SPECIFICATION GUIDE

Offices. Perfectly Tailored.TM

Benching

Product Code: GEBRdxdydz-S1S1A1-SED1F1G0
Length: 60", 72", 84"
Depths: 51", 63"
Thickness: 1"

The unique style and construction of this benching program allows for multiple stations with only a recessed leg at the seam. In the center is a powered spine with flip up aluminum lids for easy access to power and data. This design boasts the ability to provide various styles of privacy dividers as well as extensions and storage options.

Standard Components

End

Starter

Many additional options available including dividers, extensions and storage.

Bridge

Middle

The center support is designed to reduce number of legs on large table configurations leaving options open for seating arrangements, capacity and lateral movement. Each recess leg has dual-cable access to floor.
