SUGGESTED LIST PRICING
JUNE 2015

Welcome to the 2015 generation of Office Master's price book.

Office Master, Inc. works very hard to produce high-quality, ergonomic seating that fits perfectly into any working environment, and any working budget.

As a company, we strive to maintain our focus on the well-being and complete satisfaction of all our customers—big, small, institutional, healthcare, corporate or others.

To help accomplish this, we do our best to develop useful tools that help everyone who works with our products; whether it's sales representatives, specifiers, facilities and/or customer service personnel:

Our Website (www.OfficeMaster.com) is loaded with many frequently updated tools to keep you fully informed about our company news, events, new and existing product details, adjustments, videos, fabric selections, and much, much more.

Our Customer Service personnel (**toll-free 877 776 5678**) are always on-hand, Monday through Friday 7:30 AM PST to 5:30 PM PST to help field any questions, concerns, or perhaps even great Office Master success stories that you'd care to share!

Our Manufacturer's Sales Representatives (full contact list available via link at top right corner of our website) are friendly, knowledgeable, and dedicated to working for you by providing valuable project assistance, demo and product-selection support, and myriad other indispensable services.

This Office Master, Inc. Price Book (May 2015) is newly redesigned in several useful ways that will really facilitate your furniture selection activities; at least where it comes to your Office Master seating selection anyway!

If you haven't already, we invite you to get to know us and once you do, we think you'll agree that our unique brand of personal care and attention to detail is truly an intangible factor that sets Office Master apart from other seating manufacturers.

Some of the new features that you'll find inside our redesigned May 2015 • 1st Edition Price Book:

1. Re-organization of our entire price book. We've made it easier to find the OM chairs you love for whatever environment you're working in by returning to a primarily alphabetical listing of all our seating. However, we did create 2 groupings for our extensive seating selection by having 2 sections: The first is one for task, executive, conference and general "work chairs", and then a second section is dedicated to stackable, guest, and specialty seating.
2. Useful Intra-Family Groupings. Within each Family/Model Series section, we've grouped chairs with like characteristics – similar proportions or features – together and labeled them with a "guidance flag" to help you know the logic. We've also added a suggestions/commonly ordered options guide near the end of each family section; this section shows the same features you'd find at the back of the book, but just located closer for convenience and ease-of-reference.
3. Multiple Table of Content Arrangements. If you need any help finding a product (whether you're a longtime supporter looking for a specific model, or an "OM newbie" searching for a certain type of seating), simply flip to the front of the book to find models by: Application, Type of use, Control functionality, or Model name. If you have further questions, please call us!
4. Expanded Grade-in's List. Now located near the back of this book, find everything related to C.O.M.'s, Grade-in's, or general upholstery questions in one complete section.
5. Updated Manufacturer's Warranty. Please browse to page 124 of this book to find the newly updated Limited Manufacturer's Warranty that will go into effect for orders placed from May 31 2015, and that supersedes older warranties printed on pre-May 2015 literature.

If you have any questions about navigating this book, or what OM seating fits your environment the best, we invite you to contact us: 877 776 5678 or om@officemaster.com

Need help selecting the right Office Master model for your customer?

Remember though, while we hope this guide is helpful and even a little fun to use, choosing the right chair can not be done on the basis of price or the number of features alone. Proper ergonomics, safety and comfort are all additional important considerations that your customer should weigh equally in making their seating purchase decision.

Chart is done with pagination
May need help determining correctness.

Office Master has developed this Price-to-Features Matrix to help you get started in the right direction. Use it to pick an Office Master model family with the price-to-features profile that most closely matches your customer’s needs. Then, to further refine their selection, call on our experienced factory reps and customer service team to arrange samples or find additional information. You can also visit our website for product images, news and updated specifications (www.officemaster.com).

seating technology for comfort

DCS™ TECHNOLOGY
Double Comfort Seating Technology

Office Master’s Double Comfort Seating™ (DCS) Technology is a unique layered system of self-conforming memory foam, combined with firmer Office Master high-resilience cushioning. Years of research and development have resulted in a seating experience that is at once soft and supportive, and truly beyond compare.

By combining German and Japanese process technologies and formulas for molding cushions, Office Master is able to create a medical-grade seat cushion that provides even more support than our standard high-resilience seat cushion. This additional support comes with the added benefit of a body-conforming seat which allows users to remain comfortably seated for longer periods of time.

The DCS™ Technology seat cushion has achieved excellent results when put through a series of ‘seating durability’ tests. The seat cushion will withstand the rigors of every day stress and wear while remaining comfortable and supportive.

BAM
Body-activated motion

Body-activated Motion (BAM) describes the dynamic ergonomic principals that the OM5 Series® of seating rides on.

Instead of relying on inconvenient manual adjustments that many chair occupants realistically rarely use (or worse: misuse), the OM5 Series® dynamically adapts to the user; reclining or pausing in immediate response to cues from the user’s own body.

features:

Begins @ \$438 armless / \$547 with KR-200 (AF504)

Flexible options ideal for task, executive, and conference environments

Contemporary, "frameless", rectilinear design

Multiple mesh color (two) and knitted upholstery jacket (nine) options

Seat designed with extra waterfall curve and "sit-as-you-like" comfort

		Evita Leather (Black, Stone, Vanilla, White)		\$699.00

Besides the stools shown on this page, the AF513 (page xyz), DB52 (page yz) and YS73 (page z) contain the same CLS control and understructure (8" cylinder, HD Spider base, 65mm dual-color soft casters).

Chairs that are equipped with the Grande Spider Package – such as the CLS models shown above – may be upgraded to an TLPKG package instead. The charge to do so (from a Grande Spider Package) is \$55.56 and the part code to do so is TLPKG.

Please refer to Options (page xxx) for details.

DESIGN STATEMENT The design of the CLS Series is based upon a wish list of features that come from various Facility Managers that we've talked to over the years. It has a sturdy base and a comfortable, trouble-free footing, an easy-to-use ratchet back, seat depth adjustment, back angle adjustment and oversized casters that can go anywhere.

The low-maintenance CLS Series is just what the Facility Manager (and the lab technician) ordered!

TLPKG

GSPPKG (i.e., Grande Spider Package)

See pages 84 to 91 for a complete listing of all available arm, cylinder, caster, and other ergonomic options. Not all options may be applicable to a given model. Check with OM for compatibility details.

healthcare | lab

discovery back series (DB)

features:

Begins @ \$541 armless / \$650 with KR-200 arms (DB53)

Ideal for ergonomic situations OR environments with heavy side-to-side tasking (i.e., nursing stations)

Unusual backrest shape with functional ergonomic benefits like allowing full back "stretch"

Proprietary DCS™ Technology (double-molded memory foam) standard in most backrest and some seat cushions (check model description for confirmation)

Breadth of mechanism options from fully ergonomic to light, task-oriented adjustability

common options

Suggested Options for DB Series

Arms kits	Options
	KR-21 - list: 65.00 Contoured height adjustable T arms Adjustable height range of 2.25" 12 year limited warranty on the arm frame. 2 year limited warranty on the arm pad.
	KR251M - list: 185.00 Ultra-mobility arms with extension, 3-stage swivel and unlimited inside pivoting on the lowest height and width adjustable and removable T arms. Overall height travel: 6.9-9.5" from seat cushion (varies) 2" width travel/side Memosoft arm pads 12 year limited warranty on arm frames & 2 year limited warranty on arm pads.
	KR445 - list: 175.00 Height and width adjustable T-arms with smooth fore-aft, side-to-side, and pivoting motion arm caps Adjustable width range of approx. 1.25" per side 12 year limited warranty on arm frames & 2 year limited warranty on arm pads.
	KR445 - list: 195.00 (KR445 correct? or KR465) Height and width adjustable T-arms with smooth fore-aft, side-to-side, and pivoting motion arm caps Adjustable width range of approximately 1.25" per side 12 year limited warranty on arm frames & 2 year limited warranty on arm pads.

See pages 84 to 91 for a complete listing of all available arm, cylinder, caster, and other ergonomic options. Not all options may be applicable to a given model. Check with OM for compatibility details.

DISCOVERY BACK DESIGN BENEFITS The special pear-back design of our Discovery Back series is designed specifically to address unhealthy seating postures. With a cut-away design to allow for full rearward travel of the scapula, DB chairs can help users who sit for long hours to develop habits for a healthier back.

SCAPULAR IMPEDENCE When reclining against a traditional backrest the shoulders are restricted from their full range of motion. This restriction of motion is referred to as scapular impedance, a condition that impedes the full range of motion and prevents beneficial stretching.

THE 'HEALTHY BACK' DESIGN According to the ergonomists and chiropractors with whom we have consulted, when people are seated in a chair with a full, 'normal' backrest, the body has a natural tendency to hunch forward. This predilection towards 'scrunching' is — with near uniform agreement — recognized as an unhealthy position for the human body to remain in, especially when seen in prolonged seating situations.

NOTES When upholstered in OM Comfort Knit Solids or Matrix fabrics, DB Series back shells are upholstered in a high double-rub black fabric unless otherwise specified. Adding adjustable lumbar is an option on any DB Series model except for the DB52, DB53, DB64. The DB64, DB68, DB74, and DB78 are rated for 300 lb. weight capacity.

Suggested Options for IUHD/IUPD Series

Arms kits		
	JR-BN/JR-PD - list: 257.00 Height adjustable T-arms with fold back feature and trigger-style control Adjustable height rage of 2.25" Ballistic nylon upholstered arm pads (on JR-BN) Memosoft arm pads (on JR-PD) 12 year limited warranty on the arm frame. 2 year limited warranty on the arm pad.	
	JR-69 - list: 206.00 2-way adjustable (W/H) forward-slanting T-arms with RP65 lockable arm pads. Black only. Adjustable height rage of 4.25" Adjustable width range of 1.75" 12 year limited warranty on the arm frame. 2 year limited warranty on the arm pad.	GSPPKG - list: 55.56 Must use CYL-6SHD (Alternate stool base option for IU77HD/PD - no charge to substitute)

Intensive Use 24-Seven Series designed to accommodate users up to 350 pounds.

IU: Intensive Use (aka, 24/7 environments), HD: Heavy-Duty (i.e. for occupants weighing up to 350 lbs.)

*Application testing may be required for Grade-In fabrics on IUPD and MXPD seating. Consult OM for details.

IU: Intensive Use (aka, 24/7 environments)

PD: Police Department (i.e., perfect for police or security environments)

notes

multi-shift | heavy-duty | maxwell intensive use 24-seven (MXIU)

features:

Begins @ \$867 armless / \$976 with KR-200 arms (MX84IU)

Our heaviest chair both by weight and weight-rating is scaled and built to comfortably support up to 450 lbs.

Relatively slim backrest design has a useful trapezoidal shape that creates less exaggerated aesthetics

24" wide seat, steel seat plate & extra heavy-duty components make this a strong choice

MXIU

OM's heaviest-duty seating series that is also rated for 24/7 use. Series starts at \$867.00 List

Maxwell available for users up to 450 lbs.

*Application testing may be required for Grade-In fabrics on IUPD and MXPD seating. Consult OM for details.

*If purchasing arms separate (as a retrofit option), use special, heavier-duty bolts. Arms should normally be installed by Office Master or its authorized dealers.

MX: Max Heavy-Duty (i.e., users up to 450 lbs.)

PD: Police Department (i.e., perfect for police or security environments)

multi-shift | maxwell intensive use 24-seven (MXPD) heavy-duty

Please see pages 84-91, 105 for arm kits, casters and options.

DESIGN STATEMENT Called the "Maxwell" for its MAX-size and WELL-structured construction, these chairs are big in so many aspects. Made of heavy-duty components from top to bottom, these full-size chairs with wide-back comfort and solid design are ideal for users up to 450 pounds.

The Maxwell is built to endure, and now redesigned with a tapered top and wide-based back rest to offer the same full support but with a less daunting appearance.

features:

Begins @ \$668 armless / \$766 with OM5 arms (OM5-B)

A "modern classic" ideal for working environments from task to executive suites & boardrooms

"Body-Activated Motion" responds to users' weight without cumbersome tension knob

Designed by Francisco Romero of Phidesign

Proprietary features such as Virtual Pause, Variable Back Response, Waterfall Flex, etc.

Welcome to the 2015 generation of Office Master's price book.

Office Master, Inc. works very hard to produce high-quality, ergonomic seating that fits perfectly into any working environment, and any working budget.

As a company, we strive to maintain our focus on the well-being and complete satisfaction of all our customers; big, small, institutional, corporate or others.

To help accomplish all of this, we do our best to develop tools that will be useful for everyone – rep, specifier, facilities personnel or customer service.

Our Website (www.OfficeMaster.com) is loaded with many frequently updated tools to keep you fully informed about our company news, events, product details, adjustments, videos, fabric selection and much, much more.

Our Customer Service personnel (toll-free 877 776 5678) are always on-hand, Monday through Friday, 7:30 AM PST to 5:30 PM PST to help field any questions, concerns, or perhaps even great Office Master success stories that you'd care to share!

Our Manufacturer's Sales Representatives (full contact list available via link at top right corner of our website) are friendly, knowledgeable, and dedicated to working for you by providing valuable project assistance, demo and product-selection support, and myriad other indispensable services.

This Office Master, Inc. Price Book (December 2014 edition) is newly redesigned in several useful ways that will really facilitate your furniture selection activities; at least where it comes to your Office Master seating selection anyway!

If you haven't already, we invite you to get to know us and once you do, we think you'll agree that our unique brand of personal care and attention to detail is truly an intangible factor that sets Office Master apart from other seating manufacturers.

Some of the friendly new features that you'll find inside our redesigned December 2014 Price Book:

1. Re-organization of our entire price book. We've made it easier to choose the right chair for whatever environment you're working in by dividing our extensive selection of seating into eight major categories: (1) conference and executives, (2) general office, (3) healthcare, (4) heavy-duty, (5) 24/7 usage, (6) occasional use, (7) schools, and (8) specialty applications.
2. [Enter About the Alphabetical listing of products here?](#)
3. Multiple Table of Content Arrangements. If you need any help finding a product (whether you're a longtime supporter looking for a specific model, or and "OM newbie" searching for a certain type of seating), simply flip to the front of the book to find models by: Application, Type of use, Control functionality, or Model name. If you have further questions, please call us!
4. Expanded Grade-in's List. Now located near the back of this book, find everything related to C.O.M.'s, Grade-in's, or general upholstery questions in one complete section.
5. Updated Manufacturer's Warranty. Please browse to [page 70](#) of this book to find the newly updated Limited Manufacturer's Warranty that will go into effect for orders placed from December 2014, and that supersedes older warranties pre-printed on any pre-December 2014 literature.

If you have any questions about navigating this book, or what OM seating fits your environment the best, we invite you to contact us: 877 776 5678 or om@officemaster.com

These terms and conditions apply to authorized Office Master, Inc. dealers.

For additional company or product information, visit us at our online home: www.OfficeMaster.com

PRICES Published prices and specifications are approximate and are subject to change without notice. All prices shown in this book are shown at List and F.O.B. Office Master unless otherwise noted. Prices do not include delivery charges, installations, special handling or any applicable sales, use, excise or other similar taxes. For example, California tax laws require that in cases where an order originates from a dealer outside of CA, but ships to a destination within the state, Office Master must collect an appropriate sales or use tax. If a customer claims exemption from such taxes, an exemption or CA resale certificate must be furnished to Office Master upon or before placement of the order.

TERMS Terms are net 30 days (on approved credit only) from the date of invoice issuance. A late payment finance charge of 1.5% per month (18% annual percentage rate) will be assessed on all open invoices not paid within terms. Paying within terms will preserve your competitive pricing schedule and payment term.

CUSTOMER'S OWN MATERIAL C.O.M. If a customer desires to use a fabric or leather not supplied by Office Master, it is considered C.O.M. or C.O.L. Refer to the C.O.M. specifications section in this price book ([p. 74](#)) for detailed information on the use of such materials. Any C.O.M. and/or C.O.L. rolls, samples, hides, etc. that are being sent to Office Master for application testing or use on an order should be delivered to:

Office Master, Inc.
C/O – C.O.M. and Fabrics Dept
1110 South Mildred Avenue
Ontario, CA 91761

A shipping date will not be scheduled until all the C.O.M. materials for an order are received completely by Office Master. Any request for the return of unused fabrics must be made clearly on the Purchase Order and with specific instructions. Return freight and a handling fee will be charged. Customers should ask their fabric vendors to side-mark all shipping labels for material(s) sent to Office Master with their company names, fabric colors & patterns, and the purchase order number(s) used with their order at Office Master.

CHANGES AND CANCELLATIONS All changes and cancellations will be subject to approval by Office Master and must be requested within 24 hours after Office Master receives the order. Changes and cancellations may only be approved for orders that have not entered any stage of production. A 25% change-order fee will apply to any changed orders. Cancellations, if approved, are subject to a penalty up to the entire amount of the order. Because we make our chairs to order and make every effort to ship as quickly as possible, we strongly discourage making any changes or amendments to your purchase orders whenever possible.

RETURNS Returns will not be accepted without an accompanying, written Return Merchandise Authorization Number (RMA). Please contact customer service to obtain an RMA. Returns must be received within 30 calendar days from the date of RMA# issuance. Authorized returned merchandise shall only be delivered to Office Master on prepaid freight. Office Master reserves the right to inspect all returned goods before issuing any appropriate credit. A minimum restocking fee of 25% applies to returned merchandise received in good resalable condition. C.O.M. orders may not be eligible for return.

WARRANTY The warranty period is listed with each model for the original purchaser only. Full warranty information can be found on the hangtag attached to each chair shipped, as well as on p. 63. Office Master's sales representatives or customer service will ship appropriate replacement parts when deemed reasonable. Labor, field service or delivery charges are not covered. Unless otherwise specified all Office Master products are manufactured in accordance with normal commercial usage – for a single 8-hour shift, a total of 40 hours or less per week, and by persons weighing 250 pounds or less. Office Master shall not be liable for loss or damage resulting from use beyond the approved range or by any cause beyond reasonable control such as abuse, misuse, neglect, alteration, or act of God. Special terms may apply on certain series; please see the relevant product page in this price book for details.

SHIPPING (see EZ Freight Program for more information) Most items can be shipped boxed and/or shipped via UPS, except models marked with 'non-UPSable' in this price book. In the absence of specific shipping instructions on purchase orders, Office Master will select the carrier and the method of shipment based on delivery area, freight cost and quality of service. All freight costs incurred by Office Master will be charged to the customer except when subsidized under the terms of the EZ Freight Program or other agreement with Office Master. Please notify the freight company directly in case of any shortage or damages and advise Office Master immediately of the damages incurred during shipping.

For items shipped in California, please specify the packing preference, whether "Product in Box" or "Assembled" on all purchase orders. There is a minimum charge for blanket-wrap delivery service. Not all areas in California can be shipped assembled or under normal shipping lead times. Please call Office Master for detailed information.

If you select your own carrier, please clearly state the carrier's name, phone number, your account# with them, the name of a contact person and any special shipping and freight billing instructions on your purchase order to Office Master.

Office Master, Inc. (OM) warrants to the original purchaser that its products are free from defects in materials and workmanship for the applicable warranty period, as indicated below.

Should any item fail, OM will – at its sole discretion – repair or replace, with a comparable product or part, any item found to be defective as a result of normal commercial use (i.e., a single 8-hour shift, 5 days per week).

This warranty does not apply to items subjected to abuse, misuse, neglect, alteration, or damage caused by shipment, storage, accident, fire, flood, or act of God.

LIFETIME LIMITED WARRANTY

The OM5 Series® (including the OM5 Active sub-series) is covered by a lifetime limited warranty on all structural components as defined below.

12-YEAR LIMITED WARRANTY

Unless otherwise specified, all models not classified as budget or 24/7 or heavy-duty are covered under a 12-year limited warranty on all structural components as defined below.

7-YEAR LIMITED WARRANTY

Unless otherwise specified, all models classified as budget or 24/7 or heavy-duty are covered under a 7-year limited warranty on all structural components as defined below.

WARRANTY TERMS

Within a given model's applicable warranty period, all structural components, including gas cylinders, wood, metal and plastic parts (i.e., chair frames, bases and control handles) are guaranteed against structural failure when under normal commercial use. All OM seating comes with a default 250 lbs. weight capacity limit unless otherwise specified by OM.

For all models, consumable items (i.e., casters, glides, etc.) are covered by a 5-year normal commercial use warranty.

FABRICS AND FOAM

OM in-stock upholstery & foam cushions are covered by a 5-year normal commercial use warranty. Normal wear and tear on fabrics such as wrinkling, dirt accumulation or gathering is not covered. Natural, minor variations may exist in color, surface, grain or texture of upholstery materials. As a result, any such variations are not warranted. COM/COL and graded-in fabrics are not covered.

CLAIMS PROCEDURE

Should any item fail, contact the Dealer from whom it was purchased. If it is determined that a return is necessary, return that item and its product proof of purchase to the Dealer, whereupon that Dealer will send both to OM, freight prepaid. OM will repair or replace the defective part at its sole discretion and return it to the Dealer, freight prepaid.

RETURNS

Written authorization from OM is required prior to a Dealer returning any failed or defective parts to OM. Any returned defective part(s) will NOT be accepted without this prior written authorization, or a "Returned Materials Authorization" (RMA) # assigned to it

WARRANTY LABOR

This warranty exclusively covers the repair or replacement of OM parts and does NOT cover any portion of labor or service.

The people at Office Master believe in doing true and everlasting good. We believe that when we promote responsible new practices that build upon the organization's existing good habits, we can not only strengthen our products and the company but just as importantly, meaningfully minimize any negative impact we might have on our surrounding environment.

To this end, we've established at Office Master a culture of pursuing "Sustainable Environmentalism" — environmentalism that brings into harmony the enterprise's economic and environmental responsibilities.

By making the pursuit of environmental conservation align naturally with the undeniable corporate maxim of economic viability we manage to make Office Master a more responsible corporate citizen not just for isolated press releases, but day-in and day-out. Now that's taking a meaningful stand and making a positive difference for our future generations.

Here are some of the ways that we at Office Master are as smart about environmentalism as we are about our seating:

BUILDING A GREEN HOME Office Master has just completed building a new home that meets our twin goals of high efficiency and environmental friendliness. We began by exceeding CA's tough Title 24 energy consumption standards by an average of over 15%, and took it even further by using green building materials throughout...

- High efficiency HVAC units that utilize green refrigerants, zone dampers and energy saving economizers
- LEED-inspired building materials and lighting (CFL bulbs, recycled material in... carpets, corian countertops, office insulation, door cores, etc.)
- Dual-flush, low-flow and sensor-controlled valves on toilets, urinals and sinks
- Daylight, timer- and motion-activated sensor lighting controls in all warehouse, office and production areas
- Green landscaping irrigation systems that utilize reclaimed waste water
- Green-energy equipment (electric-powered forklifts, pallet jacks, and people movers replacing older propane-driven units)

ENCOURAGING & REINFORCING "GOOD" HABITS Just as our parents taught us, good habits are important. And good "green" habits are even more important because of the universal impact that they have... we encourage our customers, vendors and employees to all participate in our Sustainable Environmentalism program by cooperating in the following ways:

- Focus on Blanket Wrap shipping programs that utilize no cardboard packaging and maximize the space usage inside a truck because efficiency here means fewer emissions and less truck fuel consumed
- Office Master receives ongoing recognition for its recycling efforts (winning the California EPA "WRAP" award in 2008, 2009, 2010, 2011, . . .)
- FSC-certified and Recycled content in ALL printed materials – brochures, pricers, business cards, envelopes, labels, etc.
- Minimize cardboard and wood-based packaging materials...
 - > We purchase foam industry scraps to keep them out of landfills a while longer and so that they can be reused to protect our chairs in transit
 - > We purchase collapsible steel cages and instruct our vendors to use them in transporting components to us so that we can save on excess waste associated with cardboard

BUILDING SUSTAINABILITY INTO OUR PRODUCTS To Office Master, sustainability in good product design not only means that our chairs are made to last, but also that our material selections need to be made with the environment in mind. No matter which way you look at it, not having to replace your chair every few years with even the greenest chair not only saves money but also the limited resources of our environment!

- GREENGUARD™ Certification on representative models from major Office Master product families
- Custom Molded Materials from our CFC-free foam cushions to our plastic components such as shells and casters mean less waste and in many cases better comfort as well.
- Recyclability is a key component of our product sustainability strategy:
 - > Polypropylene is used on many of our components from back shells to arm frames and can be given a second life as everything from washing machine parts to car fenders.
 - > Polyurethane used in creating our seat and back foams can be converted into carpet padding
 - > Aluminum used on our bases footings can eventually be part of your car, kitchen appliances or even golf clubs and power tools.
 - > Steel is a key structural component used on mechanisms to arm brackets, etc. and it has potential to be re-used in countless ways from buildings to bridges, trucks, tools, etc.
 - > Wood such as that used on our seat and back boards can be shredded into mulch and used for landscaping or allowed to decompose.
- 100% water-based glue from a patented Swiss formula means 0 emissions hazards and an earth-friendly adhesive that works for the chairs and the earth
- Tree-farm harvested seat- and back-woods that are also FSC and CARB-certified give our chairs a sustainable, but durable structural component that lasts
- In-stock and Grade-in fabric selections are a way for our customers to participate in our Sustainable Environmentalism effort... Office Master offers over 40 in-stock options that feature either recycled or recyclable content as well as a very extensive range of green fabrics through our grade-in programs.

Ergonomic features determine which chair will provide the "best fit" for an individual.

The features illustrated here will help you understand the functionality and unique benefits of Office Master seating.

BODY-ACTIVATED MOTION
Seat & back tilt rate/tension automatically adjusts to occupant weight.

POSITIVE BACK RELEASE
Also known as PBR, this safety feature prevents a catapult-launching effect when the tilt lock lever is released. Tilting/rocking features can only be reactivated when body weight is applied on the backrest.

BACK DEPTH ADJUSTMENT
Accommodates a variety of users.

PNEUMATIC LIFT
Adjusts overall height of the chair.

PIVOT BACKREST
Pivots as the user moves.

BACK HEIGHT ADJUSTMENT
Allows correct position of lumbar support.

TILTING BACKREST
Locks in an infinite number of positions.

ADJUSTABLE LUMBAR
Provides customized lumbar support.

SYNCHRONOUS SEAT & BACK TILT
Activates single-lever adjustment.

SLIDING SEAT
Adjusts seat depth for a variety of users.

TILTING SEAT
Tilts forward and back for posture.

TENSION KNOB
Controls rate and ease of recline/tilt.

SWIVEL/ROCKING TILT
Provides "rocking motion" in any direction.

FOOT ACTIVATION RING*
Hands-free operation of pneumatic height.

SIMPLE KNEE TILT
Reduce some tension behind knees on tilt.

FULL KNEE TILT
Reduce all tension behind knees on tilt.

DISCOVERY BACK DESIGN
Prevents scapular impedance.

* available on CL14 and CL15 only

ULTIMATE TEST FOR FIT (UTFF)
The Work Chair

(7.1)
SEAT HEIGHT
Users should be able to sit with their feet comfortably on the floor or footrest without undue pressure on the underside of the thighs. The thigh-to-torso angle should not be less than 90°.

(7.2)
SEAT DEPTH
Users should be able to sit in the chair without undue pressure against the back of the knees, their back properly supported by the backrest and with adequate buttock and thigh support.

(7.3)
SEAT WIDTH
The seat should be wider than the hip breadth of the user with allowance for movement and clothing. The seat width should not limit the ability to use the armrests comfortably.

(7.4)
SEAT PAN ANGLE
This should allow users to support their feet on the floor or footrest. They should not cause the user's torso-to-thigh angle to be less than 90°. Forward seat pan angles should not cause users to shift excessive weight to their feet or experience the sensation of sliding out of the chair.

(7.5)
BACK SUPPORT
(7.5.1)
SEAT BACKREST HEIGHT
All backrests should provide adequate lumbar support and buttocks clearance. For tasks requiring upper body mobility, the backrest should not interfere with the user's movement. For users who prefer reclining postures or greater upper back support, the back height should provide support for the shoulder blades.

(7.5.2)
BACKREST WIDTH
The width of the backrest should provide adequate support for the curvature of the user's back without causing localized pressure points.

(7.5.3)
LUMBAR SUPPORT
The height and shape of the lumbar support should coincide with the lumbar curve ("the small") of the user's back. The support should be firm, but not cause localized pressure points.

(7.6)
MOVEMENTS OF THE SEAT PAN AND BACK SUPPORT
The user should be able to sit in a position where the torso-to-thigh angle is equal to or greater than 90°. The seat and backrest angles should accommodate the varying postures assumed by the user throughout the day.

(7.7)
ARM SUPPORT
(7.7.1)
ARMREST HEIGHT
This should allow users to sit in a variety of postures while supporting their forearms and/or elbows in a manner that avoids lifting the shoulders (armrests too high) or leaning to the side to reach the armrest (armrests too low). The armrest height should allow accessibility to, and performance of, tasks.

(7.7.2)
ARMREST LENGTH
The length of the armrest should allow users to sit close enough to the work surface to perform their tasks while maintaining contact with the backrest.

(7.7.3)
INSIDE DISTANCE BETWEEN ARMRESTS
Armrests should allow users to sit in a variety of postures while supporting their forearms in a manner that avoids lifting the shoulders and/or excessive outward positioning of the elbows. Armrests should allow accessibility to, and performance of, tasks. The inside distance between the armrests should allow the user to enter and exit the chair easily. The hips should comfortably fit between the armrests or supports.

COM, COL &
Grade-In Fabrics

WHY READ THIS FORM? This form describes Office Master's standard procedures for COM, COL and Grade-In's fabrics and leathers. Reading it will help you understand how your materials will be dealt with, and how to avoid potential misunderstandings and delays with your order.

WHY FILL OUT THIS FORM? Fabric designs often come in intricate patterns. Different people may interpret the same fabric's direction in different ways. In order to avoid any confusion and to ensure that your order comes out the way you want, please use this form with your original PO to specify orientation.

HOW MUCH YARDAGE SHOULD I SEND? Yardage per chair is estimated in this price list and based upon 54" wide, plain or non-directional material.

Additional yardage may be required if striped or patterned material is used, if pattern requires matching or if width of material is less than 54" wide. Please call us at (877) 776 5678 if you have questions.

PROCESSING TIME Orders for production of COM, COL and Grade-In's upholstered products are not scheduled for processing until upholstery material is received. Office Master will not ship orders until 3-5 business days after receipt of fabric(s) and/or material(s). No CBD or credit hold terms.

SPLIT ORDERS If a portion of your shipment does not require COM, please specify whether Office Master should ship complete or split. By default, Office Master puts orders on hold until all material is received. Please contact us if you need to split orders.

CANCELED OR CHANGED ORDERS Customers are responsible for the cost of the chair and any additional penalties as well as for arranging the return of any extra COM, COL or Grade-In's resulting from changes in upholstery material or cancellation of an order. Office Master assumes no responsibility for this material.

EXCESS UPHOLSTERY MATERIAL Office Master will dispose of all excess upholstery material unless the customer specifically arranges otherwise.

UPHOLSTERY MATERIAL DISCREPANCY Office Master assumes no responsibility for defects in, or performance of, COM/COL. But if we detect any flaws with the upholstery material that we receive, we will immediately notify the customer by fax or by phone. In such a case, Office Master will hold the order until the customer advises us on what to do next. Office Master is not responsible for any delays on orders in which customer instructions are pending.

Diagram 1: Up the roll, off the roll.

Back

OFFICE MASTER MATERIAL GUIDELINE HIGHLIGHTS

COM / GRADE-IN

- Unless otherwise stated, Office Master will exercise its discretion in choosing fabric direction (usual default as illustrated in Diagram 1, bottom left).*
- COM must be provided as continuous yardage, and is based upon 54" wide plain or non-directional material.
- Do not fold materials. Office Master is not responsible for material that is damaged or wrinkled upon receipt.

COL

- Leather should be sent in rolls, do not fold. Office Master is not responsible for material that is damaged or wrinkled upon receipt.
- Outer edges of leather can not be calculated as square feet or yardage.

COM & COL

- To avoid delays, all materials sent to Office Master must include the PO number of your order with us, clearly marked or tagged on all material.
- All fabrics and leathers will be examined before cutting and Office Master is not responsible for material that is damaged upon receipt.

COMPLEX PATTERNS Positioning of intricate patterns or pattern repeats on seat and back default centered (as shown in Diagram 2, bottom left). Customers can use the boxes provided on the COM Specification Form to sketch how they want patterns to appear. Be advised that if your COM or Grade-In's fabric has stripes, you need to state in your PO whether a vertical (up/down) or horizontal (left/right) orientation is to be applied. Otherwise, Office Master will use its sole discretion. Large pattern repeats may require up to 25% additional yardage.

* Office Master's default layout is "Top-Down" (aka, "Off-the-roll"). Guidance from mill's website may be referenced on a case-by-case basis.

ORDERING GRADE-IN FABRIC

To order Office Master seating with a specific, grade-in pattern, you must note the following clearly on your PO:

- 1 Fabric Mill Name (Momentum Textiles, Mayer Fabrics, extra or C.F. Stinson or Designtex)
- 2 Grade-In x (where 'x' is the appropriate grade)
- 3 Your selected "Pattern Name" and "Color Number/Name"
- 4 Layout instructions (see page 130)

If the above information is not clearly and completely noted, Office Master will assume your PO to be a COM order and will wait for your fabrics to arrive.

SELECTING PATTERNS

To choose a pattern, or to see which pricing grade (Grade-In A, B, C, etc.) your selected pattern(s) falls under, please consult the accompanying chart or go directly to the appropriate fabric mill's website. Office Master's approved patterns are listed under the "Pre-Approval/Grade-ins" section.

Upon selecting a pattern, please note the grade selection noted to the right (see instruction 1 above).

GRADE-IN SAMPLES

In order to obtain any samples, please contact the appropriate fabric mill directly via its website or phone number.

- Momentum Textiles (www.thememogroup.com, 800 366 6839)
- Mayer Fabrics (www.mayerfabrics.com, 800 428 4415)
- CF Stinson (www.cfstinson.com, 800 841 6279)
- Designtex (www.designtex.com, 800 221 1540)

SPLIT ORDERS

If you would like the items of your order that are not part of the Grade-in program to ship on a separate timeframe than the Grade-in portion of your PO, please contact an Office Master Customer Service representative to confirm. In such a case, a higher shipping cost for the PO may be incurred.

LEAD TIMES

Normal Office Master lead times for items ordered under the Grade-in program will be measured from the date of the receipt of all fabrics specified for a PO.

Order changes requested 24 hours after the original submission to Office Master may result in a longer lead time.

Actual processing times are also subject to individual credit terms and assume that all accounts are in good standing.

WARRANTY

No Office Master warranties are implied or given under the Grade-in program beyond the pertinent standard fabric mill's original warranty coverage.

CHANGE ORDERS AND CANCELLATIONS

For orders that have entered any stage of the production process, Office Master can not accept change orders or cancellations.

All fabric order changes (either Office Master textile or Grade-in) must be received within 24 hours of the original PO submission. Fabric changes to orders after the initial 24 hour period may be assessed additional fees.

Optional Arm Kits
Arm Tops
Arm Pads

"WELL-ARMED" (FOR GOOD ERGONOMICS)

35+ everyday arms, 5 different arm tops (i.e., pads with motion), myriad additional custom combinations... I guess you could say we believe in offering choices to our customers!

Choosing arms to fit your working style is important. Yet, when it comes to arm selection, we have found that opinions vary widely. Some would say that good arms get out of your way during work, and then are available as occasional rests for when you need a break from the action.

Others believe that arms are meant to offer continuous support even while working... witness the KR-251M track arms which are "move with you as you work" specialty arms that we developed for Google employees to use in a book-scanning project.

No matter your personal philosophy on arms, we've got enough choices to satisfy even the Goldilocks amongst you with something that is "just right".

Use this matrix as a starting point for just some of our more popular arm models; a reference to explain some of the more common model numbers you'd order, depending on which arm function/style you are seeking...

Arm Frame Description	Regular Arm	ARM PAD	ARM TOPS			
		Memosoft Pads (-M)	2-way Motion (-RPXM)	5-way Adjustable (-RP45)	6-way Adjustable (-RP50)	6-way Adjustable & Lockable (-RP65)

WHEN ORDERING ARM PADS

Order arm pads by specific arm model numbers found under DESCRIPTION. Office Master can NOT fulfill arm pad orders that use Type only when ordering.

NOTES:
Overall width of chair will be approximately increased 5" with Group 1 arms.
Overall weight of chair will be increased by approximately 8-12 pounds.

*Warranty on arms does not cover conditions beyond standard commercial use.

Arm kits contain left and right side arms, prices above are per set. ; See page xyz or Office Master warranty information. ; Pricing and specifications subject to change without notification.

	List \$ (Upcharge)	List \$ (Buy)	Description
CAS-REG	N/A	\$30.00	Regular Caster Designed for use on carpet (5 per set, standard on most chairs)
GLD-R	N/A	\$30.00	Glide Keeps the chair stationary at all times (5 per set)
CAS0050-SS	\$25.00	\$45.00	Safety Soft Caster Minimizes chair movement when NOT in use (5 per set)
CAS0050-RB	\$35.00	\$55.00	Reverse Braking Caster Restricted chair movement when chair IS in use (5 per set)
CAS0065-S	\$25.00	\$45.00	Multi-Surface Soft Caster Dual-colored; designed for wood, tile and smooth surfaces (5 per set)
CAS-RUB	\$25.00	\$45.00	Rubber Caster Designed for concrete and other hard surfaces (5 per set)

Office Master provides you with a range of caster options to accommodate your working environment. Tailor your caster selection specifically to the type of flooring where your seating will be used. Refer to the chart below to help you choose the caster that is right for you.

	SOFTTEST SURFACE						HARDEST SURFACE					
	Carpet	Chair Mat	Wood	Tile	Linoleum	Concrete	Carpet	Chair Mat	Wood	Tile	Linoleum	Concrete
Regular Caster	Excellent!	Fair	Poor	Poor	Poor	Poor	Excellent!	Fair	Poor	Poor	Poor	Poor
Glide	Fair	Fair	Fair	Fair	Fair	Fair	Excellent!	Fair	Poor	Poor	Poor	Poor
Safety Soft Caster	Poor	Excellent!	Excellent!	Excellent!	Excellent!	Excellent!	Excellent!	Fair	Fair	Fair	Fair	Fair
Reverse Braking Caster	Poor	Fair	Fair	Fair	Fair	Fair	Excellent!	Fair	Fair	Fair	Fair	Fair
Soft Caster ("Duo-soft")	Excellent!	Excellent!	Excellent!	Excellent!	Excellent!	Excellent!	Excellent!	Fair	Fair	Fair	Fair	Fair
Rubber Caster	Fair	Fair	Fair	Fair	Excellent!	Excellent!	Excellent!	Fair	Fair	Fair	Fair	Fair

Similar to the way tires on a car eventually wear out, even the most well-made casters are subject to wear and tear. While performing routine maintenance will extend the life of your casters, eventually you may need to replace them.

	List \$ (Upcharge)	List \$ (Buy)	Description
CYL-5	\$20.00	\$70.00	5" cylinder for most task and executive chairs (also available in chrome, call for price)
CYL-5CR	\$20.00	\$85.00	5" cylinder for most task and executive chairs. ?? Chrome housing with black colored piston
CYL-8CHD	\$30.00	\$95.00	8" cylinder to accommodate intermediate drafting desk ??
CYL-10CHD	\$30.00	\$95.00	10" cylinder in chrome for drafting stools ??

Cylinders below are heavy-duty versions available on certain Office Master models (check with factory for model compatibility)

CYL-4HD	\$30.00	\$95.00	4" heavy-duty cylinder (check with factory for model compatibility)
CYL-5HD	\$30.00	\$95.00	5" heavy-duty cylinder (check with factory for model compatibility)
CYL-6SHD	\$40.00	\$100.00	6" heavy-duty cylinder (check with factory for model compatibility)

Choosing the appropriate cylinder for both your working environment and working style is critical to proper ergonomics and your long-term seating comfort.

Cylinders (aka Gas Lifts or Pneumatic Cylinders) are a paradox. While they are one of the easiest — and most important — parts of your chair to adjust, they can also be one of the hardest parts of your chair to understand. Thankfully there is only one main area that you really need to consider when specifying for that perfect fit: Travel Range.

Travel range is usually expressed in approximate inches and is the total distance that the telescoping portion of the assembly can travel. A 5 inch cylinder has approximately 5 inches of travel from full compression to full extension, a 7 inch cylinder has approximately 7 inches of travel, respectively.

When considering the Travel Range for your seating needs, it is important to bear in mind that your working environment and style together determine what's appropriate for you. See the chart below for more details.

Category	Desk Height			Counter Height		
	Actual Travel	Comparative Max. Height* (As measured from cyl-5 as a "standard")	Comparative Min. Height* (As measured from cyl-5 as a "standard")	Actual Travel	Comparative Max. Height* (As measured from cyl-5 as a "standard")	Comparative Min. Height* (As measured from cyl-5 as a "standard")
CYL-4HD	88 mm	-2.5"	-1.3"	121 mm	standard	standard
CYL-5	121 mm	standard	standard	121 mm	standard	standard
CYL-5HD	121 mm	standard	standard	162 mm	+4"	+2.5"
CYL-6SHD	162 mm	+4"	+2.5"	202 mm	+7.3"	+4.3"
CYL-8CHD	202 mm	+7.3"	+4.3"	262 mm	+13.5"	+8.2"
CYL-10CHD	262 mm	+13.5"	+8.2"			

* All measurements are approximate and are based on switching cylinder heights on otherwise the same chair, with the same base and casters.

BIFMA UTFF (Ultimate Test For Fit) for the work chair states that users should be able to sit with their feet comfortably on the floor or footrest without undue pressure on the underside of the thighs. The thigh-to-torso angle should not be less than 90°.
