

Public Safety Storage Solved.

Storage Solved®

Storage. For Good.™

Keeping the streets safe – and protecting citizens from harm – involves a host of disparate processes and procedures, along with a diverse mix of uniquely qualified professionals who are sworn to serve and protect. In short, public safety is a highly complex science. It's also one that shares a singularly critical element ... storage.

Whether it involves law enforcement storage; crime lab storage; courthouse storage; corrections storage; fire department storage, or anything else that has to do with public safety, we've got a storage solution ... from collar to conviction®.

follow us on the web

Regardless of their size, weight or shape, virtually any type and variety of materials can be stored using a Spacesaver Mobile Storage System. Not only that, they can be stored in less floor space, reducing your building lease and construction costs.

Long-term Evidence Storage

Records Storage

Inmate Property Storage

Features

To help eliminate non-productive space created by fixed aisles, the shelving and cabinets of Spacesaver Mobile Systems are mounted on wheeled carriages that travel on rails. To initiate carriage movement, three basic modes of operation are available – Manual, Mechanically Assisted, and Powered.

Preferred by law enforcement agencies throughout North America, Spacesaver DSM evidence lockers serve as a secure, unattended evidence drop-off system. Officers can securely deposit evidence day or night without having to deal with keys or combinations, or rely on an evidence technician.

Keyless Evidence Lockers

Electronic Evidence Lockers

Refrigerated Evidence Lockers

Evidence Drying Cabinets

You don't need to be a detective to know WHO and WHEN items are deposited or retrieved from this evidence locker. With the new ControLoc™ Technology from Spacesaver®, the same DSM™ Evidence Lockers that you've known to trust can now provide evidence tracking that you can rely on...as your strongest link for a solid custody of evidence.

Convenient control operation. 7,000, 16,000 and 30,000 lbs maximum load per rack. Flexible designs that meet the most demanding warehouse requirements. Safest, most reliable and easiest to use systems. Most models install on existing floors.

ActivRAC® 7M/7P

ActivRAC® 16P

ActivRAC® 30P

Safety

Designed specifically for warehouse and distribution environments, ActivRAC systems enable for more property and evidence in less space, better organization and less time searching for items. The result... better efficiency and less cost.

Make it up as you go.

Finally, there's a locker system that adapts as fast as you do. Sizes that fit your space. Configurations that meet your demands. Accessories that change with your needs. The FreeStyle® personal storage locker is the tough, adaptable, long-term solution to your personal storage requirements.

Freestyle® Personal Storage Lockers

Security Storage Lockers

Gear Bag Lockers

Features and Options

FreeStyle personal storage lockers help protect items that are near and dear to your officers, while Spacesaver gear bag lockers store items needed before and after returning from shift duty in the community.

Keep weapons storage and ammunition storage close at hand and locked down tight with the highly versatile and space-efficient lineup of Spacesaver Weapons Storage Systems.

Open Gun Racks

Floor Mounted Lockers

Sally Port Lockers

Handgun Storage

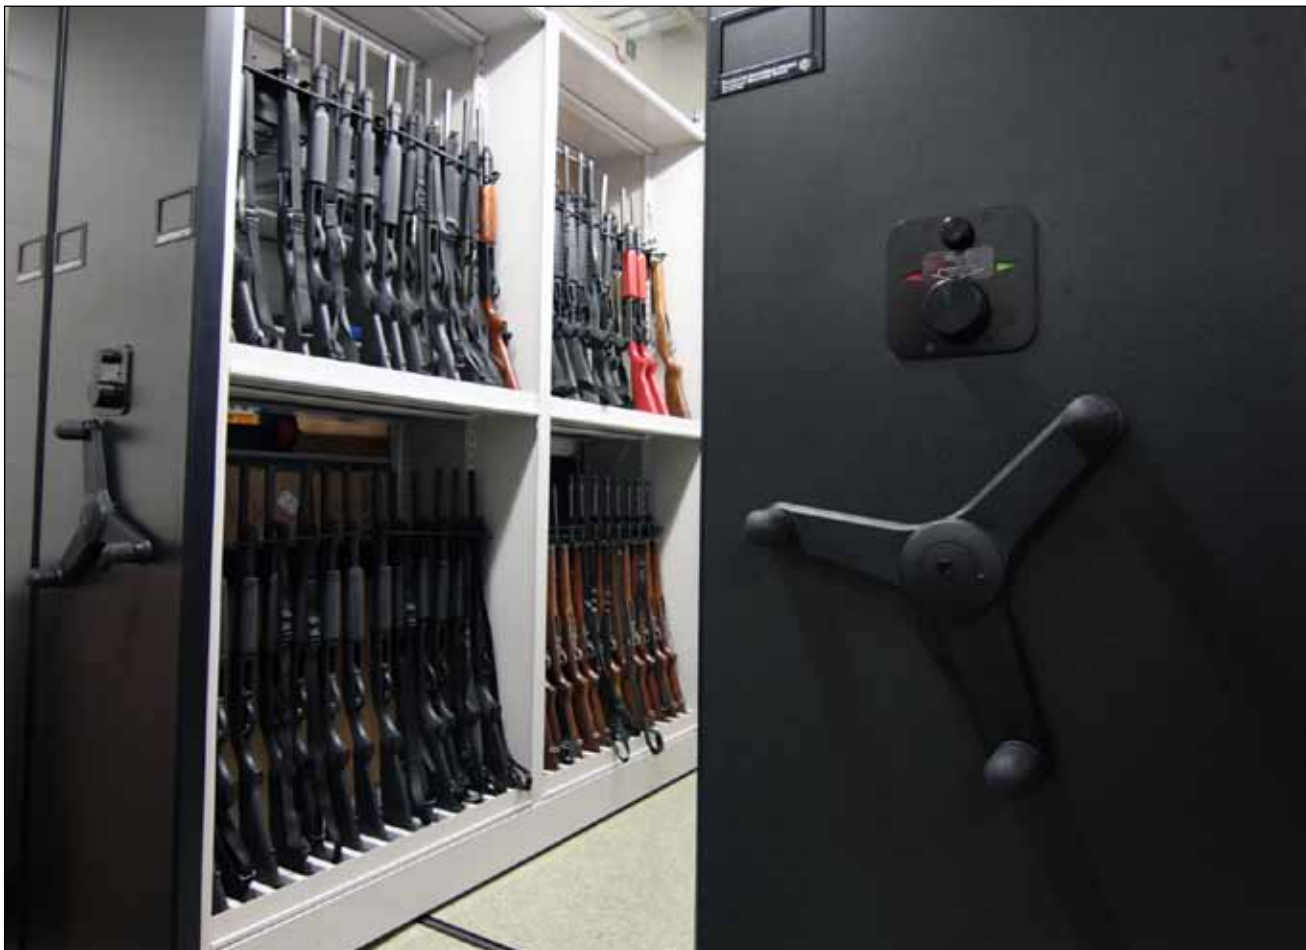

Universal Weapons Racks

Safety Boxes

Spacesaver has a storage solution for every facet of public safety. Sniper and tactical unit weapon storage, to storing weapons collected as evidence. Spacesaver has a solution for all storage areas in between.

Optimize your space and maximize your productivity.

At Spacesaver, our public safety storage solutions cover the gamut of the industry that shares a common goal: to protect and serve.

Tactical Unit Storage

Small Parts

Bicycle Storage

Long-term Storage

Our systems are specifically designed to:

- protect the integrity of evidence throughout the chain of custody;
- ensure weapons and gear are always ready and secure;
- speed access to case files and court records; and
- optimize storage efficiency and maximize security.

From law enforcement agencies to crime labs to courthouses to correctional facilities, fire departments and beyond, our storage systems – and the strategic thinking that goes with them – are uniquely tailored around the needs of those who protect people from harm and ensure continuity of evidence is maintained and justice is served.

Crime Labs

Corrections

Firehouses

Courthouses

While considering a purchase from Spacesaver®, it's important to consider the purchasing vehicles that are available. Spacesaver has a variety of contracts, partnerships and teaming agreements that give you every choice available on how you want to procure your storage systems. Delivery lead times vary with demand, contact your local Spacesaver representative for current lead times.

State Contracts

Sustainability Encompasses More than Just Creating Quality Products ...

Spacesaver creates products that inspire smarter, more responsible uses of space. It is a commitment to protect and give back to our local and global community through environmentally friendly manufacturing practices and corporate stewardship. At Spacesaver Corporation we respect the environment and strive to preserve the availability of natural resources for future generations. We don't just create space-saving solutions; we create space to breathe.
