COM/COL SPECIFYING PROCESS

Many fabrics have intricate patterns and not all individuals will interpret fabric direction in the same manner.

Valo cuts fabrics off the roll as shown in the drawing labeled Standard Process. The COM requirements listed for each chair are based on this cutting method. Directional or patterned fabrics may often require more yardage than solid colors.

Upholstery is standard off the roll. All COM/COL is subject to final approval by Valo upon receipt of samples. Send samples and a copy of this form to:
