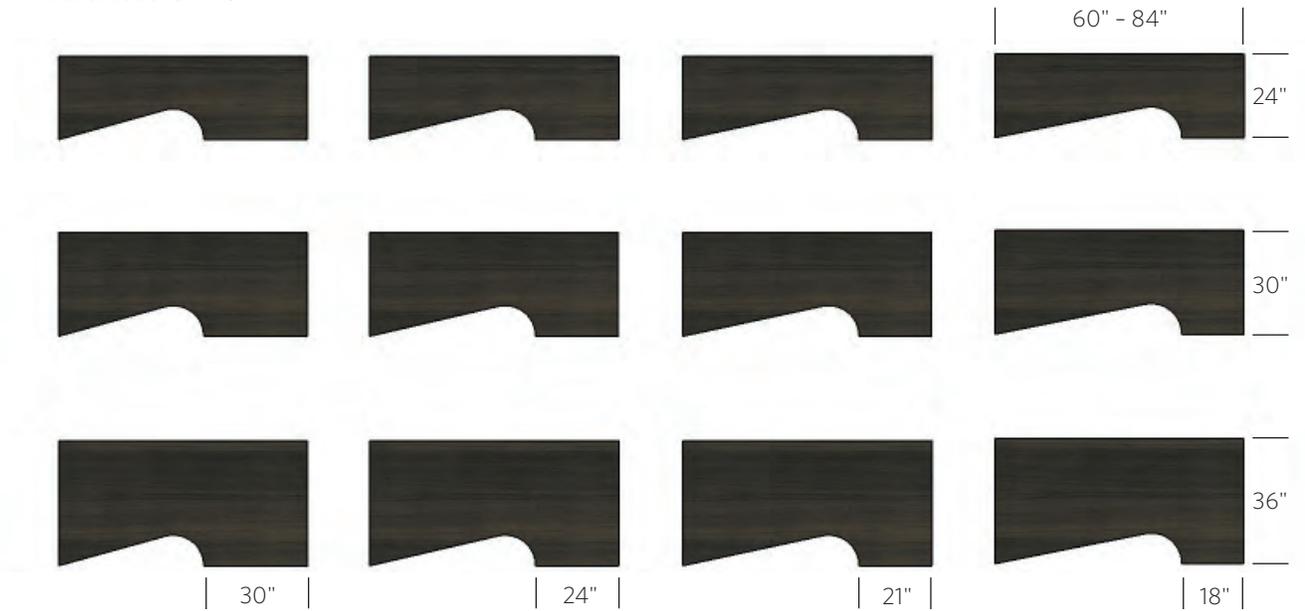

Galley:
Product code: CPWG

Length: 60" - 84"

Depth 1: 24", 30", 36"

Depth 2: 18", 21", 24", 30"

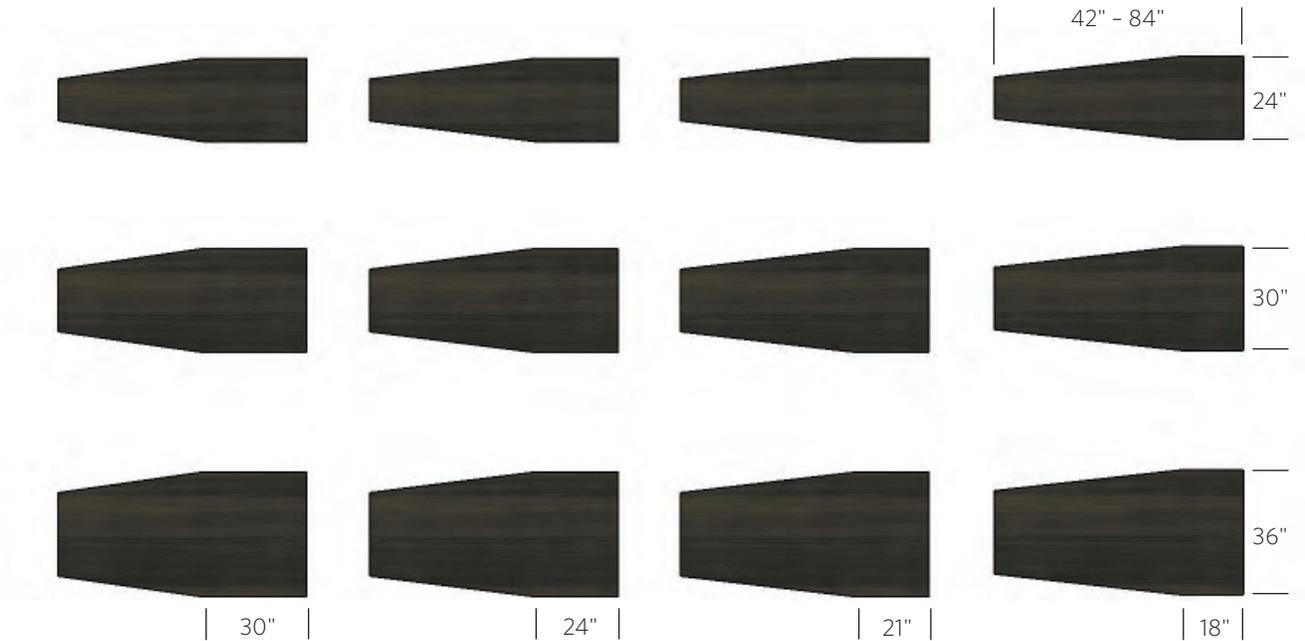

Shown extended left. Available extended Right.

Tapered:
Product code: CPWT

Length: 42" - 84"

Depth 1: 24", 30", 36"

Depth 2: 18", 21", 24", 30"

Create Platform | Other Tops and surfaces

Credenza and Pedestal Tops - 1" thick:

Product Code: CPAT

Length: 12" - 96" in 1" increments

Depth: 18", 21", 24"

Credenza

Pedestals

Shown with cushion.
See p.23 for cushions.

Available with grommets and/or power module

Organizer Tops - mount over 24"h pedestals

Product Code: CPAO

Depth: 15", 18", 21"
(h=5")

Supported both sides by 24"h Pedestals

Offset organizer supported one end by L-Shape or Cove leg.
Not available in RED, contact customer service.

Available with grommets and/or power module

Length:

15", 18", 21", 24"
one slot

30", 36"
two slots

42", 48"
three slots

54", 60"
four slots

66", 72"
five slots

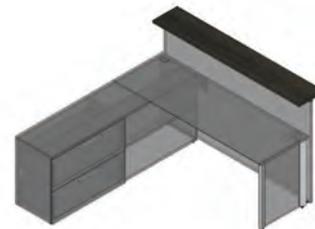

78", 84"
six slots

Reception Counters - 1" thick:

Product Code: OSR

Length: 24" - 84" in 1" increments

Depth: 12"

Reception counters mount on Privacy screens and MultiStations OS panels

Edge Styles for Tops, Organizers and Reception counters:

3mm Solid wood
or 3mm PVC on
working side only

3mm Solid wood or
3mm PVC on working
and Visitor side

*Knife edge one side
only

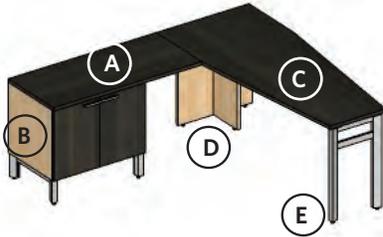

* Knife edge on working
and Visitor side

* Knife edge available on reception counters only. Not available on credenza tops or organizer tops.

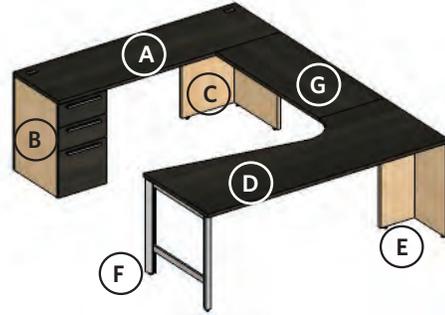

Create Platform | Surface Mounting Options

Worksurface and Top mounting examples:

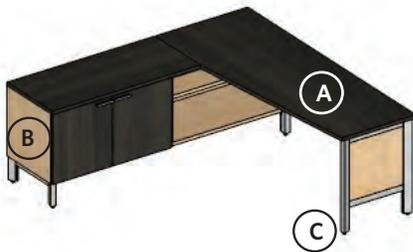

Credenza top (A) supported by 28" h credenza (B) and mended to Tapered worksurface (C).
Tapered worksurface supported by T-Shape leg (D) and 7" (frame height) aluminum stretcher leg (E).

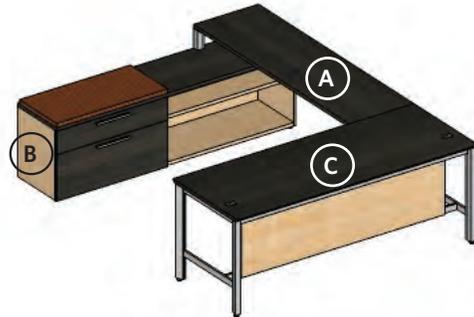

Credenza top (A) supported by pedestal (B) and L-Shape leg (C).
Galley worksurface (D) supported by T-Shape (E) and 21" (frame height) Aluminum stretcher leg (F). Rectangular bridge (G) mended to credenza top (A) and galley worksurface (D).

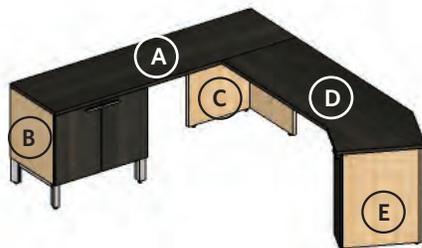

Asymmetric tapered worksurface return (A) supported left by 28" h credenza* (B) and supported right by framed stretcher leg (C).

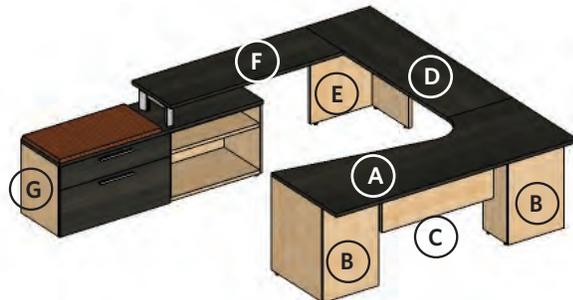

Rectangular worksurface (A) supported left by riser on 21" h credenza unit* (B), mended on right side to executive desk (C).

Credenza top (A) supported by 28" h credenza (B) and L-Shape leg (C).
Canted worksurface (D) supported by 28" h pedestal (E) and mended on left side to credenza top (A).

Galley Worksurface (A) supported by inset left and right cove legs (B), shown with 21" h modesty screen (C).
Rectangular worksurface (D) supported left by L-Shape leg (E) and mended right to Galley worksurface. Credenza top (F) supported by 21" h credenza unit* (G) and mended to bridge worksurface (D).

Notes:

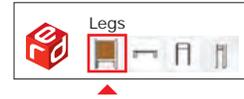

*Credenza base cabinet + credenza top

For worksurfaces and tops with free spans (between supports) over 60" add a worksurface stiffener.

See page 16 & 17 for worksurface shapes, See page 20 & 21 for legs and supports.

Create Platform | Worksurfaces Legs

Use Worksurface legs to support one free end of a worksurface or credenza top. Aluminum framed legs are not intended for use at both ends without a supporting modesty panel. See Executive Desk models (pg 14) for this construction option.

Aluminum leg - Single depth worksurface: **Depths:** 12", 18", 21", 24", 30", 36 **Height:** 28"
Product code: CPLA

Aluminum Worksurface Risers: *Depth: 18", 21", 24", 30", 36" **Height: 6"**
Product code: CPRA

Worksurface risers support worksurfaces and tops over 21" h credenza's

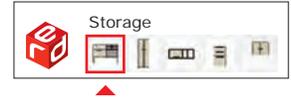

Worksurface supported on right side by Aluminum Riser

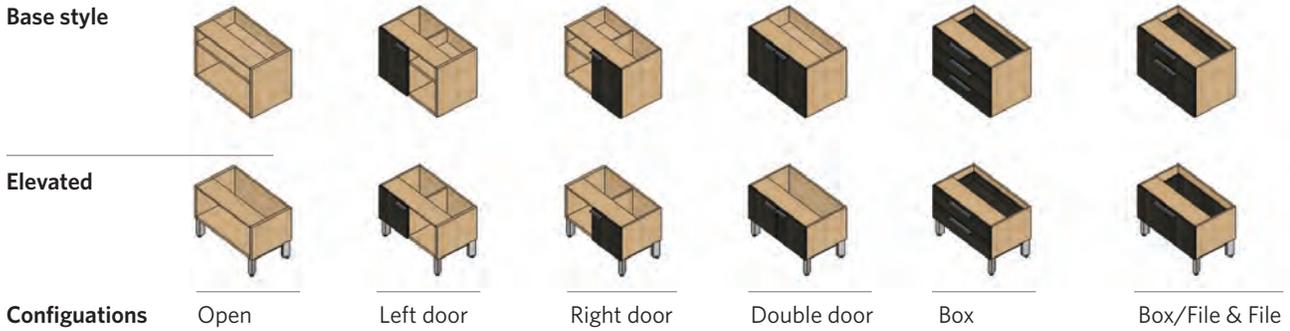

*Riser depths match worksurface or credenza top depths.

Create Platform | 21"h Credenza Storage

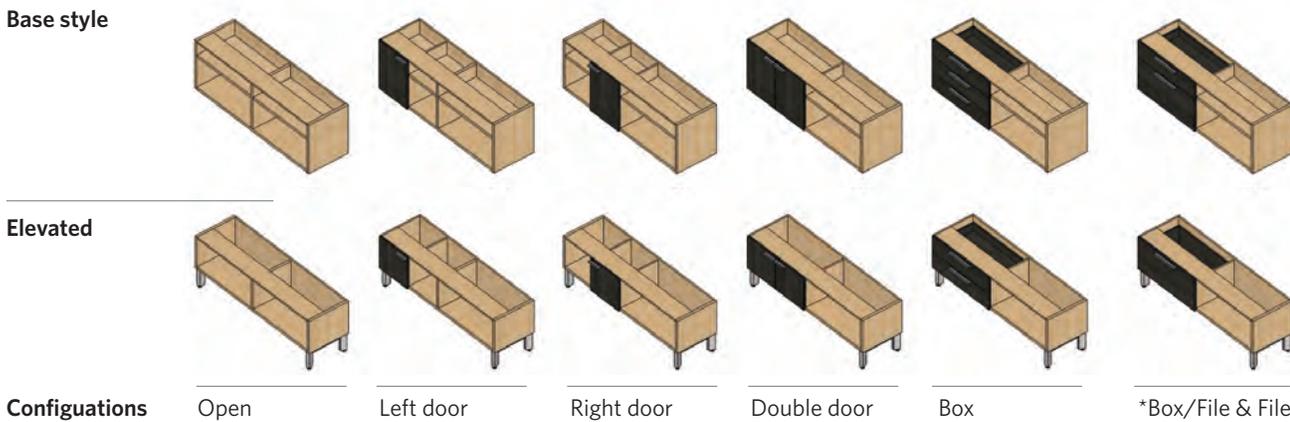

Product Code: CPSC
Depths: 18", 21"

Lengths: 24", 30", 36" – note: 24" units with doors only have a single door hinged left or right

Lengths: *42", 48", *54", 60", **66", 72", **78", *84"

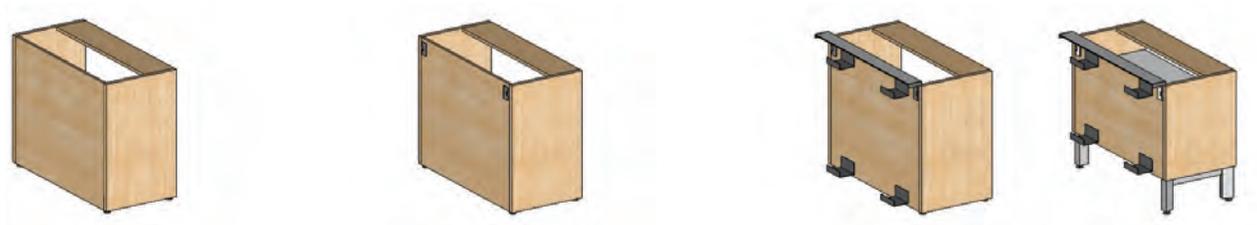

Notes:

All left side storage configurations shown are also available on right side of unit (shown open above), or on both sides.
 All units with drawers are available with vertical grain matched fronts.
 * 42", 54" and 84" units are not available in configurations with file drawers
 ** 66" and 78" configurations with file drawers are asymmetric and allow a 36" w file drawer on one side only. Opposite side is limited to open or door configuration options only.

Credenza unit Back and Top options - Options apply to all configurations of both 21"h and 28"h units

Back Styles: Standard, Wire Access or Cable organizer
Top Styles: Standard, Power/Data Access with aluminum flip up lid

Standard Back
 no grommets
 Shown with Standard Top Style

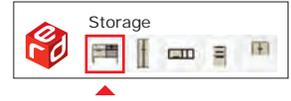

Wire Access Back
 includes grommets each side
 Shown with Standard Top Style

Cable organizer back
 includes grommets and cable management brackets
 Shown with Power/Data Access Top Style with flip up lid

For Credenza and pedestal tops - See p.18. Cushions - p.23

Create Platform | 28"h Credenza Storage
