The Simple, Versatile Choice

Businesses today count on streamlined mailing solutions that will keep their offices running smoothly. The IN-360 with NeoShip has you covered.

As the USPS® continues to introduce new mailing and shipping requirements to the market, decision makers want to ensure the products they invest in are designed to keep pace with the latest changes. The IN-360 provides access to a growing suite of services and apps intended to improve postal, parcel and related digital communications. With sleek, durable and compact design, the IN-360 maintains Neopost's commitment to build and ship products in the most ecological manner.

Accurately weigh your items

The standard integrated 5 lb. scale, or optional 10, 30 or 70 lb. weighing platforms ensure you know the correct weight of each mail piece, preventing over posting.

Coupled with NeoShip online shipping software, the IN-360 is the simple, powerful choice for all of your mailing and shipping needs.

As an option for the IN-360, NeoShip meets the latest USPS IM®pb (Intelligent Mail® Package Barcode) requirements. Simple to use, NeoShip software is accessible through your MyNeopost online account. With NeoShip you will benefit from:

- Automatically qualifying for Commercial Base Pricing
- Creating IM®pb-compliant shipping labels in minutes
- Free address correction services
- Free insurance Priority Mail® (up to $50 value) and Priority Mail Express™ (up to $100 value)
- Consolidated views of all shipments
- Generating detailed reports based on shipment history/operator shipments/transactions

Environmental Commitment

The IN-360 carries Neopost's Eco-Label which aims to provide a clear and consistent set of environmental performance criteria used in the design phase of our products.

How We Reduce Our Environmental Footprint:

- Neopost limits the machine weight and the amount of raw materials used for production.
- The volume of our packaging is kept to a minimum and is 100% cardboard and recyclable.
- Packaging for the IN-360 represents less than 20% of the total weight of the packed product.
- The user-friendly sleep mode helps reduce energy consumption.
- We develop our products to ensure a minimum recyclability rate of 75%.

The IN-360 is compliant with environmental Regulations and ENERGY STAR

Powerful Performance with a Compact Design

1. Weighing Platform

Standard 5 lb. integrated scale handles postcards, envelopes and small packages with ease. Optional 10, 30, 70 lb. platforms available.

4. Moistener

Automatic sealing with an easy-access reservoir ensures a perfect envelope seal.

2. Catch Tray

From postcards to 10″ x 13″ envelopes, the catch tray holds a variety of items.

5. Hand Feeder

Smooth powerfed provides fast batch processing.

3. Shortcut Keys

Save time and eliminate keystrokes with the IN-360 shortcut keys.

6. Connectivity

Experience seamless downloads with a high speed Internet connection – refill postage funds, download USPS® rates and process items with optional NeoShip shipping application.
