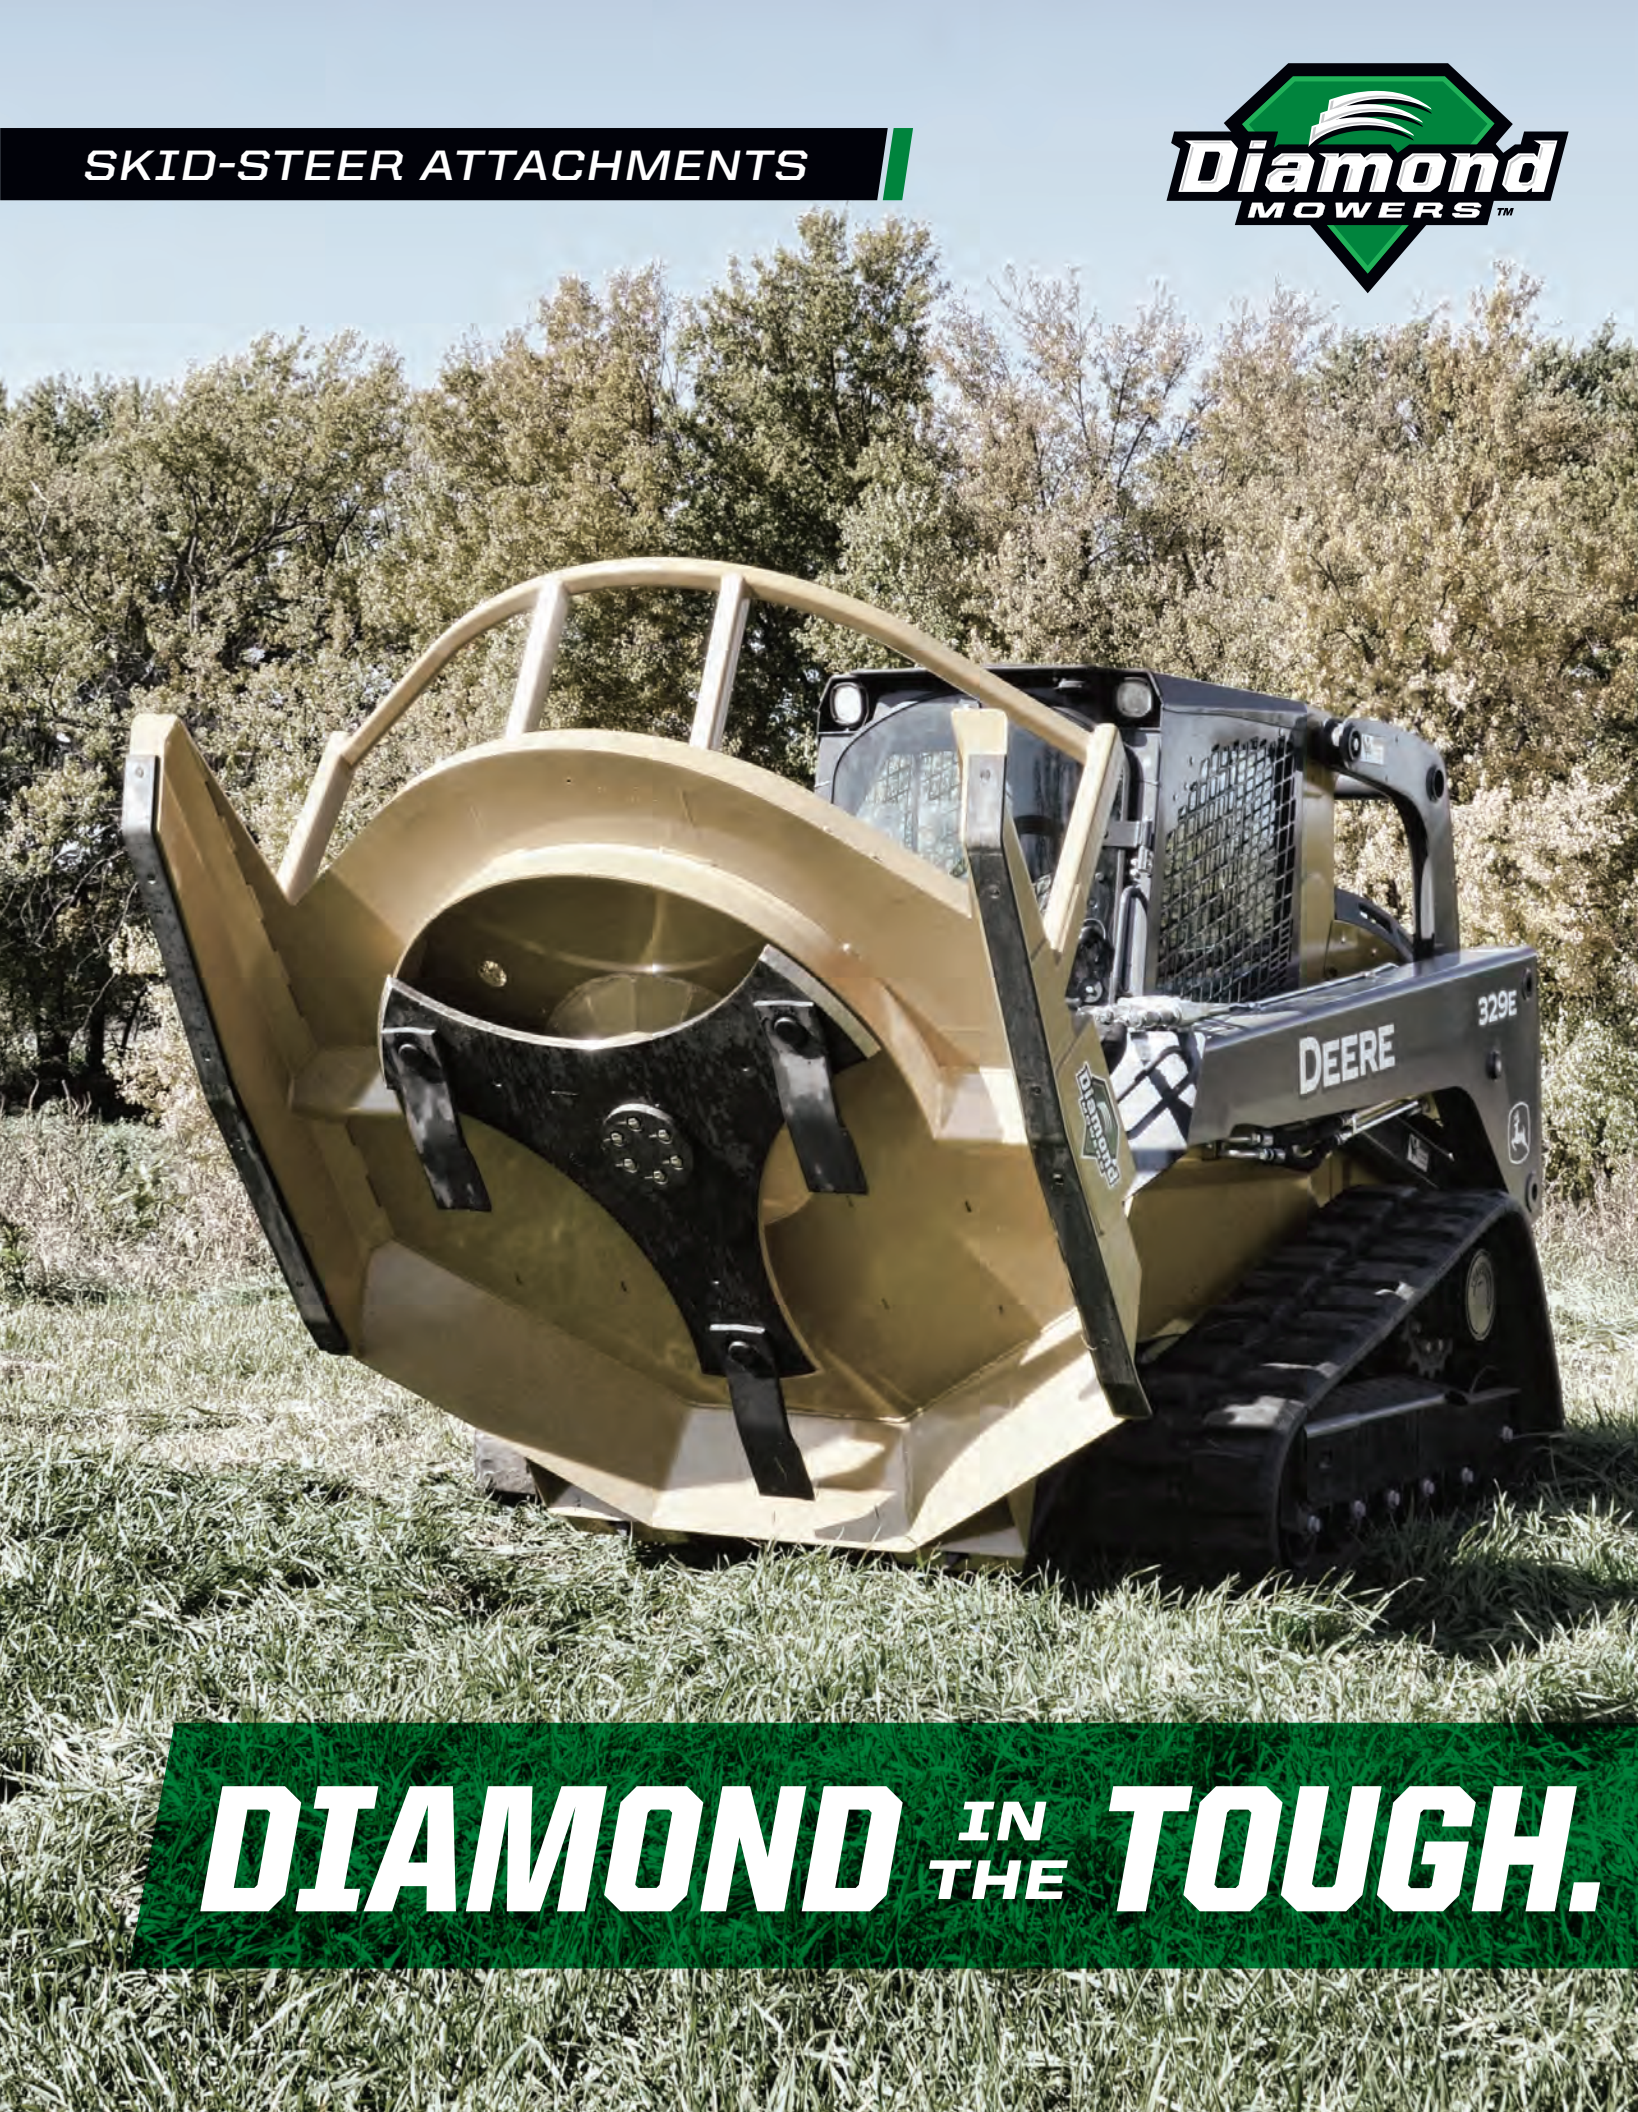
Diamond MOWERS™



DIAMOND IN THE TOUGH.

HARD WORK AND HANDSHAKES.

We treat our customers like the best of neighbors. We are Diamond Mowers of Sioux Falls, South Dakota. We've been building the toughest equipment and the strongest reputation for over 40 years. We build tough, strong and powerful for the wild and real world. You need durable, you want results, you DEMAND BRILLIANCE.

ROTARY ATTACHMENTS

Diamond Skid-Steer Rotary Mower Attachments are ideal for large-scale brush clearing such as overgrown acres coming out of CRP. The unit attaches and detaches simply and easily to your skid-steer, adding versatility and productivity to your existing asset.

- Most rugged skid-steer brush cutter products on the market
- Diamond's proprietary Tri-Hex disc on our rotary attachments are covered by an unprecedented 5-year warranty
- Mower shells are built with 100,000 psi steel housing, nearly 3x stronger than standard A36 steel

DIAMOND TRI-HEX MULCHING DISC & REINFORCING RING

The Diamond proprietary Tri-Hex mulching disc on our rotary heads provides greater inertia in tough conditions. Our discs are constructed of 1" thick 50,000 psi rated steel for unparalleled durability and easy blade maintenance. Diamond utilizes hex blade bolts and hardened inserts for the toughest blade retention in the industry, while the Tri-Hex mulching disc comes standard with an unprecedented 5-year warranty – not that you'll need it.

Diamond's exclusive Reinforcing Ring transfers the load from the center well to the deck structure, reducing stress on the weld joints and making our larger rotary heads exceptionally durable.

ONE-YEAR WARRANTY ON PARTS AND LABOR // 5-YEAR WARRANTY ON TRI-HEX MULCHING DISC

PROUD TO BE MADE IN THE USA
