Seating

Our vast collection of chairs offer adjustability and aesthetics to fit your needs.

Ordering Information

Trendway product catalogs are available in the following design software: CAP, Giza, Midnight-Oil, and Project Matrix. The Seating price book is also available in .pdf (Acrobat Reader) format on www.trenddealer.com.

The most efficient way to enter an order is through Trendway On-Line Order Entry on www.trenddealer.com, which also accepts .sif files from the design software listed above. Faxed orders are available as well but may extend lead-times.

Order specification examples are shown throughout the price book. Be sure to follow the order sequence carefully to ensure complete and accurate order specification.

After placing an order, Trendway will send an order acknowledgement that follows the sequence of information outlined below. Trendway encourages you to follow the same steps so that checking your order against the acknowledgement will be as easy as possible.

Placing an Order

To make placing an order simple, Trendway On-Line Order Entry automatically prompts the product and option decisions that are required. For accurate order processing on faxed orders, please type your order or use legible handwriting, and be sure to include the following information:

1. A complete "sold to" address with correct Zip code.
2. A complete "ship to" address with correct Zip code.
3. A purchase order number. (The order is issued to Trendway Corporation, Holland, Michigan.)
4. A signature or name of person authorizing the purchase order.
5. A contact name, phone number and email address at your company.
6. An actual calendar date for the requested delivery date (not ASAP).
7. Line items that are complete, which means all catalog numbers and descriptions, options listed for each product selected, fabric/

finish pattern and color descriptions, and all corresponding letter or number codes. Be sure to make a pick for all available options. Also, combine identical items and specify total quantity unless using special marking or tagging.

(Refer to the price book for ordering options.)

8. Special products referenced by their control numbers as well as their descriptions.
9. Line items that include price per unit, as well as extended totals.
10. A total dollar amount for the purchase order.
11. Any special shipping requirements clearly noted; i.e., "call before delivery."

By placing your orders correctly and completely the first time around, your order will be processed and scheduled without delay (subject to credit approval).

Lead-Times

The majority of our chairs ship within Trendway's standard lead time. Trendway Express lead-times are available on select products. Products and their options available for specification on Express are indicated with an Ⓢ in front of the catalog number. Note that all chosen options for a product must also be available in the Express program to qualify.

Note: Shipping lead-times are subject to product availability due to order size. For exact lead-times on your order contact Trendway Customer Care.

Ⓢ Express**1. Trendway Express Orders**

- Trendway Express is Trendway's special quick shipment program. The program was devised to help customers meet immediate office furnishing needs. Complete orders entered electronically will ship within an average of 3 working days.

Trendway Express is a selected offering. Featured are the more frequently requested fabrics and finishes from Trendway's selection — enough to address most commonly encountered work situations in today's office.

Because Trendway Express lead times are so condensed, no COM or special orders can be accepted.

• The Maximum Order

Trendway Express orders are limited to a maximum of 25 chairs. Due to the special nature of this offering, no deviations or substitutions of products found will be accepted. Shipments are subject to product availability. Orders containing any non-Trendway Express offerings will be scheduled for normal lead times.

• Changing or Canceling an Order

Trendway Express orders are often processed the day after order entry. Therefore, your Trendway Express order may be changed or canceled only on the same day that it is placed.

2. Transportation

All orders are shipped by Trendway truck or common carrier. List prices shown include Trendway specified freight cost on all orders. For additional information about transportation, contact the Trendway Customer Care Department at 1-800-893-8115.

3. Prices

Prices shown in this offering are F.O.B. origin, freight prepaid. Trendway reserves the right to change prices without notice.

Surface Material Program

The Trendway Surface Material program includes a broad selection of coordinated fabric and trim finish options. Additionally, Trendway offers a Customers Own Material (COM) program to allow customers to further personalize their work stations. The following sections describe the Trendway Surface Materials vocabulary.

Surface Trends

Trendway's Surface Trends program is an evolving collection of fabrics, vinyls, and laminates, and is designated by the  symbol. Influenced and kept up to date by emerging trends, the typical life span in this program is one to three years. Items no longer available through Trendway may still be available for purchase directly through the supplier. Materials in this program comply with, and in many cases exceed, the industry standards for quality and performance.

Trendway Express

Trendway Express Fabrics and finishes are available in a three-day lead time. Surface Materials available for specification on Express are indicated with a  in front of the 3-digit code.

Terratex®

Terratex is a True Textiles brand designating fabrics that are made from 100% recycled or compostable material using increasingly sustainable manufacturing practices to produce a high-quality product that is recyclable at the end of its useful life. For more information, go to www.terratex.com.

COM

Customer's Own Material program allows customers to select and specify their own fabric or laminate on Trendway product. For detailed information, see COM in the Pricing, Procedures and Policies section in the back of the pricebook.

Pre-Approved COM

Select from popular COM fabrics preapproved by Trendway. Customers are able to search the COM library on www.trenddealer.com for fabrics and specific applications that have passed manufacturability testing on Trendway product.

CAL 117

All Trendway's seating fabrics and foam comply with requirement of the State of California Technical Bulletin 117.

CAL 133

Trendway offers chairs compliant with California Technical Bulletin TB-133 in select fabrics and options. See individual fabric patterns listed in the following pages for availability.

Due to the special construction and materials required for CAL 133-compliant chairs, an upcharge will be applied and lead times may be extended. Options and models not available under this program are noted in the price book (e.g., ballistic nylon outer backs).

Find individual chair models in this Price List for specific availability and pricing details. Contact Trendway Customer Care at 800-893-8115 to process orders and determine lead times.

Alliance Program

To improve the selection of seating fabrics available to our customers, Trendway has developed Alliance Programs with Momentum Textiles and Camira Fabrics. These seating upholstery patterns have been tested, approved and priced for Trendway seating and can be specified on approved seating models using the normal Trendway

order process. A detailed list of fabric grades and approved seating applications is available below on the following pages, as well as on Trendway.com in the Seating and Surface Materials sections.

The Momentum website also includes a complete listing of Trendway-approved seating patterns according to their grade. Visit the Momentum section of www.momtex.com and use their 5 Clicks tab in the Products section to find available options and order samples. You can use the 5 Clicks function to search by grade, color, pattern, type and availability.

The Alliance Program is not part of our standard offering and therefore may be subject to extended lead times. Please call Customer Care for specific lead time information. You can order samples and get complete details at www.momentum.com and www.camirafabrics.com.

Momentum and Camira Alliance Program patterns are not available on Trendway Express.

This Alliance Program has been developed to offer a wider variety of textiles to meet your needs. The supplier (Momentum and Camira) reserves the right to change the offering at any time, and Trendway cannot be held responsible for the availability of these materials.

11. Customer's Own Material (COM)

The Trendway COM program allows customers to use special materials. By complying with the COM testing procedure in the steps below, Trendway will be able to identify if your material is appropriate for application to the products you specify.

To comply with the COM testing process, please follow these steps:

1. Select the COM fabric.
2. Check first with www.trenddealer.com to determine if this material has already been Trendway approved or disapproved. NOTE: Approval must be on the same product.
3. If approved, customer submits the signed **COM Guideline Letter** (available from your Customer Care representative at 1-800-893-8115 and on www.trenddealer.com) along with the COM database reference number.
4. If the material requested is not in the COM database, customer must send a sample of the COM material for testing (refer to test yardage requirements chart). Complete and submit a **COM Request Form** on www.trenddealer.com. Label the fabric sample with the name of the material manufacturer. Also, include both the name and number of the pattern and color. Specify the direction the fabric is to be applied. Specify all of the Trendway product numbers designated for the COM application.

5. Ship COM samples to:

TEST YARDAGE REQUIREMENTS	
Seating	1 1/2 yard

If Buyer desires to use his own material in the production of Trendway's products, it is necessary to obtain the prior written consent of Trendway. Material provided by the Buyer shall be shipped to seller, freight prepaid, and all risk of loss or damage shall remain with Buyer. Buyer must assume responsibility for any spoilage that takes place in the course of processing or during transportation. Buyer hereby holds Trendway harmless against any and all claims for loss, liability, injury, or damage arising from use of customer material; and Buyer takes full responsibility for performance and quality of customer material. Buyer should also be aware that Buyer-furnished materials may not qualify for U.L. Listing or meet fire codes.

NOTE: Listed yardage requirements are actual dimensions based on 54" (1372)- wide material.

Refer to the individual price book pages for COM yardage requirements.

NOTE: Most fabric houses have a one yard minimum or an upcharge on less than one yard cuts.

NOTE: All COM applications are priced at Grade A; all COL applications are priced at Grade D.

12. Special Product

When Trendway purchases special surface materials (i.e. fabrics and laminates) at the request of the customer, the customer takes full responsibility for the performance and quality of the surface material.

13. Delays

Trendway shall not be liable for loss or damage due to delay in manufacturing or delivery resulting from any cause beyond Trendway's reasonable control, including, but not limited to, compliance with any regulations, orders, or instructions of any Federal, State, or Municipal Government, or any department or agency thereof, acts of God, acts or omissions of Buyer, acts of civil or military authority, fires, strikes, factory shutdowns or alterations, embargoes, war, riot, delays in transportation or inability due to causes beyond Trendway's reasonable control to obtain necessary labor, manufacturing facilities, or material from Trendway's usual sources. In no event shall Trendway be liable for special or consequential damages for any delay for any cause.

14. Postponement of Delivery

If unforeseen circumstances occur, Trendway Corporation may postpone delivery of ordered products. Customer will be notified when such postponement occurs.

15. Storage

When shipment is delayed by the Buyer, Trendway reserves the right to place the goods in storage at customer's risk and cost. Trendway charges a one-time charge of 1/4 of 1% list price per week to cover storage. All terms and conditions of the sale, including but not limited to invoicing and payment, will continue as if the product has been shipped to a Buyer specified destination; except that title remains with Trendway and that Trendway reserves the right to modify payment terms to assure recovery of any additional cost incurred.

16. Transportation

All orders shipped to any destination, within the contiguous United States, will be F.O.B. origin, freight prepaid, and risk of loss or damage shall pass to Buyer upon delivery to carrier. Trendway will determine the method and agency of transportation to be used.

Exceptions to standard prepaid freight are as follows:

- Customer directed expedites (Air Freight, Federal Express, Team Hauls) will be prepaid by Trendway and Customer will be billed the difference between standard and expedited freight.
- Truckload deliveries that are requested to deliver on weekends, Holidays or after 3:00 pm on Fridays will have an additional charge of \$450 per truck.
- Excessive unloading (in excess of 4 hours) will be billed at \$50 per hour after the initial 4 hour unloading period.
- LTL shipments normally deliver between 8:00 am and 5:00 pm, Monday through Friday. A specific delivery time on your assigned delivery date can be requested for an additional charge of \$150. This charge does not apply to full-truckload shipments. Requests for specific dates/times falling outside standard delivery timeframe for the carrier serving your area constitute

Expedites (see Customer-Directed Expedites, above). Expedite charges do apply to full-truckload shipments.

- Lift gate service will have an additional charge of \$85.
- Inside delivery service starts at \$50. Call Customer Care for quote.
- Reconsignment cost after shipment, starts at \$50. Call Customer Care for quote.
- Special equipment requirements call for a quote.

In the event that special F.O.B. Destination terms are agreed to by Trendway or delivery is made on Trendway-owned or -leased equipment, customer or authorized representative is responsible for noting any freight damage or shortage on the freight bill of lading at time of delivery and must notify Trendway within five (5) days of delivery day of any such damage or shortage. Assistance in a concealed damage claim on an F.O.B. Destination shipment will be provided by Trendway only if the product has been immediately unpacked and both the carrier and Trendway have been promptly notified of resultant damage so the proper inspection can be made.

Shipping Note:

Trendway strives to minimize packaging to help the environment and to make installations faster and cleaner.

Trendway ships products using various packaging methods based upon the product type and shipping method (full truck vs. LTL), all of which are designed to provide protection for the product while minimizing packaging materials.

Trendway tests packaging designs to ensure their effectiveness.

17. Product Ownership

Title and risk of loss to all goods sold shall pass to Buyer upon Trendway's delivery to Buyer or to a carrier at shipping point. Trendway, however, retains the Purchase Money Security Interest in all goods shipped and the right to perfect same.

18. Damaged Materials

Trendway Corporation is not responsible for shipped products when the common carrier is in receipt of the material. Trendway expects all customers to thoroughly inspect orders on receipt regardless of point of delivery. Clear receipt should not be given on the material until it has been checked for damage in transit. All claims for noted damaged material must be made by the customer to Trendway Customer Care. Concealed damage or damage not noted at time of delivery shall be made by the customer to the common carrier within 15 days after receipt.

Trendway assumes no liability for such damage.

19. Shortage on Order

Shortage on ordered products must be reported to Trendway Corporation within five (5) days of product delivery and must be noted on bill of lading at time of delivery.

20. Product Usage and Compliance

Buyer assumes full responsibility for the application of Trendway's product to Buyer's use, and compliance with Trendway installation and maintenance instructions and reasonable load restrictions. Compliance to local code restrictions regarding fire, electrical, and building codes are the responsibility of the customer or his authorized agent.

21. Post Delivery Assistance

Installation and servicing of Trendway products are normally handled directly by Trendway authorized dealers. When this is not possible, assistance is available by calling Trendway's Customer Care Department at 1-800-893-8115.

22. Returned Goods

As a basic policy, Trendway does not accept returned material, because most items are manufactured per order and are not in stock at the factory. If material is authorized for return because of Trendway error, shipment may be made freight collect. Any other goods for which Trendway does authorize a return will be sent prepaid and a restocking charge of 35% will apply.

To receive authorization to return goods, please contact Trendway's Customer Care Department at 1-800-893-8115.

All Returned Goods Authorizations expire thirty (30) days from date of issue. Any product returned after 30 days will be refused and returned to sender collect.

Electrical components, non-standard items, Trendway Express products, and fabric-covered goods may not be returned. Replacement products will be billed to you with credit being issued upon return of the product in good condition. All goods returned must be in the original Trendway packing cartons. Goods will be inspected for damage upon return. No credit will be issued for

goods which are damaged. **As a general statement of policy, return authorization will not be issued for items unless they are Trendway stock items.**

23. Special Marking or Tagging

Special tagging is available on all orders free of charge. Trendway suggests this option to simplify the staging and installation of product. **Tag designations must be specified at the time an order is placed.**

24. Upholstery

Trendway takes pride in the quality and craftsmanship of our products. With the wide array of fabrics and surface materials offered, there may be differences in materials that can affect the appearance of the final product. Each product is upholstered by hand and the upholstery may vary between similar products.

Trendway cannot be held liable for any upholstery cover with regard to durability, colorfastness, shrinkage, or stretching beyond what the surface material supplier extends to Trendway.
