1.0 SCOPE OF WORK

1.1 PURPOSE

The State of Mississippi, Office of the Governor, Division of Medicaid (DOM), requests proposals from qualified firms, to provide assistance with the design and development of a reimbursement methodology rate structure for all outpatient drugs as defined in 42 U.S.C. 1396r-8, maintenance and administration of the rate structure, as necessary, and related analysis and consulting services. DOM is interested in considering all options available to the State. The goal of the program is to determine the appropriate ingredient cost of product(s) to use as a basis for pharmacy reimbursement. Section 1902(a)(30)(A) of the Social Security Act requires that States "assure that payments are consistent with efficiency, economy and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area."

At this time, DOM uses Estimated Acquisition Cost methodology (EAC) which uses a variety of pricing parameters: Average Wholesale Price (AWP), Federal Upper Limit (FUL), usual and customary and Wholesale Acquisition Costs (WAC). DOM will be responsible for complying with the Patient Protection and Affordable Care Act (ACA) FUL and intends to use the national published benchmark, National Average Drug Acquisition Cost (NADAC).

1.2 BACKGROUND

DOM Drug Utilization Data for State Fiscal Year 2015 (July 1, 2014 – June 30, 2015)

1. Approximately 25% of Medicaid beneficiaries were enrolled in MSCAN and approximately 75% were enrolled in fee for service during Fiscal Year 2015.
2. Approximately 900 pharmacies are enrolled as Medicaid providers.
3. Approximately 6.4 million prescription drug claims were reimbursed.
4. The average reimbursement of a generic drug was \$34.56 compared to \$309.93 for a brand name drug.
5. The combined (fee for services and managed care) total reimbursement paid to pharmacies was \$551 million. Paid reimbursement amounts represent amounts reported on claims as paid to pharmacies. These amounts do not reflect the final actual cost to Medicaid after federal and supplemental rebates were collected.

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

6. DOM's generic utilization rate ranged from 79% to 87%.

As of Fiscal Year 2016, approximately 65% of Medicaid beneficiaries are enrolled in MSCAN and 35% are enrolled in fee for service.

DOM reimburses pharmacies for drugs as outlined in the Mississippi Medicaid State Plan and Administrative Code Title 23, Part 214 Pharmacy Services. Coordinated Care Organizations (CCO) are required to reimburse all in-network providers enrolled in those organizations at rates no less than what Medicaid reimburses fee for service providers. This information can be found on the DOM website:-<http://www.medicaid.ms.gov>.

DOM has no State Maximum Allowable Cost program. Xerox is the current pharmacy claims processor responsible for the State's Medicaid Management Information System (MMIS).

Offerors are encouraged to propose innovative solutions to meet or exceed the requirements of this RFP. All proposals must be consistent with current DOM policies, and federal and state law.

1.4 TECHNICAL REQUIREMENTS

DOM seeks a Contractor with a minimum of eight (8) years of experience servicing government accounts to coordinate all phases of defining and maintaining the pharmacy rate setting methodology that is consistent with both federal and state law. The Contractor must provide proven methodologies, yet preserve flexibility for DOM to customize the pharmacy program to suit Mississippi's needs.

Like most states, Mississippi has a number of environmental and other factors relating to the provision of pharmacy products and services that are unique to the state. For example, the number of independently owned pharmacies which are highly dependent on Medicaid reimbursement must be carefully considered when setting and maintaining rates.

The Contractor will be required to adhere to the performance requirements of the contract as well as the requirements of any revisions in federal or state legislation or regulations which may be enacted or implemented during the period of performance of this contract that are directly applicable to the performance requirements of this contract.

The scope of work is written to describe the requirements for the Contractor. Proposals must clearly and succinctly state how the Offeror proposes to meet or exceed these requirements if they are selected as the Contractor.

1.4.1 Major Tasks

Offerors should propose a solution to define and maintain a rate setting methodology. Offerors should propose:

1. Various methods to use in determining DOM's acquisition cost for pharmaceuticals covered by the Mississippi Medicaid program in accordance with Miss. Code § 43-13-117(A)(9)(b) (1972, amended);
2. Process for developing a rate structure to encompass a new pricing benchmark for drug ingredient costs including an evaluation of dispensing fees performed at an interval determined by DOM; and
3. Plans for maintaining and administering the accepted pricing benchmark, as necessary.

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

4. Process for monitoring and forecasting the economic impact to MS Medicaid of drugs that are predicted to have a substantial economic impact, including but not limit to specialty or pipeline drugs). These drugs could include certain orphan drugs, which may have low utilization overall, but due to their anticipated higher cost, will impact DOM's spend when patients begin therapy. They may also include additional treatment options within a disease state.

Each of these major tasks must be accomplished and presented separately.

Requirements of this RFP and possible resulting contract are subject to future changes by CMS. Offerors are encouraged to propose innovative solutions to meet or exceed the requirements of the RFP. All proposals must be consistent with current DOM policies and limitations for covered services, provider types, state plan benefits, and federal and state law.

1.5 RATE STRUCTURE DESIGN AND DEVELOPMENT

The Contractor shall create comprehensive plans to design, develop, implement, and maintain a drug reimbursement methodology for DOM covered drugs. DOM desires to implement a rate structure based on ACA.

DOM desires a drug pricing benchmark to include brand and generic legend drugs/products as well as covered over-the-counter medications/products:

1. The ability to accurately measure drug acquisition cost;
2. A price for all national drug codes (NDCs);
3. A method that can be used for many years;
4. Processes to update drug prices to reflect changes in the drug market;
5. The ability to clearly determine how the benchmark price was derived;
6. The ability to obtain benchmark prices from established resources;
7. The ability to identify and monitor national industry trends; and
8. The ability to identify and monitor drug shortages or other potential impacts on the market.

In addition to the drug ingredient cost, the Contractor must conduct an evaluation of the payment of a professional dispensing fee and include any proposed changes as part of the rate structure design. The current definition of dispensing fee is listed in the Code of Federal Regulations (CFR) 42 CFR 447.502.

The Contractor must conduct all activities associated with the rate structure design, development, implementation, and maintenance. In addition, the Offeror must create a proposed schedule for all activities necessary to complete all requirements. The Contractor must submit a final schedule for DOM approval thirty (30) calendar days prior to operations.

The Contractor will be required to conduct coordination activities with DOM, as well as seek input from stakeholders, pharmacy provider associations, or other interested parties, necessary to implement and maintain the project. This coordination may be done via phone/conference calls, memos, letters, etc., or may require face-to-face meetings. All presentations and written information shared with providers, pharmacy associations, and

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

other stakeholders shall be submitted to DOM for approval thirty (30) calendar days prior to use. The Offeror must demonstrate an ability to coordinate and manage these activities.

For purposes of acquiring any drug costs and/or evaluating professional dispensing fees, the Contractor must streamline the process of requesting, obtaining, analyzing, and reporting information/data to ensure minimal administrative tasks for providers. The Contractor must be able to accept surveys/invoices via fax, mail, and electronic means from the pharmacy and/or wholesaler. The Contractor must detail a process for the electronic collection of this data directly from the wholesaler with the allowance for manual submission only if requested by the provider. The Offeror must demonstrate an ability to coordinate and manage these activities.

The Offeror shall submit in their proposal data file formats and data fields required necessary to perform any and all functions of this contract. DOM shall provide the Contractor with data file formats, data fields available and user agreements after contract award.

The Offeror's proposal must include comprehensive plans to undertake all facets of the design, development, and implementation of the rate structure. The Contractor is encouraged to recommend additional plans and tasks to DOM for approval.

The Offeror must demonstrate knowledge of the MS environment, provider community, and applicable risks associated with developing and maintaining a payment methodology for the pharmacy program. The Offeror must demonstrate plans to ameliorate or minimize identified risks or potential risks.

1.6 MAINTENANCE AND ADMINISTRATION OF PRICING BENCHMARK

The Offeror shall describe how they will maintain and administer the DOM drug pricing benchmark including regularly and consistently applied updates. The Offeror shall describe how they will respond to market changes (price changes, new generics, increased generic competition, generic manufacturer withdrawal from the market, etc.) and how they will provide appropriate and timely adjustments, if necessary. The Contractor must document and report any adjustments to prices.

Maintenance and administration of the pricing benchmark must include all of the same core requirements as described in Section 1.4 and be used in the design and development of the rate structure.

The Contractor must provide DOM with information on external factors affecting prescription drug pricing, including but not limited to federal legislation and program implementation, any legal issues or cases affecting drug pricing, trends in drug reimbursement, trends in professional dispensing fees, and/or pharmacy provider issues. The Contractor shall report this information on the 10th calendar day of every month following the month of service and within one (1) business day for any urgent developments.

The Contractor must evaluate and report to DOM price changes in brand and generic legend drugs/products as well as covered over-the-counter medications/products, changes in the number of manufacturers and/or wholesalers, and changes in availability, within one (1) business day of identification.

The Contractor must have the capability to provide NADAC prices directly to DOM's fiscal agent so as to address the time lag it takes for CMS to push out new NADAC prices or NADAC price updates to First Data Bank.

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

For drugs that have no standard benchmark price, i.e., NADAC or WAC, the Contractor must ensure DOM provides fair and equitable reimbursement to pharmacy providers by providing an Average Acquisition Costs (AAC) to insure compliance with ACA (42 CFR Part 447 Medicaid Program Covered Drugs).

The Contractor must provide published on-line drug pricing access for providers. A link to the Contractor's site with the published drug pricing must be made available to DOM ten (10) calendar days prior to the Contract start date for placement on the DOM website.

The Contractor must be able to respond within one (1) business day to changing circumstances in the drug marketplace that require any prices to be reviewed and reduced, increased, added, or removed in the system.

The Contractor must provide support by telephone, fax, email, mail, internet, or other means and promptly investigate, respond to, and resolve any questions or concerns by providing some evidence of pricing or drug product availability. The Contractor must respond to DOM or provider or stakeholder questions within one (1) business day of receipt with a resolution or proposed resolution.

The Contractor must be prepared to provide expert testimony when necessary.

1.7 REPORTING AND DELIVERABLES

The Contractor will support DOM with comprehensive administrative reports necessary for decision making and efficient program operation. The Contractor shall be required to provide at a minimum the following types of reports in a format and frequency as approved by DOM. The Offeror may make recommendations concerning additional reporting requirements.

The Contractor shall submit written reports of contract status to DOM on the 10th calendar day of every month following the month of service. The progress report must include:

- 1) Current schedule of activities related to the contract
- 2) Status of all activities
- 3) Completed activities

The Contractor will be required to adhere to the performance requirements of the contract as well as the requirements of any revisions in federal and state legislation or regulations which may be enacted or implemented during the period of performance of this contract that are directly applicable to the performance requirements of this contract. Such requirements will become a part of this contract effort through execution of a written contract amendment. The anticipated operations start date is July 1, 2016.

1.11.3 Turnover Phase

Prior to any transfer of the contract and the functions to another Contractor, the Contractor must provide assistance in turning over the responsibilities to DOM or its designated agent.

1. Turnover Plan
2. Detailed organization chart
3. All Medicaid documents
4. Turnover Results Reports

1.12 CONTRACTOR PAYMENT

The total amount payable by DOM to the Contractor under this contract shall be limited to the following:

1.12.1 Implementation Price

The Contractor shall be paid an implementation price of no more than the actual implementation costs up to the amount specified in the Contractor's proposal set forth in Appendix A. The payment schedule will be determined within 30 days of the contract signing and based on milestones and deliverables. The total bid price for implementation must be entered in the appropriate block of Appendix A.

1.12.2 Operations Price

Beginning on the program operations start date, the Contractor will be paid on a monthly basis in accordance with the Contractor's bid price proposals set forth in Appendix A which shall be firm and fixed for the period of the contract.

Contractors shall submit as a component of the business/cost proposal, the method of price determination best suited for the proposed services, i.e., price per request, price per match, annual firm fixed price (with or without contingency adjustments), or a combination of pricing methods.

Regardless of the method of price determination, Contractors shall submit a total price per year that is inclusive of all costs for the services outlined in the scope of work, including operations, production of all reports, and system management functions as defined in this RFP. A separate per year price shall be submitted on Appendix

All travel performed in conjunction with performing the responsibilities of this contract shall not include any profit for the Contractor. Travel costs should be included in the implementation and operations costs as necessary. All travel costs must be prior approved by DOM.

1.12.5 Erroneous Issuance of Compensation

In the event compensation to the Contractor of any kind is issued in error, the Contractor shall reimburse DOM the full amount of erroneous payment within 30 days of written notice of such error. Interest shall accrue at the statutory rate upon any amounts determined to be due and not repaid within 30 days following the notice. If payment is not made within 30 days following notice, DOM may deduct the amount from the Contractor's monthly administrative invoice.

1.12.7 Release

Upon final payment of the amounts due under this contract, the Contractor shall release DOM and its officers and employees from all liabilities and obligations whatsoever under or arising from this contract. Payment to the Contractor by DOM shall not constitute final release of the Contractor. Should audit or inspection of the Contractor's records subsequently reveal outstanding Contractor liabilities or obligations, the Contractor shall remain liable to DOM for such liabilities and obligations. Any overpayments by DOM shall be subject to any appropriate recoupment to which DOM is lawfully entitled. Any payment under this contract shall not foreclose the right of DOM to recover excessive or illegal payments as well as interest, attorney fees, and costs incurred in such recovery.

2 AUTHORITY

This RFP is issued under the authority of Title XIX of the Social Security Act as amended, implementing regulations issued under the authority thereof, and under the provisions of the Mississippi Code of 1972, as amended. All prospective contractors are charged with presumptive knowledge of all requirements of the cited authorities in this RFP. The submission of a valid executed proposal by any prospective contractor shall constitute admission of such knowledge on the part of each prospective contractor. Any proposal submitted by any prospective contractor which fails to meet any published requirement of the cited authorities may, at the option of DOM, be rejected without further consideration.

Medicaid is a program of medical assistance for the needy administered by the states using state appropriated funds and federal matching funds within the provisions of Title XIX of the Social Security Act, as amended. In Mississippi, the state Medicaid agency also administers the separate CHIP program under Title XXI of the Social Security Act, as amended.

In addition, Section 1902(a)(30)(A) of the Social Security Act, as amended, requires that State Medicaid Agencies provide methods and procedures to safeguard against unnecessary utilization of care and services and to assure “efficiency, economy, and quality of care.”

The IT solution proposed in response to this RFP must be in compliance with the State of Mississippi’s Enterprise Security Policy. The Enterprise Security Policy is based on industry-standard best practices, policy, and guidelines and covers the following topics: web servers, email, virus prevention, firewalls, data encryption, remote access, passwords, servers, physical access, traffic restrictions, wireless, laptop and mobile devices, disposal of hardware/media, and application assessment/certification. Given that information security is an evolving technology practice, the State reserves the right to introduce new policy during the term of the contract resulting from this RFP and require the Contractor to comply with same in the event the industry introduces more secure, robust solutions or practices that facilitate a more secure posture for the State of Mississippi.

The Enterprise Security Policy is available to third parties on a need-to-know basis and requires the execution of a non-disclosure agreement with the Department of Information Technology Services (ITS) prior to accessing the policy. The Offeror or Contractor may request individual sections of the Enterprise Security Policy or request the entire document by contacting the procurement officer.

3 PROCUREMENT PROCESS

3.1 APPROACH

This RFP is designed to provide the Offeror with the information necessary to prepare a competitive proposal. Similarly, the RFP process is intended to also provide DOM with the necessary information to adequately assist DOM in the selection of a Contractor to provide the desired services. It is not intended to be comprehensive, and each Offeror is responsible for determining all factors necessary for submission of a comprehensive and accurate proposal. DOM reserves the right to interpret the language of this RFP or its requirements in a manner that is in the best interest of the State.

DOM will ensure the fair and equitable treatment of all persons and Offerors in regards to the procurement process. The procurement process provides for the evaluation of proposals and selection of the winning proposal in accordance with Federal and State laws and regulations. Specifically, the procurement process is guided by appropriate provisions of the State Personal Service Contract Review Board Regulations which are available for inspection at 210 East Capitol Street, Suite 800, Jackson, Mississippi or downloadable at www.mspb.ms.gov.

Separate technical and business proposals shall be submitted simultaneously but will be opened at different stages of the evaluation process. Technical Proposals will be thoroughly evaluated in order to determine point scores for each evaluation factor and a final technical score determined before evaluation of the Business Proposal. The evaluation and selection process is described in more detail in Section 7 of this RFP.

Submission of a proposal in response to this RFP constitutes acceptance of the conditions governing the procurement process, including the evaluation factors contained in Section 7 of this RFP, and constitutes acknowledgment of the detailed descriptions of the Mississippi Medicaid Program.

No public disclosure or news release pertaining to this procurement shall be made without prior written approval of DOM. Failure to comply with this provision may result in the Offeror being disqualified.

3.2 QUALIFICATION OF OFFEROR

Each corporation shall report its corporate charter number in its transmittal letter or, if appropriate, have attached to its transmittal letter a signed statement to the effect that said corporation is exempt from the above described, and set forth the particular reason(s) for exemption. All corporations shall be in full compliance with all Mississippi laws regarding incorporation or formation and doing business in the State of Mississippi and shall be in compliance with the laws of the state in which they are incorporated, formed, or organized.

DOM may make such investigations as necessary to determine the ability and commitment of the Offeror to adhere to the requirements specified within this RFP and its proposal, and the Offeror shall furnish to DOM all such information and data for this purpose as may be requested. DOM reserves the right to inspect Offeror's physical facilities prior to award to satisfy questions regarding the Offeror's capability to fulfill the requirements of the contract. DOM reserves the absolute right to reject any proposal if the evidence submitted by, or investigations of, such Offeror fail to satisfy DOM that such Offeror is properly qualified to carry out the obligations of the contract and to complete the work or furnish the items contemplated.

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

DOM reserves the right to reject any and all proposals, to request and evaluate “best and final offers” from some or all of the respondents, to negotiate with the best proposed Offeror to address issues other than those described in the proposal, to award a contract to other than the lowest cost Offeror, or not to make any award if it is determined to be in the best interest of DOM and the State.

Discussions may be conducted by the procurement officer with any Offeror that submits a proposal determined to be reasonably susceptible of being selected for award. Proposals may also be accepted without such discussions. DOM reserves the right to request additional information or clarification of an Offeror’s proposal. The Offeror’s cooperation during the evaluation process in providing DOM staff with adequate responses to request for clarification will be considered a factor in the evaluation of the Offeror’s overall responsiveness. Lack of such cooperation or failure to provide the information in the manner required may, at DOM’s discretion, result in the disqualification of the Offeror’s proposal.

3.3 RULES OF PROCUREMENT

To facilitate the DOM procurement, various rules have been established and are described in the following paragraphs.

3.3.1 Restrictions on Communications with DOM Staff

From the issue date of this RFP until a Contractor is selected and the contract is signed, Offerors and/or their representatives are not allowed to communicate with any DOM staff regarding this procurement except the RFP Issuing Officer Matthew Nassar.

For violation of this provision, DOM shall reserve the right to reject any proposal.

3.3.2 Amendments to this Request for Proposals

DOM reserves the right to amend the RFP at any time. All amendments will be posted to the DOM website at <http://www.medicaid.ms.gov/resources/procurement/>. After March 25, 2016, Offerors submitting proposals will be notified when amendments are released.

Offerors shall acknowledge receipt of any amendment to the solicitation by signing and returning the form provided with the amendment, and identifying the amendment number and date in the Offeror’s Transmittal Letter. The acknowledgment must be received by DOM by the time and at the place specified for receipt of bids.

3.3.3 Cost of Preparing Proposal

Costs of developing the proposals are solely the responsibility of the Offerors. DOM will provide no reimbursement for such costs. Any costs associated with any oral presentations to DOM shall be the responsibility of the Offeror and shall in no way be billable to DOM. If site visits are made, DOM’s cost for such visits shall be the responsibility of DOM and the Offeror’s cost shall be the responsibility of the Offeror and shall in no way be billable to DOM.

3.3.4 Certification of Independent Price Determination

The Offeror certifies that the prices submitted in response to the solicitation have been arrived at independently and without, for the purpose of restricting competition, any consultation, communication, or agreement with any other Offeror or competitor relating to those prices, the intention to submit a bid, or the methods or factors used to calculate the prices bid.

3.3.5 Acceptance of Proposals

After receipt of the proposals, DOM reserves the right to award the contract based on the terms, conditions, and premises of the RFP and the proposal of the selected Contractor without negotiation.

All proposals properly submitted will be accepted by DOM. After review DOM may request necessary amendments from all Offerors, reject any or all proposals received, or cancel this RFP, according to the best interest of DOM and the State of Mississippi.

DOM also reserves the right to waive minor irregularities in bids providing such action is in the best interest of DOM and the State of Mississippi. A minor irregularity is defined as a variation of the RFP which does not affect the price of the proposal, or give one party an advantage or benefit not enjoyed by other parties, or adversely impact the interest of DOM.

Where DOM may waive minor irregularities as determined by DOM, such waiver shall in no way modify the RFP requirements or excuse the Offeror from full compliance with the RFP specifications and other contract requirements if the Offeror is awarded the contract.

DOM reserves the right to exclude any and all non-responsive proposals from any consideration for contract award. DOM will award a firm fixed price contract to the Offeror whose offer is responsive to the solicitation and is most advantageous to DOM and the State of Mississippi in price, quality, and other factors considered.

3.3.6 Rejection of Proposals

A proposal may be rejected for failure to conform to the rules or the requirements contained in this RFP. Proposals must be responsive to all requirements of the RFP in order to be considered for contract award. DOM reserves the right at any time to cancel the RFP, or after the proposals are received to reject any of the submitted proposals determined to be non-responsive. DOM further reserves the right to reject any and all proposals received by reason of this request. Reasons for rejecting a proposal include, but are not limited to, the following:

1. The proposal contains unauthorized amendments to the requirements of the RFP.
2. The proposal is conditional.
3. The proposal is incomplete or contains irregularities that make the proposal indefinite or ambiguous.
4. The proposal is not signed by an authorized representative of the party.
5. The proposal contains false or misleading statements or references.
6. The Offeror is determined to be non-responsible as specified in Section 3-401 of the Mississippi State Personal Services Contract Review Board Regulations.

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

7. The proposal ultimately fails to meet the announced requirements of the State in some material aspect.
8. The proposal price is clearly unreasonable.
9. The proposal is not responsive, i.e., does not conform in all material respects to the RFP.
10. The supply or service item offered in the proposal is unacceptable by reason of its failure to meet the requirements of the specifications or permissible alternates or other acceptability criteria set forth in the RFP.
11. The Offeror does not comply with the Procedures for Delivery of Proposal as set forth in the RFP.
12. The Offeror currently owes the State money.

3.3.7 Alternate Proposals

Each Offeror, its subsidiaries, affiliates, or related entities shall be limited to one Technical Proposal and one Business Proposal which is responsive to the requirements of this RFP. Failure to submit a responsive proposal will result in the rejection of the Offeror's proposal. Submission of more than one proposal by an Offeror may, at the discretion of DOM, result in the summary rejection of all proposals submitted. An Offeror's proposal shall not include variable or multiple pricing options.

3.3.8 Proposal Amendments and Withdrawal

Prior to the proposal due date, a submitted proposal may be withdrawn by submitting a written request for its withdrawal to DOM, signed by the Offeror.

An Offeror may submit an amended proposal before the due date for receipt of proposals. Such amended proposal must be a complete replacement for a previously submitted proposal and must be clearly identified as such in the Transmittal Letter. DOM will not merge, collate, or assemble proposal materials.

Unless requested by DOM, no other amendments, revisions, or alterations to proposals will be accepted after the proposal due date.

Any submitted proposal shall remain a valid proposal for one hundred eighty (180) days from the proposal due date.

3.3.9 Disposition of Proposals

The proposal submitted by the successful Offeror shall be incorporated into and become part of the resulting contract. All proposals received by DOM shall upon receipt become and remain the property of DOM. DOM will have the right to use all concepts contained in any proposal and this right will not affect the solicitation or rejection of the proposal.

3.3.10 Responsible Contractor

DOM shall contract only with a responsible Contractor who possesses the ability to perform successfully under the terms and conditions of the proposed procurement and implementation. In letting the contract, consideration shall be given to such matters as Contractor's integrity, performance history, financial and technical resources, and accessibility to other necessary resources.

3.3.11 Best and Final Offers

The Executive Director of DOM may make a written determination that it is in the State's best interest to conduct additional discussions or change the State's requirements and require submission of best and final offers. The Procurement Officer shall establish a date and time for the submission of best and final offers. Otherwise, no discussion of or changes in the bids shall be allowed prior to award. Offerors shall also be informed that if they do not submit a notice of withdrawal or another best and final offer, their immediate previous offer will be construed as their best and final offer.

3.4 ORAL PRESENTATION

DOM does not anticipate conducting Oral Presentations.

3.5 STATE APPROVAL

Approval from the Mississippi Personal Services Contract Review Board must be received before contract execution. Every effort will be made by DOM to facilitate rapid approval and a start date consistent with the proposed schedule.

3.6 NOTICE OF INTENT TO AWARD

Award shall be made in writing to the responsible Offeror whose proposal is determined to be the most advantageous to the State taking into consideration price and evaluation factors set forth in the RFP. The notice of intended contract award shall be sent by e-mail with reply confirmation to the winning Offeror. Unsuccessful Offerors will be notified in the same manner after the award has been accepted or declined.

Consistent with existing State law, no Offeror shall infer or be construed to have any rights or interest to a contract with DOM until final approval is received from all necessary entities and until both the Offeror and DOM have executed a valid contract.

3.7 POST-AWARD DEBRIEFING

3.7.1 Debriefing Request

Offerors may request a post-award debriefing, by email to the Procurement Officer, to be received by DOM within three (3) business days of notification of the contract award. The Offeror shall submit a list of written questions simultaneously with its debriefing request. A debriefing is a meeting and not a hearing; therefore, legal representation is not required. If a vendor prefers to have legal representation present, the Offeror shall notify DOM and identify the Offeror's attorney prior to the debriefing. DOM may include its own legal representation in the debriefing.

Debriefings will not be held during the protest period. Offerors who submit a protest will not be granted a debriefing.

3.7.2 Scheduling the Debriefing

The debriefing may occur any time after the protest period has passed. The debriefing may be conducted during a face-to-face meeting, by telephone, or by any other method acceptable to both DOM and the Offeror. The Procurement Officer or designee shall chair the meeting, and where practicable, may include other staff with direct knowledge of the procurement.

3.7.3 Information to Be Provided

The debriefing information may include the following:

1. Evaluation of significant weaknesses or deficiencies in the Offeror's proposal, if applicable;
2. The overall evaluated technical rating of the debriefed Offeror;
3. The overall ranking of all Offerors developed during the selection process;
4. A summary of the rationale for award; and,
5. Reasonable responses to relevant questions as submitted by the debriefed Offeror with its request for debrief. Questions may pertain to selection procedures contained in the RFP, applicable regulations, and other applicable authorities that were followed.

3.7.4 Information Which Will Not Be Provided

The debriefing shall not include point-by-point comparisons of the debriefed Offeror's proposal with those of other Offerors. Moreover, DOM shall not reveal any information prohibited by law and/or the following:

1. Trade secrets as identified by the Offeror;
2. Privileged or confidential processes and techniques as identified by the Offeror;
3. Commercial and financial information that is privileged or confidential, to include Offeror's cost, breakdowns, profit, indirect cost rates, and similar information as identified by the Offeror and/or;
4. The names of individuals providing reference information about any Offeror's past performance.

DOM will not release copies of proposals or price information in the debriefing. These items may be requested through a Request for Public Information to DOM's Public Information Officer at RFI@medicaid.ms.gov.

3.8 PROTEST POLICY AND PROCEDURES

3.8.1 Form of the Protest

Offerors who submit technical and business proposals in response to this RFP may protest the award of the contract resulting from this RFP. Protests must be made in writing and must be received no later than seven (7) business days from the notice of non-award. Protests should be addressed to DOM's Executive Director and must contain specific grounds for the protest. Supporting documentation may be included with the protest.

A protest must state all grounds upon which the protesting party asserts that the solicitation or award was improper. Issues not raised by the protesting party in the protest are deemed waived. Protests submitted within the seven (7) business days may be supplemented and/or modified.

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

Only the following are acceptable grounds for protest:

- Failure to follow any of the following: 1) DOM procedures established in the RFP, 2) DOM rules of procurement, or 3) PSCRB Rules and Regulations;
- Errors in computing scores which contributed to the selection of an Offeror other than the lowest and best bidder; or,
- Bias, discrimination, or conflict of interest on the part of an evaluator.

Disallowed grounds include:

- Evaluators' qualifications to serve on the Evaluation Committee;
- The professional judgment of the Evaluation Committee; and,
- DOM's assessment of its own needs regarding the solicitation.

A protest that is incomplete or not submitted within the prescribed time limits will be summarily dismissed.

3.8.2 Protest Bond

Protests must be accompanied by a bond for two hundred fifty thousand dollars and zero cents (\$250,000.00) or the price of the contract whichever is lower. The protest bond shall be maintained through final resolution, whether at the agency level or through a court of appropriate jurisdiction.

DOM will return a protest bond if (1) the protesting Offeror withdraws its protest or (2) the bond is ordered to be returned by a court of competent jurisdiction. In the event DOM finds that an Offeror's protest has no merit, DOM shall at its own discretion retain all or a percentage of the submitted bond. Please refer to Section 4.9 for further details regarding proposal protests.

3.8.3 DOM's Responsibilities Regarding Protests

The Notice of Non-Award shall be accompanied by redacted copies of the evaluation score sheets.

The Procurement Officer shall provide a copy of the protest documents to the successful Offeror within three (3) business days of receipt of the protest. The successful Offeror shall have the right to provide documentation supporting the decision to award.

The Executive Director shall review all documentation concerning the procurement and may request additional documentation. He/She shall then determine whether or not the award of the contract shall be delayed or cancelled; or, if the protest is clearly without merit or that award of the contract without delay is necessary to protect the interests of the State. The Executive Director will provide written notice of the decision to the protesting Offeror. This written notice will be the final agency decision.

In some instances, the contract amendment must be approved by CMS before the change becomes effective.

DOM reserves the right to assess actual or liquidated damages, upon the Contractor's failure to provide timely services required pursuant to this contract. DOM may assess liquidated damages against the Contractor pursuant to this Section, and deduct the amount of the damages from the Contractor's next contingency payment. Any damages applied prior to recovery of money under this contract shall be applied against the first contingency payment. DOM, at its sole discretion, may establish an installment deduction plan for the amount of any damages. The determination of the amount of damages shall be at the sole discretion of DOM, within the ranges set forth below. Self-reporting by the Contractor will be taken into consideration in determining the amount of damages to be assessed. Unless specified otherwise, DOM will give written notice to the Contractor of the failure that might result in the assessment of damages and the proposed amount of the damages. The Contractor shall have fifteen (15) calendar days from the date of the notice in which to dispute DOM's determination. Unless a different amount is specifically set forth below, DOM may, at its sole discretion, assess damages between one dollar and zero cents (\$1.00) and five thousand dollars and zero cents (\$5,000.00) for each failure that occurs or remains uncorrected..

9. Failure by the Contractor to submit by the due date any material required by the Contract. DOM will give written notice to the Contractor, via fax, e-mail, overnight mail or through regular mail of the late material. The Contractor shall have ten (10) calendar days following receipt of the notice in which to cure the failure by submitting the complete and accurate material. If the material has not been submitted within the ten (10) calendar day period, DOM, without further notice, may assess damages.
10. Failure to complete corrective action as described above, the Contractor shall pay liquidated damages in the amount of \$250 per calendar day for each day the corrective action is not completed in accordance with the timeline established in the corrective action plan.
11. Failure to produce deliverables in an organized manner according to reasonable and customary business standards, the Contractor shall pay liquidated damages in the amount of \$5,000 per instance.
12. Failure of the contractor to comply with the close out and turnover requirements of this RFP may result in the assessment of damages of up to \$10,000.00, which, if imposed shall be deducted from the final payment to be made to Contractor.
13. Any other failure of Contractor that DOM determines constitutes a substantial non-compliance with any material term of the Contract and/or RFP not specifically enumerated herein.

4.3 TERM OF CONTRACT

DOM will award a contract based on proposals. The contract period begins June 1, 2016 and will terminate May 31, 2019. DOM may have, under the same terms and conditions as the existing contract, an option for two (2) one-year extension periods, provided DOM obtains approval from the Mississippi State Personal Services Contract Review Board to allow an extension period.

4.3.1 Stop Work Order

1. Order to Stop Work: The DOM Contract Administrator may, by written order to the Contractor at any time and without notice to any surety, require the Contractor to stop all or any part of the work called for by this contract. This order shall be for a specified period not exceeding ninety (90) days after the order is delivered to the Contractor, unless the parties agree to any further

period. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, the Contractor shall forthwith comply with its terms and take all reasonable steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the DOM Contract Administrator shall either:

- a. Cancel the stop work order; or
 - b. Terminate the work covered by such order as provided in the “Termination for Default by the Contractor” clause or the “Termination for Convenience” clause of this contract.
2. Cancellation or Expiration of the Order: If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, the Contractor shall have the right to resume work. An appropriate adjustment shall be made in the delivery schedule or Contractor price, or both, and the contract shall be modified in writing accordingly, if:
- a. The stop work order results in an increase in the time required for, or in the Contractor’s cost properly allocable to, the performance of any part of this contract; and
 - b. The Contractor asserts a claim for such an adjustment within thirty (30) days after the end of the period of work stoppage; provided that, if the DOM Contract Administrator decides that the facts justify such action, any such claim asserted may be received and acted upon at any time prior to final payment under this Contract
3. Termination of Stopped Work: If a stop work order or extension is not canceled and the work covered by such order is terminated for default or convenience, the reasonable costs resulting from the stop work order shall be allowed by adjustment or otherwise.
4. Adjustments of Price: Any adjustment in contract price made pursuant to this clause shall be negotiated between DOM and the Contractor.

4.3.2 Termination of Contract

The contract resulting from this RFP may be terminated by DOM as follows:

1. For default by the Contractor;
2. For convenience;
3. For the Contractor’s bankruptcy, insolvency, receivership, liquidation; and,
4. For non-availability of funds.

At DOM’s option, termination for any reason listed herein may also be considered termination for convenience.

4.3.2.1 Termination for Default by the Contractor

DOM may immediately terminate this contract in whole or in part whenever DOM determines that the Contractor has failed to satisfactorily perform its contractual duties and responsibilities and is unable to

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

resolve such failure within a period of time specified by DOM, after considering the gravity and nature of the default. Such termination shall be referred to herein as "Termination for Default."

Upon determination by DOM of any such failure to satisfactorily perform its contractual duties and responsibilities, DOM may notify the Contractor of the failure and establish a reasonable time period in which to resolve such failure. If the Contractor does not resolve the failure within the specified time period, DOM will notify the Contractor that the contract in full or in part has been terminated for default. Such notices shall be in writing and delivered to the Contractor by certified mail, return receipt requested, or in person.

If, after Notice of Termination for default, it is determined that the Contractor was not in default or that the Contractor's failure to perform or make progress in performance was due to causes beyond the control and without error or negligence on the part of the Contractor or any subcontractor, the Notice of Termination shall be deemed to have been issued as a termination for the convenience of DOM, and the rights and obligations of the parties shall be governed accordingly.

In the event of Termination for Default, in full or in part as provided by this clause, DOM may procure, upon such terms and in such manner as DOM may deem appropriate, supplies or services similar to those terminated, and the Contractor shall be liable to DOM for any excess costs for such similar supplies or services for the remainder of the contract period. In addition, the Contractor shall be liable to DOM for administrative costs incurred by DOM in procuring such similar supplies or services.

In the event of a termination for default, the Contractor shall be paid for those deliverables which the Contractor has delivered to DOM. Payments for completed deliverables delivered to and accepted by DOM shall be at the contract price.

The rights and remedies of DOM provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under the contract.

4.3.2.2 Termination for Convenience

DOM may terminate performance of work under the contract in whole or in part whenever for any reason DOM shall determine that such termination is in the best interest of DOM.

In the event that DOM elects to terminate the contract pursuant to this provision, it shall notify the Contractor by certified mail, return receipt requested, or delivered in person. Termination shall be effective as of the close of business on the date specified in the notice, which shall be at least thirty (30) days from the date of receipt of the notice by the Contractor.

Upon receipt of Notice of Termination for convenience, the Contractor shall be paid the following:

- The contract price(s) for completed deliverables delivered to and accepted by DOM; and,
- A price commensurate with the actual cost of performance for partially completed deliverables.

4.3.2.3 Termination for the Contractor Bankruptcy

In the event that the Contractor shall cease conducting business in the normal course, become insolvent, make a general assignment for the benefit of creditors, suffer or permit the appointment of a receiver for its business or its assets, or shall avail itself of, or become subject to, any proceeding under the

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

Bankruptcy Reform Act of 1978 or any other applicable Federal or State statute relating to insolvency or the protection of the rights of creditors, DOM may, at its option, terminate this contract in whole or in part.

In the event DOM elects to terminate the contract under this provision, it shall do so by sending Notice of Termination to the Contractor by certified mail, return receipt requested, or delivered in person. The date of termination shall be the close of business on the date specified in such notice to the Contractor. In the event of the filing of a petition in bankruptcy by or against a principal subcontractor, the Contractor shall immediately so advise DOM.

The Contractor shall ensure and shall satisfactorily demonstrate to DOM that all tasks related to the subcontract are performed in accordance with the terms of this contract.

4.3.2.4 Availability of Funds

It is expressly understood and agreed that the obligation of DOM to proceed under this contract is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of State and/or Federal funds. If the funds anticipated for the continuing fulfillment of the contract are, at any time, not forthcoming or insufficient, either through the failure of the Federal government to provide funds or of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which the funds were provided or if funds are not otherwise available to DOM, DOM shall have the right upon ten (10) working days written notice to the Contractor, to terminate this contract without damage, penalty, cost, or expenses to DOM of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.

4.3.3 Procedure on Termination

4.3.3.1 Contractor Responsibilities

Upon delivery by certified mail, return receipt requested, or in person to the Contractor a Notice of Termination specifying the nature of the termination, the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective, the Contractor shall:

- Stop work under the contract on the date and to the extent specified in the Notice of Termination;
- Place no further orders or subcontracts for materials, services or facilities, except as may be necessary for completion of such portion of the work in progress under the contract until the effective date of termination;
- Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination;
- Deliver to DOM within the time frame as specified by DOM in the Notice of Termination, copies of all data and documentation in the appropriate media and make available all records required to assure continued delivery of services to beneficiaries and providers at no cost to DOM;
- Complete the performance of the work not terminated by the Notice of Termination;

RFP# 20160219
Office of the Governor-Division of Medicaid

- Take such action as may be necessary, or as DOM may direct, for the protection and preservation of the property related to the contract which is in the possession of the Contractor and in which DOM has or may acquire an interest;
- Fully train DOM staff or other individuals at the direction of DOM in the operation and maintenance of the process;
- Promptly transfer all information necessary for the reimbursement of any outstanding claims; and
- Complete each portion of the Turnover Phase after receipt of the Notice of Termination. The Contractor shall proceed immediately with the performance of the above obligations notwithstanding any allowable delay in determining or adjusting the amount of any item of reimbursable price under this clause.

The Contractor has an absolute duty to cooperate and help with the orderly transition of the duties to DOM or its designated Contractor following termination of the contract for any reason.

4.3.3.2 DOM Responsibilities

Except for Termination for Contractor Default, DOM will make payment to the Contractor on termination and at contract price for completed deliverables delivered to and accepted by DOM. The Contractor shall be reimbursed for partially completed deliverables, accepted by DOM, at a price commensurate with actual cost of performance.

In the event of the failure of the Contractor and DOM to agree in whole or in part as to the amounts to be paid to the Contractor in connection with any termination described in this RFP, DOM shall determine on the basis of information available the amount, if any, due to the Contractor by reason of termination and shall pay to the Contractor the amount so determined.

The Contractor shall have the right of appeal, as stated under Disputes (Paragraph 4.9.5) from any such determination made by DOM.

4.3.4 Assignment of the Contract

The Contractor shall not sell, transfer, assign, or otherwise dispose of the contract or any portion thereof or of any right, title, or interest therein without the prior written consent of DOM. Any such purported assignment or transfer shall be void. If approved, any assignee shall be subject to all terms and conditions of this contract and other supplemental contractual documents. No approval by DOM of any assignment may be deemed to obligate DOM beyond the provisions of this contract. This provision includes reassignment of the contract due to change in ownership of the Contractor. DOM shall at all times be entitled to assign or transfer its rights, duties, and/or obligations under this contract to another governmental agency in the State of Mississippi upon giving prior written notice to the Contractor.

4.3.5 Excusable Delays/Force Majeure

The Contractor and DOM shall be excused from performance under this contract for any period that they are prevented from performing any services under this contract as a result of an act of God, war, civil disturbance, epidemic, court order, government act or omission, or other cause beyond their reasonable

Pharmacy Rate Setting

control. When such a cause arises, the Contractor shall notify DOM immediately in writing of the cause of its inability to perform, how it affects its performance, and the anticipated duration of the inability to perform. Delays in delivery or in meeting completion dates due to force majeure events shall automatically extend such dates for a period equal to the duration of the delay caused by such events, unless DOM determines it to be in its best interest to terminate the Contract.

4.3.6 Applicable Law

The contract shall be governed by and construed in accordance with the laws of the State of Mississippi, excluding its conflict of laws provisions, and any litigation with respect thereto shall be brought in the courts of the State of Mississippi. The Contractor shall comply with applicable Federal, State, and local laws and regulations.

4.4 NOTICES

Whenever, under this RFP, one party is required to give notice to the other, except for purposes of Notice of Termination under Section 4.3, such notice shall be deemed given upon delivery, if delivered by hand, or upon the date of receipt or refusal, if sent by registered or certified mail, return receipt requested or by other carriers that require signature upon receipt. Notice may be delivered by facsimile transmission, with original to follow by certified mail, return receipt requested, or by other carriers that require signature upon receipt, and shall be deemed given upon transmission and facsimile confirmation that it has been received. Notices shall be addressed as follows:

In case of notice to the Contractor:

Project Manager
Street Address
City, State Zip Code

In case of notice to DOM:

Executive Director
Division of Medicaid
550 High St., Suite 1000
Jackson, Mississippi 39201

Copy to Contract Administrator, DOM

4.5 COST OR PRICING DATA

If DOM determines that any price, including profit or fee, negotiated in connection with this RFP was increased because the Contractor furnished incomplete or inaccurate cost or pricing data not current as certified in the Contractor's certification of current cost or pricing data, then such price or cost shall be reduced accordingly and this RFP shall be modified in writing and acknowledged by the Contractor to reflect such reduction.

4.6 SUBCONTRACTING

The Contractor is solely responsible for fulfillment of the contract terms with DOM. DOM will make contract payments only to the Contractor.

The Contractor shall not subcontract any portion of the services to be performed under this contract without the prior written approval of DOM. The Contractor shall notify DOM not less than thirty (30) days in advance of its desire to subcontract and include a copy of the proposed subcontract with the proposed subcontractor.

Approval of any subcontract shall neither obligate DOM nor the State of Mississippi as a party to that subcontract nor create any right, claim, or interest for the subcontractor against the State of Mississippi or DOM, their agents, their employees, their representatives, or successors.

Any subcontract shall be in writing and shall contain provisions such that it is consistent with the Contractor's obligations pursuant to this Contract.

The Contractor shall be solely responsible for the performance of any subcontractor under such subcontract approved by DOM.

The Contractor shall give DOM immediate written notice by certified mail, facsimile, or any other carrier that requires signature upon receipt of any action or suit filed and prompt notice of any claim made against the Contractor or subcontractor which in the opinion of the Contractor may result in litigation related in any way to the contract with DOM.

4.7 PROPRIETARY RIGHTS

4.7.1 Ownership of Documents

Where activities supported by this contract produce original writing, sound recordings, pictorial reproductions, drawings, or other graphic representation and works of any similar nature, DOM shall have the right to use, duplicate, and disclose such materials in whole or in part, in any manner, for any purpose whatsoever and to have others do so. If the material is qualified for copyright, the Contractor may copyright such material, with approval of DOM, but DOM shall reserve a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, and use such materials, in whole or in part, and to authorize others to do so.

4.7.2 Ownership of Information and Data

DOM, DHHS, CMS, the State of Mississippi, and/or their agents shall have unlimited rights to use, disclose, or duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by the Contractor under any contract resulting from this RFP.

The Contractor agrees to grant in its own behalf and on behalf of its agents, employees, representatives, assignees, and subcontractors to DOM, DHHS, CMS and the State of Mississippi and to their officers, agents, and employees acting in their official capacities a royalty-free, non-exclusive, and irrevocable license throughout the world to publish, reproduce, translate, deliver, and dispose of all such information now covered by copyright of the proposed Contractor.

RFP# 20160219
Office of the Governor-Division of Medicaid

Excluded from the foregoing provisions in this Section 4.7.2, however, are any pre-existing, proprietary tools owned, developed, or otherwise obtained by Contractor independent of this Contract. Contractor is and shall remain the owner of all rights, title and interest in and to the Proprietary Tools, including all copyright, patent, trademark, trade secret and all other proprietary rights thereto arising under Federal and State law, and no license or other right to the Proprietary Tools is granted or otherwise implied. Any right that DOM may have with respect to the Proprietary Tools shall arise only pursuant to a separate written agreement between the parties.

4.7.3 Public Information

Offerors shall provide an electronic, single document version of proposals redacting those provisions of the proposal which contain trade secrets or other proprietary data. However, Offerors should be aware that their unredacted proposals are considered public record and are subject to release by DOM pursuant to and in accordance with Section 25-61-1, *et seq.* of the Mississippi Code Annotated of 1972, absent a court-issued protective order or agreement by the requesting party to receive a redacted version.

4.7.3 Right of Inspection

DOM, the Mississippi Department of Audit, DHHS, CMS, OIG, the General Accounting Office (GAO), or any other auditing agency prior-approved by DOM, or their authorized representative shall, at all reasonable times, have the right to enter onto the Contractor's premises, or such other places where duties under this contract are being performed, to inspect, monitor, or otherwise evaluate (including periodic systems testing) the work being performed. The Contractor shall provide access to all facilities and assistance for DOM and Mississippi Audit Department representatives. All inspections and evaluations shall be performed in such a manner as will not unduly delay work. Refusal by the Contractor to allow access to all documents, papers, letters or other materials, shall constitute a breach of contract. All audits performed by persons other than DOM staff will be coordinated through DOM and its staff.

4.7.4 Licenses, Patents and Royalties

DOM does not tolerate the possession or use of unlicensed copies of proprietary software. The Contractor shall be responsible for any penalties or fines imposed as a result of unlicensed or otherwise defectively titled software.

The Contractor, without exception, shall indemnify, save, and hold harmless DOM and its employees from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or non-patented invention, process, or article manufactured by the Contractor. DOM will provide prompt written notification of a claim of copyright or patent infringement.

Further, if such a claim is made or is pending, the Contractor may, at its option and expense, procure for DOM the right to continue use of, replace or modify the article to render it non-infringing. If none of the alternatives are reasonably available, the Contractor agrees to take back the article and refund the total amount DOM has paid the Contractor under this contract for use of the article.

If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the proposed prices shall include all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

4.7.5 Records Retention Requirements

The Contractor shall maintain detailed records evidencing all expenses incurred pursuant to the Contract, the provision of services under the Contract, and complaints, for the purpose of audit and evaluation by DOM and other Federal or State personnel. All records, including training records, pertaining to the contract must be readily retrievable within three (3) workdays for review at the request of DOM and its authorized representatives. All records shall be maintained and available for review by authorized Federal and State personnel during the entire term of the contract and for a period of six (6) years thereafter, unless an audit is in progress or there is pending litigation. When an audit or pending litigation has not been completed at the end of the six (6) year period, records shall be retained until all issues are finally resolved.

4.8 REPRESENTATION REGARDING CONTINGENT FEES

The Contractor represents that it has not retained a person to solicit or secure a State contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except as disclosed in the Contractor's bid or proposal.

4.9 INTERPRETATIONS/CHANGES/DISPUTES

The RFP in its entirety is a part of the Contract. In the event of a dispute or conflict among any of the components of the contract, the contract shall govern. After the Contract, the order of priority is: Att. D, Bidder Questions and Answers; Att. C or E, the Business Proposal or BAFO; Att. B, the Technical Proposal; and Att. A, the RFP. All the documents shall be read and construed as far as possible to be one harmonious whole; however, in the event of a conflict or dispute, the above list is the list of priority.

DOM reserves the right to clarify any contractual relationship in writing and such clarification will govern in case of conflict with the requirements of the RFP. Any ambiguity in the RFP shall be construed in favor of DOM.

The contract represents the entire agreement between the Contractor and DOM and it supersedes all prior negotiations, representations, or agreements, either written or oral between the parties hereto relating to the subject matter hereof.

4.9.1 Conformance with Federal and State Regulations

The Contractor shall be required to conform to all Federal and State laws, regulations, and policies as they exist or as amended.

In the event that the Contractor requests that the Executive Director of DOM or his/her designee issue policy determinations or operating guidelines required for proper performance of the contract, DOM shall do so in a timely manner. The Contractor shall be entitled to rely upon and act in accordance with such policy determinations and operating guidelines unless the Contractor acts negligently, maliciously, fraudulently, or in bad faith.

The Contractor expressly agrees to all of the provisions and requirements as set forth in the State Plan for Medical Assistance approved by the State of Mississippi and by the Secretary of the United States

Department of Health and Human Services, pursuant to Title XIX of the Social Security Act, and understands those provisions and requirements are also incumbent on the Contractor.

4.9.2 Waiver

No assent, expressed or implied, by the parties hereto to the breach of the provisions or conditions of this contract shall be deemed or taken to be a waiver of any succeeding breach of the same or any other provision or condition and shall not be construed to be a modification of the terms of this Contract.

Moreover, no delay or omission by either party to this contract in exercising any right, power, or remedy hereunder or otherwise afforded by contract, at law, or in equity shall constitute an acquiescence therein, impair any other right, power or remedy hereunder or otherwise afforded by any means, or operate as a waiver of such right, power, or remedy. No waiver by either party to this contract shall be valid unless set forth in writing by the party making said waiver. No waiver of or modification to any term or condition of this contract will void, waive, or change any other term or condition. No waiver by one party to this contract of a default by the other party will imply, be construed as or require waiver of future or other defaults.

4.9.3 Severability

If any part, term or provision of the contract (including items incorporated by reference) is held by the courts or other judicial body to be illegal or in conflict with any law of the State of Mississippi or any Federal law, the validity of the remaining portions or provisions shall not be affected and the obligations of the parties shall be construed in full force as if the contract did not contain that particular part, term or provision held to be invalid.

4.9.4 Change Orders and/or Amendments

The Executive Director of DOM or designated representative may, at any time, by written order delivered to the Contractor at least thirty (30) days prior to the commencement date of such change, make administrative changes within the general scope of the contract. If any such change causes an increase or decrease in the cost of the performance of any part of the work under the contract an adjustment commensurate with the costs of performance under this contract shall be made in the contract price or delivery schedule or both. Any claim by the Contractor for equitable adjustment under this clause must be asserted in writing to DOM within thirty (30) days from the date of receipt by the Contractor of the notification of change. Failure to agree to any adjustment shall be a dispute within the meaning of the Disputes Clause of this Contract. Nothing in this clause, however, shall in any manner excuse the Contractor from proceeding diligently with the contract as changed.

If the parties are unable to reach an agreement within thirty (30) days of DOM receipt of the Contractor's cost estimate, the Executive Director of DOM shall make a determination of the revised price, and the Contractor shall proceed with the work according to a schedule approved by DOM subject to the Contractor's right to appeal the Executive Director's determination of the price pursuant to the Disputes clause.

The rate of payment for changes or amendments completed per contract year shall be at the rates specified by the Contractor's proposal.

Office of the Governor-Division of Medicaid

At any time during the term of this contract, DOM may increase the quantity of goods or services purchased under this contract by sending the Contractor a written amendment or modification to that effect which references this contract and is signed by the Executive Director of DOM. The purchase price shall be the lower of the unit cost identified in the Contractor's proposal or the Contractor's then-current, published price. The foregoing shall not apply to services provided to DOM at no charge. The delivery schedule for any items added by exercise of this option shall be set by mutual agreement.

4.9.5 Disputes

Any dispute concerning the contract which is not disposed of by agreement shall be decided by the Executive Director of DOM who shall reduce such decision to writing and mail or otherwise furnish a copy thereof to the Contractor. The decision of the Executive Director shall be final and conclusive. Nothing in this paragraph shall be construed to relieve the Contractor of full and diligent performance of the contract.

4.9.6 Cost of Litigation

In the event that DOM deems it necessary to take legal action to enforce any provision of the contract, the Contractor shall bear the cost of such litigation, as assessed by the court, in which DOM prevails. Neither the State of Mississippi nor DOM shall bear any of the Contractor's cost of litigation for any legal actions initiated by the Contractor against DOM regarding the provisions of the contract. Legal action shall include administrative proceedings.

4.9.7 Attorney Fees

The Contractor agrees to pay reasonable attorney fees incurred by the State and DOM in enforcing this contract or otherwise reasonably related thereto.

4.10 INDEMNIFICATION

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and Contractors from any and all claims and losses accruing or resulting to any and all the Contractor employees, agents, subcontractors, laborers, and any other person, association, partnership, entity, or corporation furnishing or supplying work, services, materials, or supplies in connection with performance of this contract, and from any and all claims and losses accruing or resulting to any such person, association, partnership, entity, or corporation who may be injured, damaged, or suffer any loss by the Contractor in the performance of the contract.

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and Contractors against any and all liability, loss, damage, costs or expenses which DOM may sustain, incur or be required to pay: 1.) by reason of any person suffering personal injury, death or property loss or damage of any kind either while participating with or receiving services from the Contractor under this contract, or while on premises owned, leased, or operated by the Contractor or while being transported to or from said premises in any vehicle owned, operated, leased, chartered, or otherwise contracted for or in the control of the Contractor or any officer, agent, or employee thereof; or 2.) by reason of the Contractor or its employee, agent, or person within its scope of authority of this contract causing injury to, or damage to the person or property of a person including but not limited to DOM or the Contractor, their employees or agents, during any time when the

Contractor or any officer, agent, employee thereof has undertaken or is furnishing the services called for under this contract.

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and Contractors against any and all liability, loss, damages, costs or expenses which DOM or the State may incur, sustain or be required to pay by reason of the Contractor, its employees, agents or assigns: 1.) failing to honor copyright, patent or licensing rights to software, programs or technology of any kind in providing services to DOM, or 2.) breaching in any manner the confidentiality required pursuant to Federal and State law and regulations.

The Contractor agrees to indemnify, defend, save, and hold harmless DOM, the State of Mississippi, their officers, agents, employees, representatives, assignees, and Contractors from all claims, demands, liabilities, and suits of any nature whatsoever arising out of the contract because of any breach of the contract by the Contractor, its agents or employees, including but not limited to any occurrence of omission or commission or negligence of the Contractor, its agents or employees.

If in the reasonable judgment of DOM a default by the Contractor is not so substantial as to require termination and reasonable efforts to induce the Contractor to cure the default are unsuccessful and the default is capable of being cured by DOM or by another resource without unduly interfering with the continued performance of the Contractor, DOM may provide or procure such services as are reasonably necessary to correct the default. In such event, the Contractor shall reimburse DOM for the entire cost of those services. DOM may deduct the cost of those services from the Contractor's monthly administrative invoices. The Contractor shall cooperate with DOM or those procured resources in allowing access to facilities, equipment, data or any other Contractor resources to which access is required to correct the default. The Contractor shall remain liable for ensuring that all operational performance standards remain satisfied.

4.10.1 No Limitation of Liability

Nothing in this contract shall be interpreted as excluding or limiting any liability of the Contractor for harm caused by the intentional or reckless conduct of the Contractor, or for damages incurred in the negligent performance of duties by the Contractor, or for the delivery by the Contractor of products that are defective, or for breach of contract or any other duty by the Contractor. Nothing in the contract shall be interpreted as waiving the liability of the Contractor for consequential, special, indirect, incidental, punitive or exemplary loss, damage, or expense related to the Contractor's conduct or performance under this contract.

4.10.2 Third Party Action Notification

Contractor shall give DOM prompt notice in writing of any action or suit filed, and prompt notice of any claim made against Contractor by any entity that may result in litigation related in any way to this Contract.

4.11 STATUS OF THE CONTRACTOR

4.11.1 Independent Contractor

It is expressly agreed that the Contractor is an Independent Contractor performing professional services for DOM and is not an officer or employee of the State of Mississippi or DOM. It is further expressly agreed that the contract shall not be construed as a partnership or joint venture between the Contractor and DOM.

The Contractor shall be solely responsible for all applicable taxes, insurance, licensing and other costs of doing business. Should the Contractor default on these or other responsibilities jeopardizing the Contractor's ability to perform services effectively, DOM, in its sole discretion, may terminate this contract.

The Contractor shall not purport to bind DOM, its officers or employees nor the State of Mississippi to any obligation not expressly authorized herein unless DOM has expressly given the Contractor the authority to do so in writing.

The Contractor shall give DOM immediate notice in writing of any action or suit filed, or of any claim made by any party which might reasonably be expected to result in litigation related in any manner to this contract or which may impact the Contractor's ability to perform.

No other agreements of any kind may be made by the Contractor with any other party for furnishing any information or data accumulated by the Contractor under this contract or used in the operation of this program without the written approval of DOM. Specifically, DOM reserves the right to review any data released from reports, histories, or data files created pursuant to this Contract.

In no way shall the Contractor represent itself directly or by inference as a representative of the State of Mississippi or DOM except within the confines of its role as an Independent Contractor for DOM. DOM's approval must be received in all instances in which the Contractor distributes publications, presents seminars or workshops, or performs any other outreach.

The Contractor shall not use DOM's name or refer to the contract and the services provided therein directly or indirectly in any advertisement, news release, professional trade or business presentation without prior written approval from DOM.

4.11.2 Employment of DOM Employees

The Contractor shall not knowingly engage on a full-time, part-time, or other basis during the period of the contract, any professional or technical personnel who are or have been at any time during the period of the contract in the employ of DOM, without the written consent of DOM. Further, the Contractor shall not knowingly engage in this project, on a full-time, part-time, or other basis during the period of the contract, any former employee of DOM who has not been separated from DOM for at least one year, without the written consent of DOM.

The Contractor shall give priority consideration to hiring interested and qualified adversely affected State employees at such times as requested by DOM to the extent permitted by this contract or State law.

6. BUSINESS/COST PROPOSAL

6.1 GENERAL

All Offerors must certify in the transmittal letter that their offer shall be binding upon the Offeror for a period of one hundred eighty (180) calendar days following the proposal due date. Pricing will be considered as a separate criteria of the overall bid package.

Offerors shall propose a firm fixed price for each of the requirements contained on the pricing schedule (Appendix A).

6.2 BID MODIFICATION IN THE EVENT OF A FEDERAL AND/OR STATE LAW, REGULATION OR POLICY

In the event any change occurs in Federal or State law, regulations, policies, or Medicaid plan coverage, and DOM determines that these changes impact materially on proposal pricing, DOM reserves the right to require the Offerors to amend their proposals. The failure of an Offeror to negotiate these required changes will exclude such Offeror from further consideration for contract award. All proposals shall be based upon the provisions of Federal and State laws and regulations and DOM's approved Medicaid State Plan coverage in effect on the issuance date of this RFP, unless this RFP is amended in writing to include changes prior to the closing date for receipt of proposals.

6.3 PROPOSAL CONTENT

The Business Proposal shall include only the following:

1. Appendix A – Budget Summary - A detailed worksheet by line item of all costs as it pertains to the Contractor Responsibilities and Deliverables as found in Section 1.0 of the RFP.
2. Additional pricing schedules to adequately explain method of cost determination including all assumptions (i.e. service or enrollment volume assumptions).

7. PROPOSAL EVALUATION

7.1 GENERAL

An Evaluation Committee comprised of DOM staff will be established to evaluate the merits of eligible proposals. The committee will be appointed by the Executive Director of the DOM and will include members who have relevant experience in the Medicaid program. The Committee will be responsible for the evaluation of the technical and business proposals.

7.2 EVALUATION OF PROPOSALS

A standard evaluation form will be utilized by the Evaluation Committee to ensure consistency in evaluation criteria. However, DOM retains the right to deviate from the standard form, if necessary to maintain the integrity of the procurement; and to ensure selection of the best qualified Contractor.

A maximum of 100 points will be available for each proposal which shall be comprised of a technical and a business proposal. The points awarded per phase by the evaluation committee will be totaled to determine the points awarded per proposal.

Evaluation of eligible proposals will be conducted in five (5) phases. The Procurement Officer will complete Phase One. The Technical Proposal Evaluation Committee will complete Phase Two. The Business Proposal Evaluation Committee will complete Phase Three. In Phase Four, the Procurement Officer will compile the results of the technical and business evaluations and make a recommendation to the Executive Director of DOM based on the results of the evaluation. In Phase Five the award decision will be made by the Executive Director.

At its option, the State may request an interview from Offerors in a competitive range in the evaluation. Offerors must be prepared to meet with DOM staff within five (5) calendar days of notification. All costs associated with the interview will be the responsibility of the Offeror.

7.2.1 Phase 1 - Evaluation of Offerors' Response to RFP

In this phase, the Procurement Officer reviews each proposal to determine if each proposal is responsive. Each proposal will be evaluated to determine if it is complete and whether it complies with the instructions to Offerors in the RFP. Each proposal that is incomplete will be declared non-responsive and may be rejected with no further evaluation.

The Procurement Officer will determine if an incomplete proposal is sufficiently responsive to continue to Phase Two. If necessary, the Procurement Officer may request clarifications from the Offeror(s) so they may advance to Phase 2.

7.2.2 Phase 2 - Evaluation of Technical Proposal

Only those proposals which meet the requirements in Phase One will be considered in Phase Two.

Any Technical Proposal that is incomplete or in which there are significant inconsistencies or inaccuracies may be rejected by DOM. DOM reserves the right to waive minor variances or reject any or all proposals. In addition, DOM reserves the right to request clarifications or enter into discussions with all Offerors.

The Evaluation Committee will review each Offeror's Technical Proposal in order to determine if the Offeror sufficiently addresses all of the RFP requirements and that the Offeror has developed a specific approach to meeting each requirement.

TECHNICAL PROPOSAL SECTION	MAXIMUM SCORE
Executive Summary/Understanding of Project	2
Corporate Background and Experience	11
Organization and Staffing	11
Methodology	28
Project Management	10
Work Plan and Schedule	8
TOTAL	70

Proposals must score a minimum of 42 points of the total score in order to proceed to the Business/Cost phase of the evaluation. Proposals receiving less than 42 points will not be considered for the Business/Cost evaluation or contract award. DOM has the discretion to waive any threshold requirement should it become prohibitively exclusive, and such waiver is in the best interest of the State of Mississippi.

7.2.2.1 Executive Summary

The Evaluation Committee will review the Executive Summary to determine if it provides all information required in Section 5.3 of this RFP and is five (5) pages or less in length.

7.2.2.2 Corporate Background and Experience

The Evaluation Committee will evaluate the experience, performance on similar contracts, resources, and qualifications of the Offeror to provide the services required by the RFP. The evaluation criteria will address:

1. Experience of Offeror in providing the requested services.
2. Corporate experience providing similar services.
3. Amount and level of resources proposed by the Offeror.
4. Specific qualifications that evidence the Offeror's ability to provide the services requested.
5. Current financial position and cash flow of the Offeror and evidence that the Offeror has a history of financial solvency.
6. Any contract terminations or non-renewals within the past five (5) years.
7. Relevant experience that indicates your organizational qualifications for the performance of the potential contract.

7.2.2.3 Methodology

The Evaluation Committee will evaluate the approach and process offered to provide services as required by this RFP. In addition to the information required in Section 1.0 of this RFP, the evaluation criteria will address at a minimum the following (if applicable):

1. Processes and requirements for completion of the project.
2. Data management plan, including hardware, software, communications links, and data needs and proposed coordination plan.
3. Processes for maintaining confidentiality of PHI.
4. Processes for development and submission of required deliverables.
5. Scope of services provided through partnerships or subcontractors.
6. Quality Assurance processes.

7.2.2.4 Organization and Staffing

The Evaluation Committee will review this Section of the Offeror's proposal to determine if the proposed organizational structure and staffing level are sufficient to accomplish the requirements of the RFP. The committee will review the organizational chart(s), time lines, the job descriptions including job qualifications, the resumes of staff and their qualifications for the positions they will hold, and the relationship of their past experience to their proposed responsibilities under this contract. The committee will evaluate the explanation of the Offeror regarding the relationship between the Offeror and the Project Manager to determine if they will have sufficient autonomy to make management decisions to improve the Offeror's delivery of services to DOM.

7.2.2.5 Project Management and Control

The Evaluation Committee will evaluate the Offeror's proposal to determine if all of the elements required by Section 5.7 of the RFP are addressed. Specifically, the committee will evaluate:

1. Offeror's approach to the management of the project and ability to keep the project on target and to ensure that the requested services are provided;
2. Offeror's control of the project to ensure that all requests are being met and that the Offeror is able to identify and resolve problems which occur;
3. Offeror's methods for estimating and documenting personnel hours spent by staff on project activities to be sure they are sound and fair;
4. Offeror's plans to comply with the reporting requirements of the contract, including the provision of status reports to DOM, and whether the reports are appropriate and sufficient to keep DOM informed of all aspects of the implementation and operation of the project; and
5. Offeror's understanding of the importance of interacting with DOM management staff and presenting a plan to do so appropriately.

7.2.2.6 Work Plan and Schedule

The Evaluation Committee will review and evaluate the work plan and schedule to determine if all tasks are included and if, for each task, a timeline and an identification of staff responsible for the task's

accomplishment are indicated. The work plan must provide a logical sequence of tasks and a sufficient amount of time for their accomplishment.

7.2.3 Phase 3 - Evaluation of Business/Cost Proposal

Only those proposals that satisfactorily completed Phase 2 will be considered for Phase 3. DOM reserves the right to waive minor variances or reject any or all proposals.

Any bid price determined by DOM to be unrealistically or unreasonably low may not be considered acceptable, as such a proposal has a high probability of not being accomplished for the cost proposed. The Offeror may be required to produce additional documentation to authenticate the proposal price.

The maximum 30 points will be assigned to the lowest and best acceptable proposal. All other proposals will be assigned points based on the following formula:

$$\frac{X}{Y} * 30 = Z$$

X = lowest bid price
Y = Offeror's bid price
Z = assigned points

7.3 Phase 4 and 5 - Selection

After the evaluation committee has completed the evaluation of the proposals, a summary report including all evaluations will be submitted to the Executive Director of DOM. The Executive Director will make the final decision regarding the winning proposal.

EXHIBIT 1

DHHS CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS:

GRANTEES OTHER THAN INDIVIDUALS

Instructions for Certification

By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

1) This certification is required by regulations implementing the Drug-Free Act of 1988, 45 C.F.R. Part 76, Subpart F. The regulations, published in the May 25, 1990, Federal Register, require certification by grantees that they will maintain a drug-free workplace. The certification set out below is a material representation of fact upon which reliance will be placed when the Department of Health and Human Services (HHS) determines to award the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HHS, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

2) Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

3) Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

4) If the workplace identified to DOM changes during the performance of the grant, the grantee shall inform DOM of the change(s), if it previously identified the workplaces in question (see above).

5) Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 C.F.R. § 1308.11 through § 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Pharmacy Rate Setting
RFP# 20160219
Office of the Governor-Division of Medicaid

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including (i) all direct charge employees; (ii) all indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

The grantee certifies that it will or will continue to provide a drug-free workplace by

a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

b) Establishing an ongoing drug-free awareness program to inform employees about

1) The dangers of drug abuse in the workplace; 2) the grantee's policy of maintaining a drug-free workplace; 3) any available drug counseling, rehabilitation, and employee assistance programs; and 4) the penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will

1) Abide by the terms of the statement; and 2) notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

e) Notifying DOM in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted:

1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or 2) requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

---->NOTE: Sections 76.630(c) and (d)(2) and 76.635(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions.
