

HÅG

PRICE GUIDE
October, 2014
revised March, 2015

For most up-to-date pricing, please refer to our price guides found at izzyplus.com/resources/pricing

A perfect base for endless possibility and variation. Add a stain of foam, or a lump of sugar. Go all out and spec it topped with whipping cream. And don't forget to pair it with accessories, like biscotti or dark chocolate.

BETTER TOGETHER

Protecting the earth for future generations is a founding principle of izzy+. So we're proud that HÅG, our

Norwegian seating expert, is a global leader in environmental sustainability. Among the first to offer products in the U.S. with Environmental Product Declarations (EPDs), HÅG continues to do more with less, combining recycled and recyclable materials with sustainable manufacturing practices.

Another reason we love collaborating with HÅG? Their products offer the movement and

variation people need to work in comfort all day, whether at the office or in an education or training setting. The Scandinavian design cool factor means comfort looks fabulous, too. We're thrilled to join HÅG in their farsighted pursuits, and to ultimately be Better Together.

RIDE THROUGH YOUR WORKDAY

HÅG Capisco: with headrest, Momentum Hue Fern; Clara table: Wenge veneer; Gumby's horse Pokey: not much momentum

HÅG SEATING

Comfort isn't just about how your chair lets you sit—it's also about how your chair lets you move. Sitting without sitting still is at the heart of HÅG's award-winning ergonomic seating. You'd almost think they invented human-centered design.

HÅG H05® COMMUNICATION

We all like to get comfortable, but too many manual adjustments can end up increasing discomfort in the end. That's why the HÅG H05 Communication lets you change positions freely. Its beautiful arched leg design also makes a stunning statement in any collaborative setting.

Designer: Peter Opsvik

FUNCTIONALITY

BalancedMovementMechanism™

- Seat and back tilt forward and backward as body moves

FEATURES & BENEFITS

- Medium back, fully or partially upholstered back and seat
- BalancedMovementMechanism™ promotes movement
- Upholstery selection from izzy+ flavors Textile Collection of environmentally-friendly fabrics, polyurethanes, and leathers

HÅG H05 Communication: with arms and Silver Aluminum arched legs;
Taking care of business: It can feel and look good.

HÅG H09® EXCELLENCE

Excellent comfort, excellent elegance – it's an adjective that could be put before many of this chair's qualities. You can count on all the human-centered design features HÅG is known for (like imbedded footplates on the base), plus a beautiful ribbed leather back design.

Designer: Svein Asbjørnsen/sapDesign®

HÅG H09 Inspiration: Space Mesh back, seat and lumbar in Shimmer Light; Porcelain Table Lamp: "Borrowed" from Mom to balance high-tech workspace. (Thanks, Mom.)

We couldn't sit still when we were kids and we shouldn't sit still as adults. It's better for our bodies to keep moving. But when conferences and meetings fill our schedules, sitting can be difficult to avoid. Luckily, HÅG Wing is designed to help you move more regularly and naturally in your seat. It is also designed for heavy use, so it couldn't be better suited for all those "sit still" places – schools, universities, libraries, cafes, meeting rooms, hotels, and conference halls.

FUNCTIONALITY

5-DAY QUICK SHIP

izzy+ accommodates your fast-paced lifestyle with a quick ship program that has your favorite seating on its way to you in just five days.

And while fast is enticing on its own, we also deliver a sizeable helping of options. Some HAG models are available on quick ship, and within each family you can specify custom options to make your chair line up with your needs.

To top it off, over 100 upholstery options make what you can get fast, incredibly cool as well.

HÄG offers a great selection of textile options in only five days. Customize in a Grade 1 or 2 Momentum Textile including fabrics and polyurethanes from the izzy+ flavors Textile Collection.

Maximum quantity per order is 25 chairs. Be sure your order is clearly marked for quick ship expediting. Orders not indicated as 5-day quick ship will be scheduled for regular lead-time. Cal TB133 product is not offered on 5-day quick ship.

Terms and Conditions of Sale

Prices & Terms

List prices shown apply to product only. Storage, sales tax and any installation charges are additional. All orders are shipped freight prepaid within the contiguous United States and Canada. Freight charges will be the responsibility of izzy+. FOB point is izzy+'s factory. The title of goods passes to the purchaser and our responsibility ceases when the carrier accepts shipment at our manufacturing facility.

Prices in effect when the order is received will apply. If the shipping date requested exceeds six (6) months from the order receipt, izzy+ may use the published list prices effective at the shipment date. Payment is due according to our invoice terms. In the event of delinquency, the customer shall be liable for reasonable collection costs, including attorney fees. If, in the judgment of izzy+, the financial condition of the purchaser at any time during the period of the agreement does not justify the previously agreed payment terms, izzy+ may require full or partial payment in advance.

Prompt Payment Terms: 1% 10 Days, Net 30 Days.

Canadian Customers

All prices listed are in United States (U.S.) Dollars. Customs charges are prepaid; however the Purchaser is responsible for GST tax. Contact Customer Service for current exchange rate.

International Customers

All prices listed are in United States (U.S.) Dollars. All freight, taxes, and export fees are the Purchaser's responsibility.

Orders

Send purchase orders to:

HAG by izzy+
11451 Harter Drive
Middlebury, IN 46540

Or
Fax to 800.831.9821 or Email to
orders@izzydesign.com

Orders shall be deemed accepted by izzy+ only upon issuance of our written acknowledgment. All orders are subject to izzy+'s terms and conditions of sale. izzy+ is not required to accept changes to acknowledged orders. The customer will be charged for any expenses related to accepted changes, and the order may then be rescheduled at izzy+'s discretion. Fax orders are final as taken. The customer accepts responsibility for supplying correct information and should carefully check all acknowledgments.

Cancellations

If the customer terminates an order without izzy+'s consent, izzy+ may charge the customer for the portion of the order completed at the date of termination, plus the amount of profit lost on the remaining portion of the order. Custom items are not cancelable.

Returns

Each izzy+ product is manufactured according to the customer's exact specification; therefore, returns are not accepted. izzy+ will consider the return of parts that have been incorrectly ordered by the customer. Please note that any return of parts requires the prior approval of Customer Service and will be subject to a restocking fee.

Shipping

izzy+ reserves the right to ship by what is, in izzy+'s opinion, the best way. Merchandise may be delivered at one time or in partial shipments. Customer bears the risk of loss or damage during shipment. izzy+ is not liable for delay or failure to deliver or perform due to strikes, lockouts, or other labor difficulties, failure or delay of sources to supply, transportation difficulties, accidents, fires, acts of God, or other causes of like or unlike nature beyond izzy+'s control. We reserve the right, if the customer is unwilling or unable to accept delivery when the order is ready for shipment, to invoice the cost of the order, plus shipping, dispatching, insurance, warehouse expenses, and handling. izzy+'s responsibility ceases when the transportation company issues its receipt to us. If the shipment arrives damaged, the receiver should request that the delivering carrier inspect the shipment and note the details of all damage on the freight bill. If damage is discovered while unpacking, the transportation company should be contacted immediately for an inspection of the shipment, and request a written concealed damage report. The receiver must enter a claim with the transportation company within fifteen (15) days after shipment receipt. Crating material or cartons should be saved until the inspection. Receiver is responsible for filing freight claims.

Small Order Fee

A small order fee of \$40 Net will apply on orders less than \$800 List.

Warranty

Seating Warranty

izzy+ warrants that its standard Contract Seating products are free from defects in material and workmanship during normal use (normal use is defined as a maximum of eight (8) hours per day, six (6) days per week (single shift)), for the lifetime of the chair, with the exception of the following:

Gas cylinders, controls, and functional parts are warranted for ten (10) years; arm caps, casters, backliners, and exposed wood parts (finished wood chairs and wood base caps) for five (5) years; and upholstery materials (foam, mesh) are warranted for three (3) years.

Customer's Own Material/Leather (COM/COL) is not covered by this or any other izzy+ warranty.

Multi-shift applications will change the warranty on ten (10) year items to six (6) years; five (5) year items to three (3) years; and three (3) year items to one (1) year. The warranties stated above apply to the original purchaser only.

Excluded from warranty is product that has unauthorized modifications, or if the customer fails to perform normal maintenance service on the product, this includes, but is not limited to, lubrication and cleaning, minor assembly and adjustment and periodic operational checks. Natural variations occurring in wood are not considered defects; izzy+ does not warrant the colorfastness or matching of color, grain or texture, normal wear and tear, or damages resulting from shipping or storage.

This warranty does not include defects from normal wear and tear, accidents, negligence, abuse, shipment, handling, storage, or environmental conditions. Any modifications to izzy+'s contract seating products by the purchaser, purchaser's employees or agents, voids this warranty. izzy+ reserves the right to reasonably determine whether a defect in material or workmanship occurred in normal use or if such defect resulted from a factor excluded from this warranty. Normal use is defined as a maximum of eight (8) hours per day, six (6) days per week (single shift). If a defect in material or workmanship is determined to have occurred in normal use during the warranty period, the defective product will be repaired or replaced free of charge, at the option of izzy+. The expressed warranties contained herein are in lieu of all other warranties, expressed or implied, including any warranty of merchantability and fitness for a particular purpose, and all other warranties arising from the course of dealing or usage of trade. Any action to enforce this warranty must be brought within three (3) months from the time an alleged defect in material or workmanship first occurs.

Repair or replacement of any defective izzy+ contract seating product for the period of time provided, shall constitute complete fulfillment of all the liabilities of izzy+, whether the claims of the purchaser are based in contract, in tort, (including negligence and/or strict liability) or otherwise, with respect to, or arising out of, the product furnished hereunder. izzy+ is not liable for any special or consequential damages under this warranty. The remedies provided above are the purchaser's sole remedies for any failure of izzy+ to comply with its obligations regarding the material and workmanship of its seating products.

Service Parts

Service parts are warranted for one (1) year from defects in material and workmanship from the date of replacement or for the remainder of the original product warranty, whichever is greater.

International Customer Warranty

One (1) year on parts. Freight will be paid to Port of Exit. Labor is excluded.

Customer's Own Material Warranty

izzy+ does not warrant the appearance, behavior or durability of customer furnished upholstery materials (known in the furniture industry as COM/COL). The acceptance of the COM/COL by izzy+ only means that initial application of the COM/COL utilizing existing manufacturing processes was successful and does not imply that izzy+ warrants the COM/COL or its performance during use. izzy+ is not responsible for COM/COL appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM/COL.

Standards

A variety of standards exists for office furniture. ANSI/BIFMA standards for seating test the furniture's structural soundness and durability. All izzy+ contract seating meets or exceeds ANSI/BIFMA standards. California Technical Bulletin 133 (CAL TB133) is a fire test for furniture designed to be used in certain high-risk environments. Most izzy+ contract seating products can be manufactured to meet CAL TB133 regulations.

Materials

Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process. Due to natural variations over which we have no control, all furniture is sold subject to minor irregularities of color, surface, grain and texture. Textiles are sold subject to minor variations of color. Leather upholstery materials are of the finest quality. Because leather is a natural product, variations of texture are common and should be expected. Leather will contain natural markings such as neck wrinkles, scratches, backbone marks and stretch marks. These distinctions give leather its unique characteristics and are considered to be a part of the natural beauty of leather.

Environmental Protection

Recognizing the connection between ecosystem health, human health, and corporate health, izzy+ is committed to moving beyond compliance with applicable environmental laws and regulations. izzy+ currently meets ANSI/BIFMA Furniture Emission Std. M7.1/x7.1 2007, California Specification 01350v1.1 and BIFMA e3-2008 credit 7.6.1 and 7.6.2 (most products). This excludes exposed wood options. izzy+ is currently working towards additional compliance to BIFMA e3-2008.

Exclusive Design

All furniture shown in this catalog is our property, and we reserve the exclusive right to manufacture it. izzy+ reserves the right to make changes in design and/or construction without prior notice.

COM – Customers Own Material

Fabric Approval

All fabric must be evaluated and approved for use on izzy+ seating products.

Pre-Approved COM/COL Materials

izzy+ has evaluated and pre-approved over 1,000 COM/COL materials produced by more than 100 different manufacturers. Please contact our Customer Service Department or check our website at izzyplus.com/services for a complete list of pre-approved fabrics/leathers.

Fabric Evaluation

Fabric not already approved must be evaluated. A 12" x 12" fabric sample must be mailed to:

HÄG by izzy+
Customer Service
11451 Harter Drive
Middlebury, IN 46540

Backing of COM Fabrics

Latex or acrylic backing is required for all COM upholstery fabrics. If a fabric arrives at izzy+ and is not backed, a handling charge of \$26 net, plus \$3.00 net per yard will be applied to each COM order. If izzy+ is to back the COM, a minimum of 6 yards is required and the fabric must be exactly 54" wide.

Yardage

Price guide yardage estimates are approximate. Requirements are based on 54" usable width plain fabric for one chair. Additional yardage may be required for patterned material. Fabrics greater than or less than 54" wide, or less than 6 yards, cannot be backed by izzy+ and must be backed by the purchaser. For yardage requirements on 30 chairs or more or on patterned repeats, call customer service. Leather requirements based on 55 sq. ft. usable hide.

Shipping COM Fabric

All shipments must note:

- Dealer/Customer Name, Order Number,
- Yardage Shipped, Fabric Application
- Direction, Exterior Fabric Face.

Ship approved fabric freight prepaid to:
izzy+

COM Department
11451 Harter Drive
Middlebury, IN 46540

Fabric sent COD or freight collect will not be accepted.

California Tech Bulletin 133 (CAL TB133)

Any COM fabric to be used in a CAL TB133 application must be shipped with written certification of fire retardant treatment. The customer is responsible for having a fire retardant treatment added to the COM prior to shipment to izzy+.

Manufacturing Schedule

COM/COL orders will be scheduled for manufacturing and a shipping date issued after the factory receives all COM/COL for the order. If your order requires partial or split shipment, please contact customer service.

Warranty

izzy+'s ten (10), five (5), and three (3) year warranties do not cover COM/COL. COM/COL is not covered by any izzy+ warranty.

Conditions

izzy+ will inventory COM/COL for one month. COM/COL pricing may increase if material requires extra backing or labor. Any COM fabric purchased by izzy+ on behalf of a customer will be inspected at the time of production to ensure it meets izzy+'s upholstery standards. izzy+ will notify customers if the fabric fails to meet those standards. izzy+ will assume that any COM fabric purchased by a customer and shipped to izzy+ has been inspected by that customer and has been approved for use. Customers indemnify and hold izzy+ harmless against all claims for damage or injury to property or persons by reason or failure of COM/COL to be merchantable, fit, or safe for use. izzy+ is not responsible for COM/COL wear, defects, or appropriateness. izzy+ is not responsible for COM's received with bow and skew issues. It's assumed that the fabric vendor has shipped izzy+ useable fabric. COM is not inspected for bow and skew upon arrival, it is determined at the point of manufacturing the product. If a COM has bow and skew issues (regardless of whether izzy+'s vendor backed the fabric or it was received with backing), the customer will be contacted to have the fabric vendor issue an RA for pick up of the skewed fabric and ship replacement fabric to izzy+. At that point, the order will be unscheduled. It will be rescheduled upon receipt of replacement COM.

Cal TB133/177 Fire Codes

Cal TB133

Cal TB133 is a standard of furniture flammability required by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings such as healthcare facilities, convalescent homes, public assembly areas of hotels and motels, hospitals, board and care homes, stadiums, licensed child care facilities, prisons and jails.

Cal TB133 is a full-scale fire test for furniture. The standards do not specify how to construct furniture, but only how they should perform when tested.

To meet this fire code standard, a fire blocking liner is sandwiched between the foam and the fabric of the chair. This liner actually acts as a fire extinguisher by smothering the flame.

Cal TB117

All izzy upholstered seating products meet California Technical Bulletin 117-75 (CAL TB117) which has been in effect since October of 1975. This is a standard by which upholstered furniture is tested to be approved as meeting a minimum fire standard.

The following seating products meet the Cal TB133 standard when combined with an approved textile

MODELS	ARMS	UPHOLSTERY
HÅG Capisco		approved izzy+ flavors textile
HÅG Capisco Clean Room		Canter vinyl
HÅG H04	HC – height/width adjustable T-arm with standard pad SC – height/width adjustable T-arm with soft pad	approved izzy+ flavors textile
HÅG H05	HC – height/width adjustable T-arm with standard pad SC – height/width adjustable T-arm with soft pad HS – height/width adjustable SwingBack arm with standard pad SS – height/width adjustable SwingBack arm with soft pad	approved izzy+ flavors textile
HÅG H09 Excellence	MA9 – multi-adjustable arm with TiltDown rest in leather	Antigo Leather
HÅG H09 Inspiration	MA9 – multi-adjustable arm with TiltDown rest in leather	Antigo Leather/Mesh Back

Upcharge and Lead-time

The upcharge for Cal TB133 is dependent on the product selected. Upholstered back is required on many Cal TB133 products, refer to the product page under options for the appropriate upcharge. Clearly indicate the Cal option code when ordering.

Cal TB133 product requires additional lead-time and is not available on quick ship. Contact Customer Support for more information regarding lead-times.

Existing Seating Compliance

To determine whether a HÅG chair you currently have meets Cal TB133, check the bottom of the seat pan for the label shown below. If your chair does not have this tag, your chair does not meet Cal TB133.

Cal TB133 label

Note: This article is manufactured for use in public occupancies and meets the flammability requirements of California Bureau of Home Furnishings Technical Bulletin 133. Care should be exercised near open flame or with burning cigarettes.

Clean Room

Clean Room

izzy+ produces clean room seating products (CRM) with a minimal particulate contribution in accordance with ISO 14644 Class 4 clean rooms. Tests have been conducted in a test chamber where air is filtered through 99.999% effective 0.3 micron filters. Test chair is measured at 8 locations with Climet Airbourne Electro-Optical particle analyzers both upstream and downstream while chair is subjected to simulated use by depressing the cushions. Each sample location is measured for 30 minutes elapsed time.

Clean Room

The following models and upholstery selections have been tested and approved for Clean Room and Clean Room applications:

HÅG Capisco Models

H8205CRM, H8225CRM, H8206CRM, H8226CRM
