Active-Office-Chair

3Dee Active-Office-Chair, is not simply ergonomic, but three-fold dynamic.

The 3Dee Active-Office-Chair is the first of its kind, and the result of absolute consistency – in engineering just as in design. Its 3D movement – horizontal, vertical and forward tilt – is designed to deliver more wellbeing, more energy, more balance, but most of all more motion. Its attractive design will please all those for whom the office is not just a workplace, but also a creative living space.

back frame

- Black powder coated aluminum
- Polished aluminum

Fabric 100% Trevira CS - Color

the most innovative office chair in the world

Activated: Because the 3Dee Active-Office-Chair, follows the movements of its sitter, so your back keeps straight. In addition, frequent change of posture strengthens your back and keeps your muscles fit.

Motivated: The patented 3D Technology ①, comprising the unique 3D movable joint in the base and the spring strut, supports and encourages harmonious 3D movement. This stimulates your circulation, strengthens core muscles, enhances concentration and is just fun!

Relaxed: The backrest with patented lamellar technology ② and physiologically shaped backrest cushioning ③ provides support without restricting freedom of movement. The lumbar support ④ and backrest tension can be individually adjusted.

Unrestricted: The intelligent seat is slightly convex, upholstered with breathable multi-zone integral foam ⑤ and equipped with the flexzone® technology ⑥. For a healthy seat climate and optimum sitting comfort without pressure points.

Weight capacity 290 lbs.
