FURNITURE FOR INSPIRED LEARNING.™

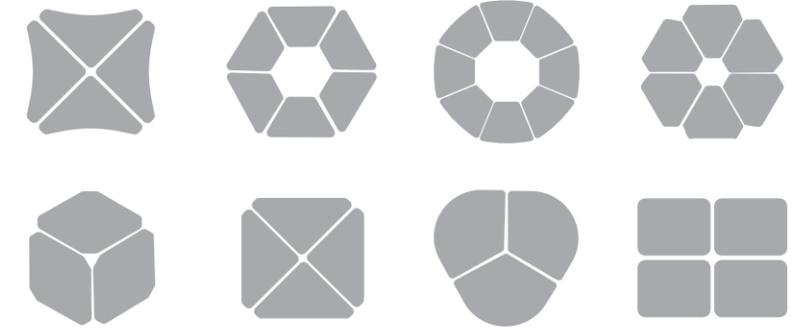

SMITHSYSTEM®

A shift in classroom and furniture design philosophy.

Not only is the 21st Century Classroom designed around the curriculum, the curriculum is designed around the student. In today's successfully designed classroom, everything starts with the student.

See more:
smithsystem.com/21centuryclassroom

Adaptable to varying group sizes.

Students work alone, in pairs or in small groups throughout the day. So desks need to be capable of forming compact pods and other groups. Research shows groups of four to five students work best. Growing class sizes is necessitating groups of five or six.

Even advanced desks don't move themselves.

Mobility is a crucial feature for furniture in a Collaborative Learning classroom. So, always consider optional casters for desks and tables. Without them, moving desks is a struggle for small students, and reconfiguring classrooms disrupts progress on lessons and projects.

Consider management of project materials.

The educator needs more tools to facilitate group and project learning. One invaluable resource is a cabinet that allows project materials to be sorted and stored for each group, distributed to the group when needed, then put away when finished. This is also a valuable space for storing manipulatives.

Consider different learning modalities.

The 21st Century Classroom supports passive and active learning lesson plans. It eases the transition from lecture style to learner-led and teacher-guided lessons. The classroom makes use of analog and digital visual presentation technology.

Connectivity is key.

Whether they're working with tablets or laptops, students need the ability to connect with data and other resources. It is crucial for 21st Century Classrooms to provide students with both power, as well as WiFi, for their devices.

Designing the classroom around the curriculum.

A fundamental shift in orientation makes the 21st Century Classroom different from all that have come before it.

The shift comes from the widespread adoption of Collaborative Learning curriculum. Classrooms in the 21st Century must support it because it will be the dominant model of education for the foreseeable future.

Collaborative Learning is different than traditional methods in two fundamental ways. First, Collaborative Learning is student centered, empowering the student to be an active participant in the learning process.

Second, Collaborative Learning revolves around solving open-ended problems or creating some sort of a "product" which could be

anything from a report, a poster or a video. These projects give the students an opportunity to develop the widest range of learning skills.

The educational benefits of Collaborative Learning include:

- Producing higher group and individual achievement, higher-quality reasoning strategies, more and more new ideas and solutions to problems.
- Developing higher-level thinking (not just recalling facts), oral communication, self-management and leadership skills.
- Learning to confidently present and defend ideas, which increases the student's self-esteem and responsibility.
- Fostering growth in maturity and confidence on the parts of the learners, because it promotes student-educator interaction and exposes the student to diverse perspectives.

EXPLORE

Two-level workspaces in Social Learning Area.

Varying the height of the workspaces is a subtle way of making a large open space seem more intimate. This helps students relax, let down their guard and collaborate more openly in small group work. Here, the Smith System Café Table and Flavors™ Fixed Height Stools create the upper-level workspaces.

View pages 164-179 for more meeting tables.

Here, the term Commons means shared, not ordinary.

This informal, energizing space is for sharing. Here, independent study, research and collaboration share space.

The Commons is designed to invite students and encourage them to work individually or together in gathering information, exploring ideas and expressing what they've learned through any number of media, whether it's video, live presentation with visual aids, written report or poster.

The starting point for a successful design is to break the space into different zones that support different parts of the learning process or learning modalities.

- Social Learning Area
- Quiet Study Area

- Connected Area
- Collaborative Areas
- Book/Media Storage and Display

Each of these areas supports a different type of learning activity.

The Social Learning Area is dedicated to informal interaction. To do this, it offers a relaxing environment where students can open up and exchange ideas. For inspiration, consider a coffee house.

In the Quiet Study Area, the student may research information for a group project or study regular school subjects.

The Connected Area. This could apply to the entire space, but should be addressed in the planning phase to determine which areas might be dedicated to fixed desktop computers and which should provide power for laptops and tablets.

Collaborative Areas for group work. They work like mini collaborative learning classrooms.

Students look for information in the Commons. Effective and imaginative book and media storage and display areas can make the search faster and more enjoyable.

Relaxed seating contributes to collaboration.

Another strategy for encouraging students to think more openly and share more freely is to provide comfortable seating for small groups. It's possible to achieve a lounge-like effect with Chat™ Chairs connected by Chat Wedges surrounding a Chat Planner Activity Table.

Don't box in students or their thinking.

Providing visual relief from the tyranny of right angles can help students to think outside the box. In the photo below, designers deftly employed Acrobat™ Crescent Desks to create imaginative work spaces for groups of two to six students—all supported with connectivity thanks to I-0™ Posts.

The Learning Commons Overview.

Sharing is the key concept. An active learning environment shares the best ideas of a Collaborative Learning classroom and provides learning resources in the form of written and recorded media, all while providing an environment that invites students to explore, work together and enjoy learning.

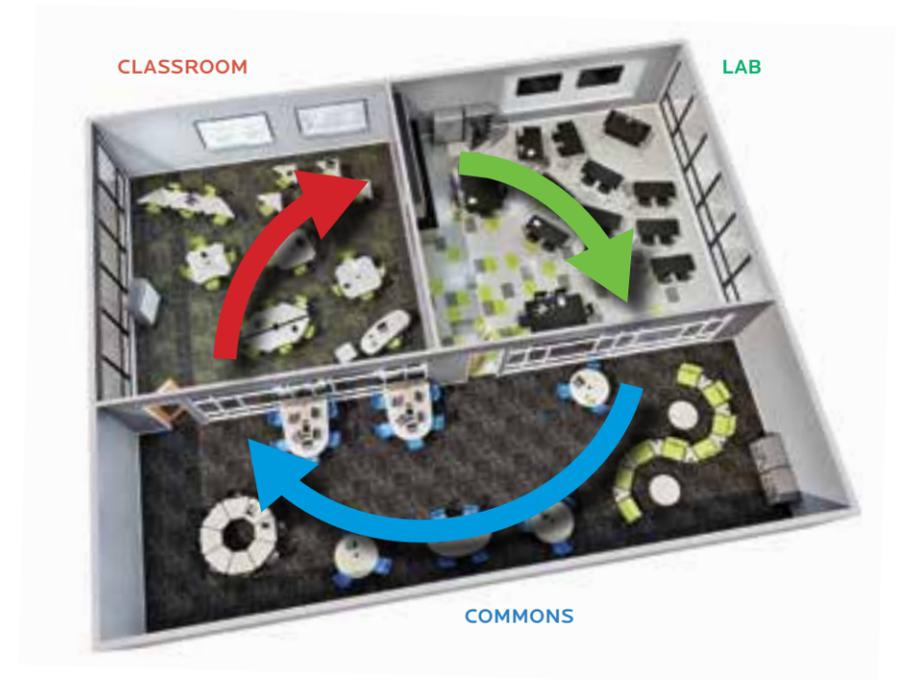

STEM Environment

THE COMMONS *Challenging students to think big.*

The power of 3 in STEM environments.

Think in terms of three rooms. *One: the Classroom*, primarily for math and engineering subjects. *Two: the Lab*, for science and technology. *Three: the Commons*, where students freely collaborate and learn from each other.

Two fundamental steps in optimizing a STEM environment.

First dedicate the appropriate space to the subject, then complement the Science, Technology, Engineering and Math curriculum with the right furniture.

Creating a successful STEM environment requires thinking beyond the subjects being taught, and thinking about *how* the subjects are being taught. The result of taking this step can be a dynamic space that's geared for teaching these interrelated subjects. (See the 3-D environment top right).

After composing the classroom, lab and commons areas, determining how to furnish them becomes a question of which furniture best complements the curriculum. Going forward, STEM will most likely be taught in a collaborative learning environment. What this

means to the designer is, you can't just fill the lab with tables, the classroom with desks and call it good. Rather, the classroom layout must accommodate both the students and teacher with:

- Clusters (or pods) of desks to accommodate small group work for two to six students.
- Unimpeded access to all parts of the room for the teacher.
- Learning zones. In Collaborative Learning classrooms, different groups may need access to different learning tools, like computers or whiteboards.
- Movement.

When choosing student desks or tables, flexibility and adaptability are key so look for models capable of being arranged into compact pods that accommodate six to eight students. Together with adaptability and flexibility comes mobility. It's crucial because it allows the furniture to be easily reconfigured. Choose chairs and desks with casters.

Finally, the furniture's ergonomics help students in STEM classrooms concentrate and encourage them to collaborate. Read more about Flavors™ Seating (shown in the photo to the right) on page 20.

It's a 21st Century Classroom. Connectivity is mandatory.

Because STEM classes make great use of technology, students need the ability to connect with data and other resources. Optimized STEM classrooms allow students to have power for their computers or tablet devices as well as WiFi.

There's still no shrink ray.

It's science, not science fiction, so STEM classrooms need a means for organizing project materials. That is the reason Smith System Cascade™ Storage exists. Educators can organize, store, manage and distribute project materials, or 3-D manipulatives from the Cascade unit to the student's desk or to the teacher's desk.

Teachers use the latest tools available.

Even in project-based STEM classrooms, teachers need to present information to the entire class. Increasingly, these presentations are augmented by visual and audio-visual materials.

Stimulating the imagination.

In addition to performing a function in the classroom, furnishings also contribute to the learning environment by adding color to the room. Whether you select a color to create a mood for a room, to carry a design theme or element into the classroom, or to spread the school colors, no manufacturer offers more options than Smith System.

THE CLASSROOM *Imparting instruction. Encouraging interaction.*

THE LAB *Inquiry, experimentation, observation and discovery.*

Seating

Seating is unique as a fingerprint. Students sit in thousands of different positions; upright, slouched, twisted and tilted. They stretch out their legs, sit on them, cross them and bounce them. They will balance on their chair or teeter on the back, tempting gravity—and common sense.

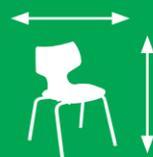

Which Ergonomics Matter Most?

Here are some ways administrators can get the most ergonomic bang for their buck.

1 Right Size

- Properly sized classroom seating supports healthy posture and decreases fidgeting.
- Students should be able to sit with their feet firmly planted on the floor and their backs against their chairs.

2 Right Fit/Adjustable

- Both seating and desks need to be properly scaled to fit the size of the individual student.
- We offer a wide range of heights in seating—typically four or five per product line. We also offer up to three sizes per line. (Our desking lines are adjustable.)

3 Function

- 21st Century learning often requires seating to be moved throughout the day, so chairs must be light enough, or fitted with casters, to allow students of all ages to move them quickly and easily.

4 Seating that doesn't fight the student

- A chair that allows some movement on the part of the student can promote learning. But how much movement?
- Consider our Graduated Movement Concept, a design idea educators can use to tailor the ergonomics of the classroom furniture to support the curriculum. Through subtle differences in design, our Intuit™ line gently limits movement, Plato™ allows moderate movement and Flavors™ permits utmost movement.

Intuit™ Seating

Conceived to contain movement and direct attention straight ahead. It works like a bucket seat, providing back and shoulder support, while orienting the student toward the front.

SEE PAGE 36

Plato™ Seating

Allows more movement, so students can face front and both sides. This Euro-spec chair provides a wide seat pan, flex and pronounced lumbar support to encourage good posture and breathing.

SEE PAGE 30

Flavors™ Seating

Offers maximum movement and four seating positions. Its seat back flexes front to back and torsionally, allowing students to shift and move without chair resistance.

SEE PAGE 20

Flavors™ Noodle

This four-position seating line provides the benefits of a stability ball, but with more overall stability and back support, and less student misuse.

SEE PAGE 28

Chat™ Seating

This hybrid is a welcome option for social learning situations, combining the comfortable dimensions of lounge seating with the durability of polypropylene. It rolls on integrated casters.

SEE PAGE 40

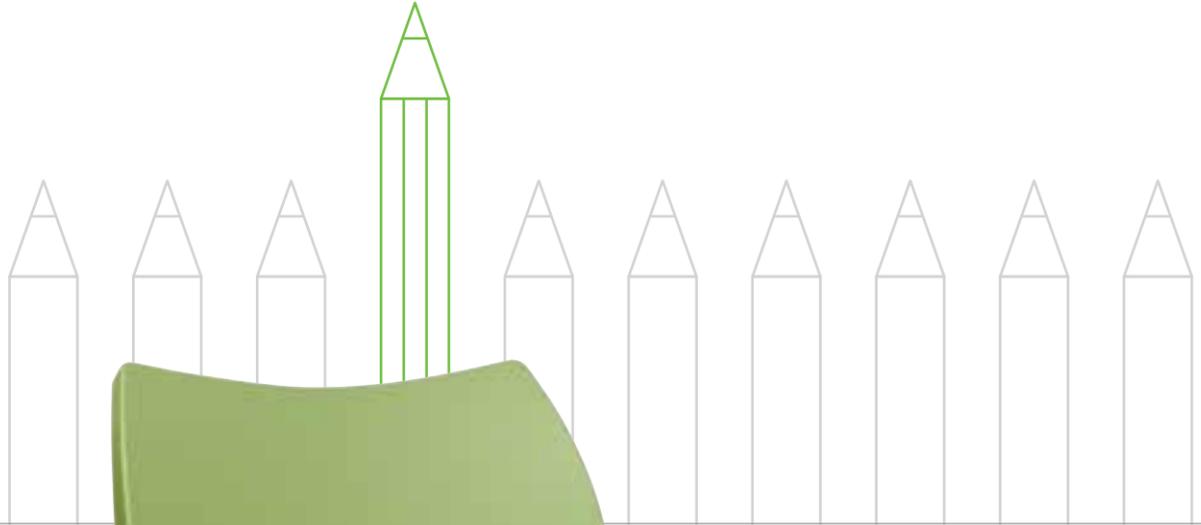

UXL™ Seating

Known for its generous proportions, this line is customizable to fit almost every situation in an educational environment. It's so broad, you can maintain a consistent design scheme throughout the building.

SEE PAGE 46

Flavors™ Seating

A four-position chair perfect for project learning situations.

Mobile Stacking

Fixed Height Stools

Adjustable Stools

Adjustable Chairs

P-Tablet Arm Chairs

Freedom of movement.

Flavors Seating removes as many restrictions to student movement as possible.

- A relatively flat seat pan with a waterfall front allows the student to comfortably face front, back and either side.

Less restricting to the shoulders and spine.

To further enable the student to work with students on either side, the seat back provides torsional flex – allowing the student to gently twist to face left or right.

Move, breathe and concentrate.

A subtle front to back flex allows the student to move and adjust their posture, which promotes better concentration.

For classrooms that move and students of all sizes.

- Flavors Seating is light enough for most students to move in the classroom without problem.
- Achieve additional mobility with optional casters on the Adjustable Chair, Stools and Stacking Chair.
- Stacking models come in six sizes and Sled Base models come in four sizes so you can pair the appropriately sized chair with the student in all grade levels.

Construction.

Built for the demands of a school environment.

- The durable, high-density polypropylene shell stands up to the challenges of a real-world classroom.
- Made of 18-gauge welded steel, the frame is protected with chrome plating or a rugged powder coat finish.
- For added comfort, the shell rests directly on the frame (not on the rivets).

NEW FRAME COLOR! PLATINUM

Flavors Stack Chair

Four-position chair allows student to sit comfortably facing front, either side or rear. Flexing seat back provides support and allows student to turn with less restriction. Flat seat pan with waterfall front edge. Six sizes. Available in 19 colors.

- The shell rests on the frame, not rivets, to add comfort.
- High-density polypropylene with color throughout the shell.
- Durable swivel-base glides, with non-staining nylon bases and chrome-plated steel covers come standard.
- Choose optional steel or felt glides.
- The legs are strong, 18-gauge welded steel with a durable chrome finish.
- Chrome legs with durable chrome finish or Platinum powder coat finish.
- Stacks four chairs high.

Student seating with patented movement.

Model 11852 -16"

Flavors™ Noodle Chair

The Noodle Chair is designed to help the student concentrate and be healthier. It has a patented suspension that allows it to move with – not resist – the student. It provides all the benefits of sitting on a large ball, but with the added advantages of more stability and back support. The Noodle Chair is perfectly suited to fidgety students. Available in 19 colors.

- The shell rests on a patented suspension, allowing the seat pan to tilt slightly in all directions.
- A four-position chair offering the utmost freedom of movement.
- High-density polypropylene shell with color throughout.
- Durable swivel-base glides with non-staining nylon bases and chrome-plated steel covers, come standard. Or choose optional felt or stainless steel glides.
- The legs are strong, 18-gauge welded steel with a durable chrome finish.

Plato™ Seating

Stacking

Mobile Stacking

Fixed Height Stools

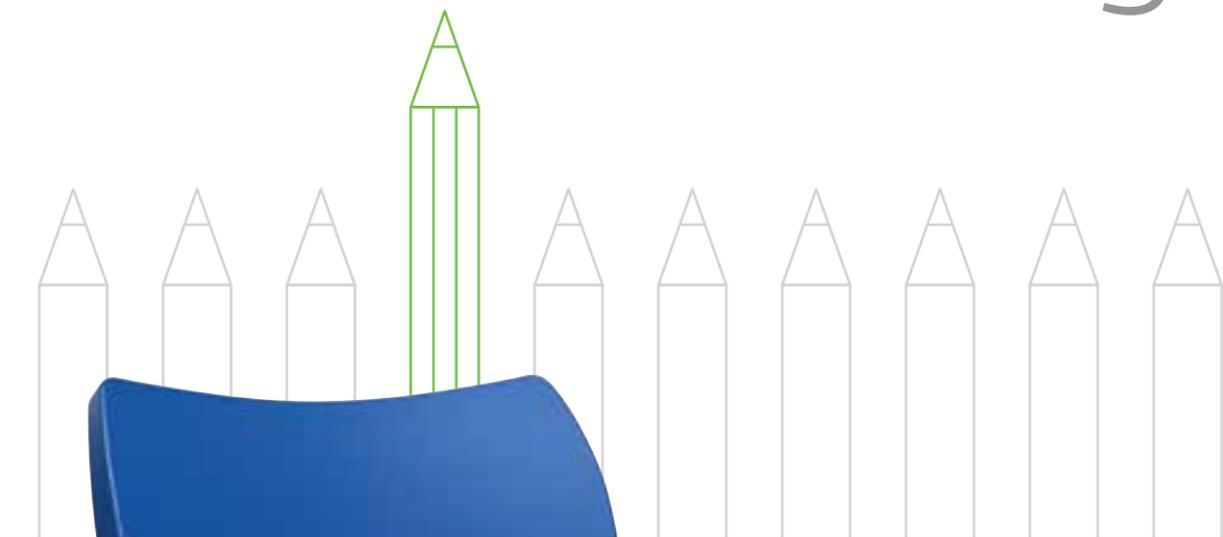

Adjustable Stools

P-Tablet Arm Chairs

Adjustable Chairs

Its pronounced lumbar support promotes posture, breathing and attention.

Support, with freedom.

Plato Seating is a three-position chair, allowing the student to comfortably face the front and both sides. The "Euro-Spec" seatback draws on the design of European school seating where lumbar support is closely studied and mandated.

- The seatback flexes to provide relief from a fixed, rigid seating position.

Better posture and better breathing.

Studies show a link between improved student posture and a number of health benefits, including better breathing, as well as academic benefits, including better concentration.

A solid choice for classrooms of all kinds.

Plato Seating is well-suited for collaborative classrooms as well as traditional classrooms. It allows students to work with others on either side, yet for individual study and lectures, it helps them stay alert and focused.

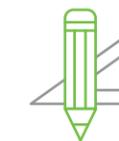

For classrooms of all kinds and students of all sizes.

- Plato Seating is light enough for most students to move in the classroom without difficulty.
- Achieve additional mobility with optional casters on the Adjustable Chair and Stools and to the Stacking Chair.
- Stacking models come in three sizes so you can pair the appropriately sized chair with the student in all grade levels.

Construction. Built for the demands of a school environment.

- The durable, high-density polypropylene shell stands up to the challenges of a real-world classroom.
- Made of 18-gauge welded steel, the frame is protected with chrome plating.
- For added comfort, the shell rests directly on the frame (not on the rivets).

Model 00950

Plato Stack Chair

The Plato Stack Chair provides roominess for today's growing students through its oversized seat pan. Built to what's called Euro-Spec (short for European Specifications), the seatback offers some flex front-to-back and provides pronounced lumbar support, encouraging good posture and breathing. Its fresh, yet familiar shape connotes comfort to the student. 14", 16" and 18" sizes.

- The shell rests on the frame, not rivets, to add comfort.
- High-density polypropylene shell with color throughout.
- The legs are strong, 18-gauge welded steel with a durable chrome finish.
- Stacks 5-6 chairs high.
- Durable swivel-base glides with non-staining nylon bases and chrome-plated steel covers come standard. Or choose optional steel or felt glides.
- 18 colors.

Intuit™ Seating

It comfortably directs attention straight ahead.

Stacking

Adjustable Chairs

Adjustable Stools

For contemporary classrooms and students.

The Intuit chair was designed to make the student feel comfortable before even sitting down through its use of familiar, graceful curves.

- The chair's inviting shape gives an honest indication of how comfortable it is.
- The bucket design provides great back and shoulder support while offering just the right amount of flex.

Holds attention without confining it.

Intuit Seating gently and subtly directs the student's attention to the front without being restrictive. Its design allows a movement and its dimensions don't constrict the student.

For use throughout the school.

A welcome addition to learning environments of all kinds, including classrooms, computer labs, art and music rooms. Plus administrative offices.

For classrooms of kinds and students of all sizes. 

- Stacking models come in four sizes so you can pair the appropriately sized chair with the student in all grade levels.
- Generously proportioned shell offers comfortable seating for a broad range of student sizes within the grade level.
- Achieve additional mobility with optional casters on the Adjustable Chair and Stools.

Construction. 

Built for the demands of a social environment.

- The durable, high-density polypropylene shell stands up to the challenges of a real-world classroom.
- Made of 18-gauge welded steel, the frame is protected with rugged powder coat finish.
- For added comfort, the shell rests directly on the frame (not on the rivets).

Intuit Stack Chair

Its comfortable bucket seat design provides great support for the back and shoulders while comfortably orienting the student toward the front. Subtle flex in the Intuit Chair's back provides some movement for the student, but movement to the sides and back is limited. Available in four sizes, 18 colors. Durable frame in Black or Platinum.

- No sharp edges around handle.
- The light texture on the chair surface resists scratching.
- Mig-welded 16-gauge steel frame.
- Swivel chrome plated glides come with nylon base. Or choose optional steel or felt glides.
- Stacks 5-6 chairs high.
- The shell rests on the frame, not on rivets.
- 3 sizes of shells available: 'A+' on 19" seat height; 'A' on 18" seat height and 'B' on 16" and 14" seat height.

Chat™ Seating

Six Chat Chairs and a Square Chat Planner™ Table combine to create an inviting area for casual collaboration.

Comfortable, reconfigurable seating for commons areas.

Their mobility and flexibility make it easy to create collaborative breakout areas.

A combination of Chat Chairs and Chat Wedge Tables allow imaginative configurations that encourage interaction.

Chat Chairs can be connected to create benches. These Chat Chairs have optional power outlets.

Chat Chairs are highly mobile, enabling students to easily remove chairs from groups and add them to others.

Two Chat Chairs, with optional outlets for powering devices, are teamed with a Chat Wedge to create a small meeting area.

A New Kind of Chair

This hybrid is a welcome option for social learning situations and commons area seating. It merges the comfortable dimensions of lounge seating with the kind of durability expected in a school setting.

A chair of choice.

- Students will choose to sit in a Chat Chair because its roomy dimensions connote relaxation and informality.
- Chat Chairs with fabric covered cushions offer an even more comfortable place for students to sit while they interact and exchange ideas.

Temporarily fixed in place or mobile.

- Chat Chairs can be linked together to form rows. They can also be joined to Chat Wedge tables to create curved configurations.
- Integrated casters make relocating Chat Chairs easy for any student.

Construction.

Built for the demands of a school environment.

- Underseat power outlets available for powering devices used in social learning.
- The durable, high-density polypropylene seat pan and seat back stands up to the challenges of a real-world schools.
- Made of 18-gauge welded steel, the frame is protected with a rugged powder coat finish.
- Available with fabric covered cushion on the seat pan.
- For added comfort, it rests directly on the frame (not on the rivets).

Chat Wedge with Power, Model CHWDGPD. Shown in Golden Oak top with Navy edge and Platinum frame. Shown with Chat Chair with Fabric Seat, Model CH11FIP100.

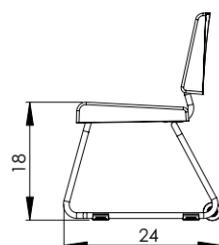

Chat Chair

The Chat Chair is a new concept in seating, providing an option between lounge seating and classroom seating. The Chat Chair offers large dimensions, encouraging the student to engage in relaxed collaborative learning or social learning settings. The Chat Chair offers excellent flexibility: integrated casters provide easy mobility. It can be ganged, or positioned individually. Available in 15 poly and 14 fabric colors with nylon or felt glides.

- Link them together or position them individually.
- Integrated casters provide easy mobility.
- Extra wide seat pan constructed of choice: polypropylene (P) or fabric (F).
- Seat back constructed of polypropylene (P), available in 15 colors.
- 16-gauge welded-steel frame in Platinum.

In this social learning suite, Chat™ Chairs linked with Chat Wedge Tables surround a Chat Planner™ Round Activity Table.

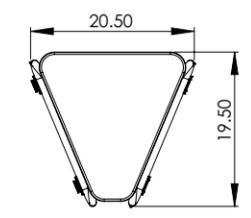

Chat Wedge Table

Complement Chat Chairs with Chat Wedge Tables. These 60° tables allow you to create large, inviting seating spaces in commons areas, libraries, hallways and entry areas. The durable laminate top (available in 11 colors) and edge band (available in 21 colors) can complement or contrast the color of the Chat Chairs.

UXL™ Seating

Stacking Mobile Stacking Stacking with Arms

Tablet Arm Chair Nest & Fold Adjustable Chair Beam Seating

So customizable, even the options offer options.

No seating line offers more versatility.

The UXL furniture line includes desking, tables and seating. The idea behind it is to be so versatile, that this single line could be used throughout a school.

When it comes to seating, The UXL Chair is dozens of chairs in one – all starting with the comfortable and spacious UXL Stacking Chair. From there, add utility and functionality with the many available options.

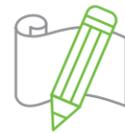

Options that add functionality.

- Choose from two styles of tablet arms: P-Tablet and FoldAway Tablet Arm.
- Underseat wire Book Basket available in durable powder coat.

What are my choices?

- Seat backs available in durable polypropylene in 18 colors.
- Seat pans available in durable polypropylene in 18 colors or comfortable fabric in 16 colors – mix or match them with the seat back colors.
- Choose Stack or Nest & Fold Chairs.
- Add mobility with casters.
- Add comfort with optional arms.

It enhances the design scheme.

By choosing UXL, you can choose the same seat colors as the edge band colors of the desks and tables – and those colors will match. This is one of the ways UXL allows you to maintain a consistent design scheme throughout the entire building.

UXL 18" Stacking Chair in Cerulean. UXL 16" Stacking Chair in Cerulean. UXL 14" Stacking Chair in Cerulean.

UXL Stack Chair

This comfortably proportioned line of seating complements other furnishings in the UXL line. This highly customizable seating lets you choose polypropylene or fabric seats in 18 colors you can mix or match with seat back colors. Other options include Book Baskets and Long Ganging Device. Stack 10 high.

Polypropylene (P) Seat or Fabric (F) Seat Choice. Polypropylene (P) Back is standard.

- Fabric seats in 16 colors.
- Polypropylene seat and backs in 18 colors to mix or match.
- High-density polypropylene seats and seat backs have color throughout.
- Casters or nylon glides.
- 14", 16", 18" models.
- Optional Book Baskets.
- Optional Long Ganging Device.
- Chairs without Book Baskets stack 10 high.

Desks & Tables

Today's learning environments present an unprecedented challenge to desks and tables, demanding greater versatility and durability. Our desks and tables are designed for multiple reconfigurations—pods, pairs, rows and more—and are reinforced to withstand the constant movement.

Mobile

In collaborative learning classrooms, students have to be able to move desks and tables without help.

Reconfigurable

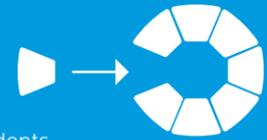

Today, the shape of desk and table work surfaces must allow the furniture to fit into a compact pod for small group work and work in pairs, or make them suitable for individual work.

Future Proof

Desks and tables are moved constantly. They must be built strong to withstand this use well into the future. Their shapes must add functionality with future use in mind, rather than contributing gimmicky, non-functional arrangements in the classroom. Learn more at smithsystem.com/collaborative-desks.

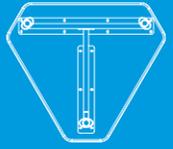

Functionality

- "Pie-shaped" desktops allow students to make compact pods for working in groups.
- Casters provide needed mobility for the desk—don't make students drag them across the floor.
- The suggested minimum workspace is 27 in.

Durability

- Structural Framing – steel reinforcing beams attach to each leg, adding rigidity and preventing wobbly legs. Don't settle for Easy On Brackets on tables and desks in collaborative learning classrooms.
- The T-Mold edge band, used on Smith System Desks and Tables, is stapled every six inches to provide superior fastening power.

Beyond design, consider how it's engineered and built

As active parts of the education process, desks and tables absorb more hard use.

- UL Greenguard Gold Certified.

Unbeatable construction.

- The T-Mold edge band, used on Interchange Desks and Tables, is stapled every six inches to provide superior fastening power.
- The work surfaces are high-pressure laminate that stand up to heavy use.
- Structural Framing – steel reinforcing beams attached to each leg – adding rigidity and preventing wobbly legs. Don't settle for Easy On Brackets for tables and desks in collaborative learning classrooms.

Interchange

Interchange Wing™ Desk

Wing Desks shown at 34" h with 24" h Flavors Fixed-height Stools, Model 11889. Shown in Asian Night top with Apple edge and Platinum frame.

All Interchange Desks can be set at 34" h for use with a 24" stool or standing.

The unique shape of Interchange Wing Desks allows you to oppose desks in a compact area, or in rows for lectures, testing or individual work.

Shown in Grey Mesh top with Persian Blue edge and Platinum frame. Shown with optional Flavors Stack Chair, Model 11849.

Optimize classroom space with Interchange Wing™ Desks.

Interchange Wing Desks allow great flexibility when it comes to creating compact pods of two, three and four students. The flexibility comes from the shape of the desktop. Its pie shape allows four students to work in a very compact area. Three students, even smaller. Two students can work almost side-by-side, facing or at an angle – whichever suits their activity.

Optional Backpack Hook
Model 67638 \$ 8.00
Keeps floors tidy and backpacks handy.

Put two Interchange Diamond Desks together and students can work in a pair.

Three Interchange Diamond Desks approximate a semi-circle for three students.

Interchange Diamond™ Desk

This contemporary desk designed for collaborative learning classrooms provides sleek looks and solid functionality. It can be arranged in compact groups of up to six. Its large work surface provides ample space for projects and work of all kinds. And it can be ordered in any of 11 standard laminate colors, 21 edge colors and Black or Platinum frame.

- Durable desktop available in 1 1/4" or 3/4" thickness, with a high-pressure laminate surface.
- Edge moldings resist wear, choices available (see chart).
- Rugged powder coat surface on legs resists wear.

Interchange Activity Tables

These contemporary tables provide both sleek looks and solid functionality. Their large work surfaces provide ample space for projects and work of all kinds. Their look matches that of Interchange student desks. Choose from 11 standard laminate colors, 21 edge colors and Black or Platinum frame.

- Rugged frame of 1" x 2" 14-gauge steel tube cross supports welded to 16-gauge elliptical tubes.
- Unique telescoping elliptical tube leg of 16-gauge steel adjusts height in 1" increments.
- 14-gauge cross brace along the length of the table reinforces the strength of the table legs.

**Please note: When ordering a power unit (p.78), it cannot be placed in the center of this table.*

AddPower

This symbol indicates you can add power to select tables.

You will find the "ADD POWER" logo throughout this catalog. It signifies which Smith System tables are compatible with our 2016 power units.

When ordering, please submit a drawing with your order to indicate the desired positioning of the power unit on the work surface. All power accessories are special order, a custom feature per table and are non-returnable. For more information call 800.328.1061.

UXL™ Desks & Tables

A line with a contemporary aesthetic, offering great breadth and versatility.

Open Front Desk

Wing Desk

Diamond Desk

Crescent Table

Two-Student Table

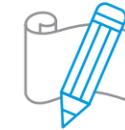

Trapezoid Table

Nest & Fold Table

For a consistent design scheme.

This broad, highly customizable line can be used throughout the school. This allows you to maintain consistent colors, finishes and leg shapes, bringing unity to the school's décor.

For collaborative learning or traditional classrooms.

- UXL Diamond, Wing, Trapezoid and Crescent Desks provide functionality and classic styling to collaborative learning classrooms.
- UXL Open Front Desks offer functionality and classic styling in traditional classrooms.

Choose from six leg options.

- Fixed-height leg with glide
- Fixed-height leg with caster
- Push-button leg with glide
- Push button leg with caster
- Tapered fixed-height leg with caster
- Tapered fixed-height leg with glide

Table options.

UXL Tables can be configured in countless ways, allowing them to perform admirably as activity tables, student desks, media stations or teacher/administration desks.

Nest & Fold Tables.

Mobile tables with tilting work surfaces that allow them to be stored compactly.

Dependability.

- Lifetime warranty on the frame and legs, 12-year warranty on table and desktops.

UXL Power Bar.

Café height table that provides easy, convenient access to power through two Power Domes.

Healthy construction.

- UL Greenguard Gold Certified.

UXL Power Bar™

The UXL Power Bar provides easy and convenient access to power. The work surface of the Power Bar is 42"H, accommodating students who're standing or seated on stools. For extra stability, it can be mounted to a wall with the included mounting bracket. (Hardware used to mount the bracket to the wall must be supplied by the installer based on the type of wall. Two sets of stabilizers are also included. One set is suited for use against a wall, the other is for island applications.)

- Choose from 5 Power Module options. Power Module price reflects two Power Modules, Left and Right.
- Durable tabletop in 1 1/4" thickness.
- Laminate top available in 11 colors and 21 edge colors.
- Frame is available in Platinum only.
- Hole in one leg for power cord.

Model ULPB60GREBPLTFT
Shown in Grey Mesh top with Black edge.

Create a UXL Nest & Fold Conference Table: two UXL Nest & Fold Half Round Tables and two UXL Nest & Fold Rectangle Tables. Shown in Amber Cherry top with Black edge and Platinum frame. Shown with optional UXL Nest & Fold Chairs.

UXL Nest & Fold Table

UXL Nest & Fold Tables provide a stable, spacious work surface and contemporary appearance. They offer added utility when not in use through their easy mobility and compact storage. Because they're part of an integrated line of seating and desking, they let you maintain a consistent design scheme throughout the building or facility. Choose from 11 standard laminate colors, and 21 standard edge colors. Platinum frame only.

- UXL Nest & Fold Tables are standard with a 1 1/4" top with 3/8" Bumper T-Mold edge (**FL**).
- Optional top choice: 1 1/4" top with 4mm T-Mold edge. Replace **FL** in model number with **FM**.

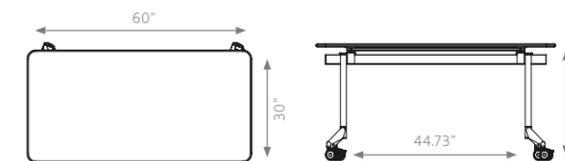

UXL Nest & Fold Tables offer improved performance even when not in use. Their tabletops fold and legs nest, allowing them to store more compactly. Standard casters make them easy to move.

How to Read a UXL™ Part Number

Here's our simple system for ordering UXL tables exactly the way you want them.

1. Decide what features and options you want.
2. Find them in the columns below.
3. Write them down in sequence.

Or just pick a pre-configured model and all you have to do is specify your color choice.

Silhouette™

Silhouette Desk

Two-Student Silhouette

Sequence Desk

Curve Desk

The standard desk that sets a new standard.

Stable.

The Silhouette desk is a contemporary, economic solution for all classrooms. Its durable cantilevered design, adjustable legs and optional storage accessories make it a timeless favorite. Single and two-student options are available.

Strong.

It provides a notably strong surface that can withstand heavy loads and daily wear. A practical backpack peg is standard. Optional accessories include steel book box, wire book basket and Cascade™ Storage tote trays.

Stunning.

Sometimes, elegant simplicity is all you need in a student desk. That's where Silhouette shines.

Silhouette Desk

The Silhouette Desk is a contemporary desk that combines elegant design, durability and functionality. It's stable and strong, and its leg design allows easy ingress and egress. A backpack peg is standard. Choose from three Bookbox options.

- Choose from three durable desktops, 1 1/4" thick or 3/4" thick with high-pressure laminate surface, or hard plastic.
- Cantilevered design allows easy ingress and egress.
- Adjustable leg height from 24"-33" in 1" increments. Only two (not four) legs to adjust.
- Choose from several edge band treatments.
- Rugged powder coat surface on legs resists wear.
- Lockable endcap/glide combination that resists tampering.
- Choose from fixed-height or adjustable frame.

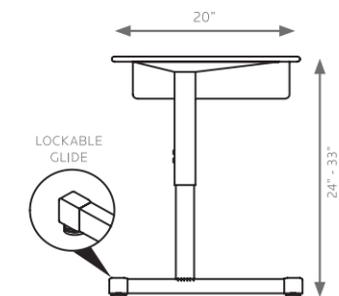

Model (2) 01650 and (1) 01661
Shown in New Age Oak top with Navy edge and Platinum frame with Optional 17576 3" Casters. Also, Flavors Mobile Chairs in Charcoal.

A practical backpack peg is standard.
Model 01661. Shown in Asian Night top with Fuchsia edge and Platinum frame.

Model 01650. Shown in Blond Echo top with Platinum edge and Platinum frame. Optional SW tote tray, Model 30925 and optional 18" Flavors™ Stack Chair, Model 11849.

Flexline™

Single-Student Desk

Two-Student Desk

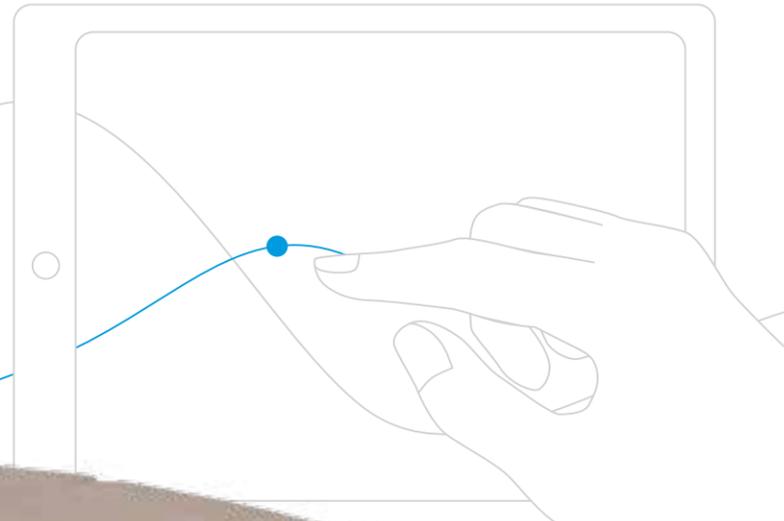

Elemental Desk

Arc Desk

Computer Station

Setting the standard for collaborative learning desks with unbeatable flexibility and ergonomics.

Designed for active classrooms.

- Cantilever leg sets allow the student to stand or sit easily without knocking knees.
- Easy ingress and egress speeds up transitions in an active classroom.

Designed for active use.

- The T-Mold edge band, used on Flex Desks and Tables, is stapled every six inches to provide superior fastening power.
- The work surfaces are high-pressure laminate that stand up to heavy use.

Dependability.

- Lifetime warranty on the frame and legs, 12-year warranty on table and desktops.

Models for collaborative learning or traditional classrooms.

- Arc™ Desks can be reconfigured in all the arrangements needed in a collaborative learning classroom.
- Flexline Desks, available in one- and two-student models offer excellent performance in traditional classrooms.
- Arc and Flexline Desks have a built-in backpack peg to keep classrooms tidy.

Healthy construction.

- UL Greenguard Gold Certified.

20" deep Flex Desk Model 01360
Shown in Grey Mesh top with Apple edge and Platinum frame. Shown with optional Flavors Chair, Model 11849 and optional EW Tote Tray, Model 30926.

Shown with optional casters, Model 17576 for wheelbarrow-style mobility.

Single-Student Flex Desk

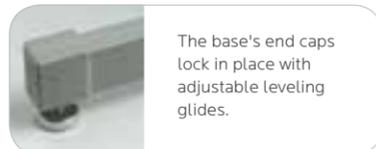

It takes less flexing to get in and out of a spacious, stable Flex Student Desk. Its design moves the support away from the corners so the student has more knee room for easier ingress/egress, saving time whenever she/he stands up or sits down. Choose from 11 standard laminate colors, 21 standard edge colors and two frame colors.

- Patented backpack peg keeps student items organized. Can be positioned inside or outside of either leg. "Y" Leg shape allows easy ingress and egress for students.
- Adjustable desk height, from 24"-32" in 1" increments. Only two (not four) legs to adjust.
- Durable desktop available in 1 1/4" or 3/4" thickness, all with a high-pressure laminate surface.
- Edge moldings resist wear, choices available (see chart).
- Rugged powder coat surface on legs resists wear.
- Lockable endcap/glide combination that resists tampering.

The many faces of
classroom collaboration.

Arc-8 Flex Desks side-by-side for partner work. | Arc-8 Flex Desks can be ordered with optional casters for mobility.

Arc-8 Flex Desk, Model 01351. Shown in Blond Echo top with Apple edge and Platinum frame. Shown with optional EW Tote Tray, Model 30926 and Flavors Stack Chair, Model 11849.

Arc-8 LS Flex Desk, Model 01350. Shown in Grey Nebula top with Black edge and Black frame.

Arc-8 Flex Desk

Chosen for collaborative learning classrooms, the stable Arc-8 Desk offers ample workspace and exceptional ingress and egress to the student – crucial in an active classroom. This design saves time whenever she/he stands up or sits down. Choose from 11 standard laminate colors, 21 standard edge colors and Black or Platinum frame colors.

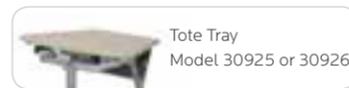

- “Y” Leg shape allows easy ingress and egress for students.
- Desk height adjusts from 24"-32" in 1" increments. Only two legs to adjust.
- Durable desktop available in 1 1/4" or 3/4" thickness, all with a high-pressure laminate surface.
- Edge moldings resist wear, choices available (see chart).
- Rugged powder coat surface on legs resists wear.

Flex Station

Choose the Flex Station for easy ingress/egress for students, a strong, stable work surface and for its ingenious Wire Manager that keeps cabling stowed neatly out of sight. Features two handy backpack pegs. Choose from 11 standard laminate colors, 21 standard edge colors and two frame colors.

- Durable desktop is 1 1/4" thick with a high-pressure laminate surface.
- Edge moldings resist wear, choose Bumper T-Mold (standard) or 4mm T-Mold.
- For maximum stability, a 14-gauge steel mounting plate is welded to a Y-Leg made of 16-gauge steel tubing.
- Our patented backpack peg is on both the right and left leg, allowing backpacks to be hung under or outside the desk.
- Legs adjust from 24" to 32" high in 1" increments.

Planner™

Maximum strength and stability for a wide variety of applications.

Huddle™ Desk

Student Desk

Activity Table

Science Table

Teacher Desk

Lab Station

Graphic Arts

Lecterns

Unshakable foundation.

What sets Planner desks and tables apart is their rock-solid bases.

- Steel legs, one at each corner, welded to two steel cross members at each corner.
- Heavy gauge steel modesty panel bolted to each leg across the front.

Unbeatable construction.

- T-Mold edge bands on Planner desks and tables are stapled every six inches to provide superior fastening power.
- The work surfaces are high-pressure laminate that stand up to heavy use.

For collaborative learning or traditional classrooms.

- Huddle desks provide tremendous durability in collaborative learning classrooms.
- Planner student desks offer the same strengths in traditional classrooms.

Healthy construction.

- UL Greenguard Gold certified.

Offering flexibility, functionality and mobility.

- Planner student desks are available in a variety of sizes including two- and three-student models.
- Huddle desks are available in three sizes.
- Built-in backpack pegs keep classrooms tidy.
- Steel Bookboxes and caster sets available.

Planner activity tables' versatility is a strength.

- Work surfaces available in Trapezoid, Square, Round, Half-Moon and Contour shapes.
- Trespa™ TopLab™ Plus surfaces available for labs and art rooms.
- Modesty panels available.

Teacher desks offer durability, flexibility.

- Available in a wide range of sizes with options of drawer pedestals.

Dependability.

- Lifetime warranty on the frame and legs, 12-year warranty on table and desktops.

Huddle-6 Student Desk, Model 01265. Shown with optional Steel Bookbox, Model 17015

Huddle™ Student Desk

This compact collaborative learning desk offers maximum strength and stability. Its size allows more students to fit in a classroom and its trapezoid desktop enables compact circles to be created for group work. Features handy backpack peg. Choose from 11 standard laminate colors, 21 standard edge band and two leg colors. See size choices, below.

- Patented backpack peg that keeps student items organized, can be positioned inside or outside of either leg.
- Adjustable desk height, from 22"-32" in 1" increments.
- Durable desktop available in 1 1/4" or 3/4" thickness, all with a high-pressure laminate surface.
- Steel front panel adds stability.
- "H" Frame construction adds strength.
- Rugged powder coat surface on legs resists wear.
- Leg sets don't shimmy or rock.

Planner Cluster Work Centers

Provides maximum strength and stability. Its semi-hexagonal shape allows three students to work in a compact space against a wall. Or put two together for a compact six-student work group. Includes a cutout in the desktop and a Wire Manager. Choose from 11 standard laminate colors, 21 standard edge colors and two frame colors.

- 1 1/4" thick top with high-pressure laminate surface and 3/8" thick bumper edge.
- Adjustable table height from 22" up to 32" in 1" increments.
- Chrome-plated lower legs resist scuffing.
- Legs of 1 1/4" square, 12-gauge steel tubes with powder coat finish.
- 1" adjustable leveling glides provide stability on uneven floors.

24600	Corner Planner Lab Station - 6 Sided Corner	30	48	22-32	70	5.8	114		\$ 689.00

Access Station, Single-, Two- and Three-Student

Provides maximum strength and stability for computer work, plus great security for cables and wires thanks to a locking Wire Manager. Comes with handy backpack peg. Choose from 11 standard laminate colors, 21 standard edge colors and two frame colors.

- Chrome-plated lower legs resist scuffing.
- 1" adjustable leveling glides provide stability on uneven floors.
- Full-length locking 6" deep door has cord cutouts, providing easy access to wires.
- Adjustable table height from 22" up to 32" in 1" increments.

Lift-up door with key lock standard. Wire Manager keeps wires tucked away neatly.

Shown in Grey Nebula top with Clementine edge and Platinum frame. Shown with optional Intuit™ Stack Chairs, Model 00560.

Planner Teacher Desk Model 24000. Shown in Fusion Maple top with Platinum edge and Platinum frame.

Planner Teacher Desk Model 24010D. Shown in Amber Cherry top with Champagne edge and Black frame. Shown with optional Dual Surface Desktop Lectern, Model 00471.

Planner Teacher Desk

Single and Double Pedestal

Built to withstand years of use, comes with a suspended double drawer, lockable for security, located on the right or left side. Drawers run full depth for maximum storage; their full extension ball bearing slides provide complete access and quiet operation.

Frame color choice: Black or Platinum.

- Steel front panel adds stability.
- "H" Frame construction adds strength.
- Rugged powder coat surface on legs resists wear.
- Welded-end leg sets don't shimmy or rock.
- Full-width pulls on drawers for easy use.
- Full-height sides on file drawers for hanging files.
- Durable desktop available in 1 1/4" thickness, all with a high-pressure laminate surface.
- Edge moldings resist wear, choices available (see chart).

From now on, students will be working together on all of their academic subjects. In some cases, they may work on two or more subjects at the same time. Additionally, more and more students are participating in "distance learning," receiving lectures or instruction via video from teachers located away from the classroom.

These new methods for learning require new resources, created expressly to facilitate their instruction. The wide variety of Smith System meeting tables addresses both traditional and emerging needs (with special attention paid to connectivity) identified for classrooms, labs and commons areas.

Half Boat Multi-Media Table

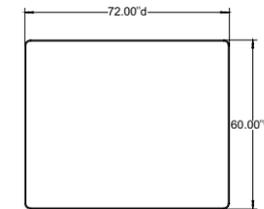

When used alone, this sleek contemporary desk promotes interaction by allowing eye contact with all at the table. It's also great for distance learning labs when a monitor is placed at one end. Combine two for large group work. Order it in any of 11 standard laminate colors, 21 edge colors, and Black or Platinum frame.

Shown in Fusion Maple top with Platinum edge and Platinum frame. Shown with optional Flavors Chairs in Charcoal and optional TV Mount, Model 17354.

Oval Double Café Table, Model 01544
Shown in Asian Night laminate with Charcoal edge and Platinum frame. Shown with two, 2 power Flat Power Modules and standing height 24" dia. Circular Café Bases.

Oval Double Café Table

Its oval shape was borrowed from the tables in coffee shops with the intention of promoting casual, unforced interaction among students in social learning situations. Its height allows students to walk up and immediately join a conversation with students seated on stools. It also offers the option of integrated power and USB connectivity, conveniently located on the work surface. Order it in any of 11 standard laminate colors, 21 edge colors, and Black or Platinum base.

Large Monitor Mount

The large monitor table mount allows 32 – 50" monitors or TVs to be easily mounted to a table for use in conferences, displays or presentations. Great for a multimedia table such as our Round End Group Table, 04137, 04138, 04139, 04140. This mount bolts to the table top for a sturdy long lasting presentation aide. Mount is adjustable in height to allow a variety of monitor sizes. **Accommodates VESA mounting, 100mm x 100mm to 400mm x 200mm**, and 100 lb. max weight. Also comes with a keyed lock for security. Available in Platinum only.

Single-Student Desk

Two-Student Desk

Three-Student Desk

Instructor Desk

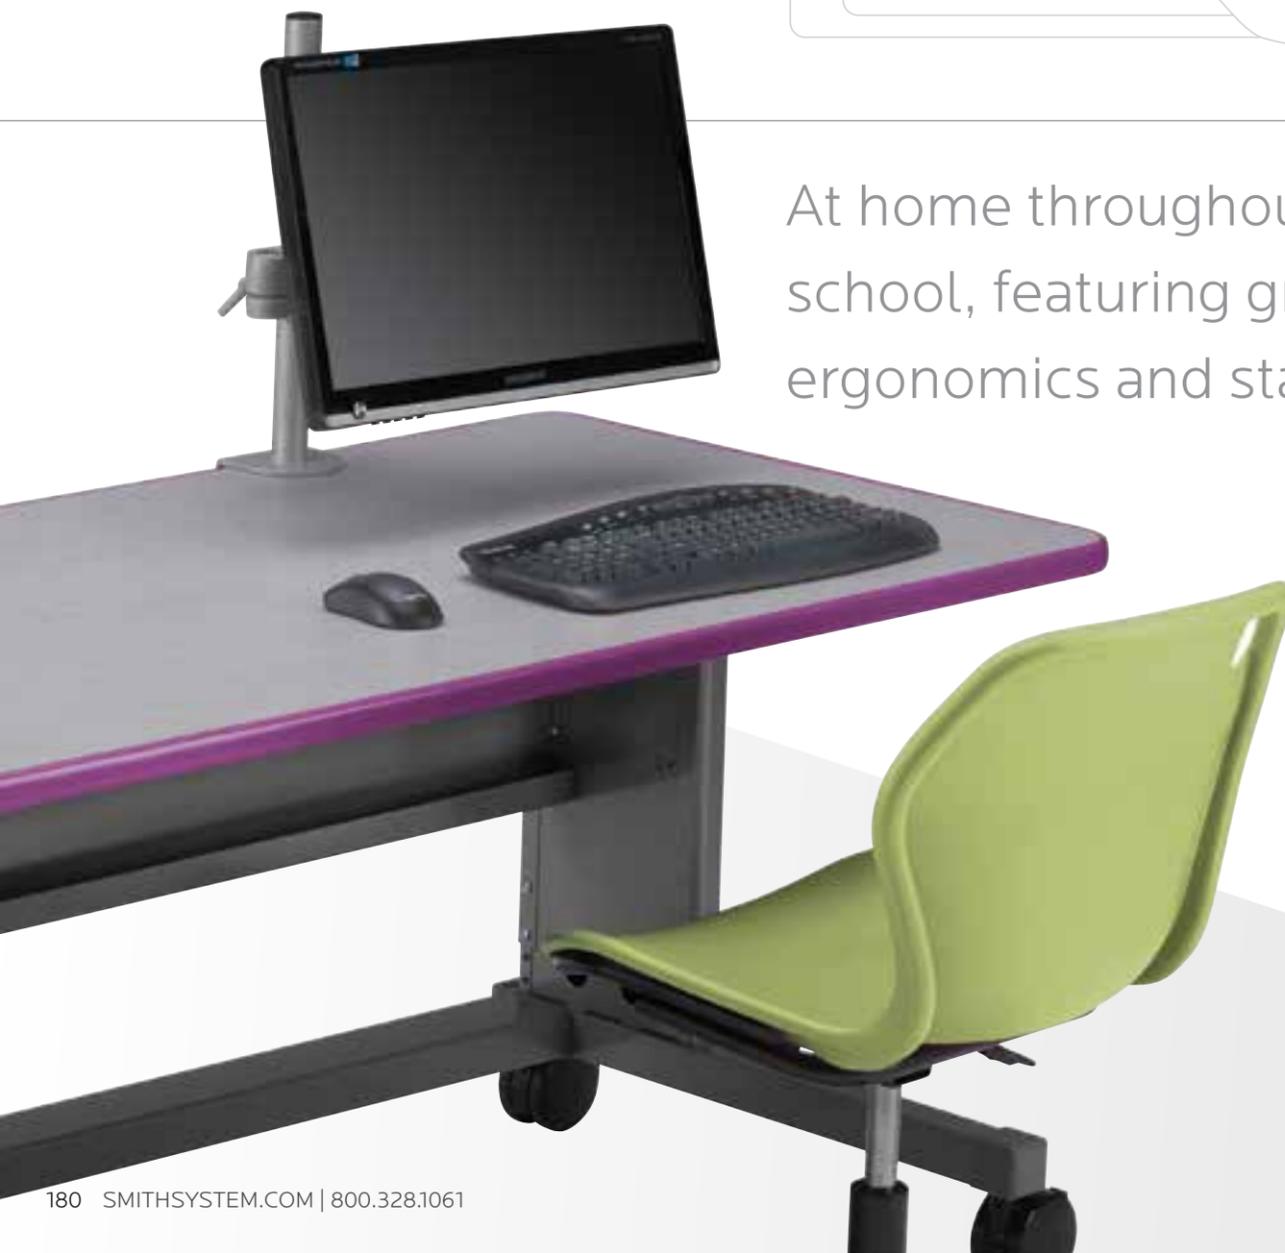

Corner Workstation

Bullet Workstation

Contour Workstation

At home throughout the school, featuring great ergonomics and stability.

Unique design integrates functionalities.

- Cantilever design moves legs out of the way and allows great ingress and egress.
- Integrated modesty panel with integral cable management system.
- Can be used in the classroom, computer lab, commons or administrative area.

Add more functionality with options.

- Casters add mobility.
- Drawer Pedestal and pull-out Knee Drawer add storage.
- Detachable Planner™ Conference Table converts the desk into a peninsula for small conferences.

Unbeatable construction.

- The T-Mold edge band is stapled every six inches to provide superior fastening power.
- The work surfaces are high-pressure laminate that stand up to heavy use.

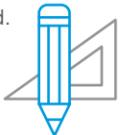

Dependability.

- Lifetime warranty on the frame and legs, 12-year warranty on table and desktops.

Healthy construction.

- UL Greenguard Gold certified.

Shown in Blond Echo top with White edge and Platinum frame. Shown with optional Intuit™ Stack Chair, Model 00561.

Shown in Fusion Maple top with Mint edge and Platinum frame. Shown with optional casters, Model 17554; optional Intuit™ Adjustable Chair, Model 00531; and optional Flat Panel Mount, Model 17351.

Acrobat Single-Student Rectangle Desk

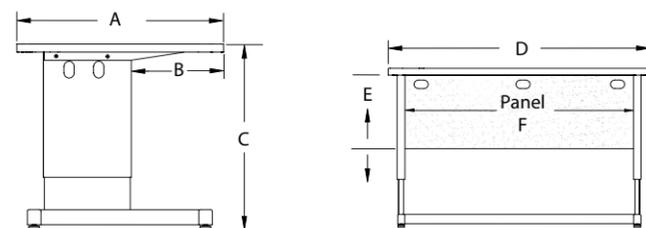

Combining maximum stability, a generous workspace and great ingress/egress, the Acrobat Single-Student Rectangle Desk also offers an integrated modesty panel and wire manager. Choose from 11 standard laminate colors, 21 standard edge colors and two frame colors.

- Cable tray and port holes in the modesty panel keep wires neatly organized.
- Strong 10" deep double-wall legs are 18-gauge steel with radius corners.
- The base is 16-gauge steel, color matched to the legs, featuring lock-in-place end caps and adjustable leveling glides.

Early Childhood

The love of learning is born here.

For every student, the first days are the most important. Creating the kind of environment that welcomes the student, stimulates learning and facilitates the teacher's lessons is made easy with choices from the Smith System portfolio. Moreover, our early childhood and kindergarten furniture is made to fit kids in the Pre-K age group.

Cascade™ Cubby Storage

Mobile storage that combines accessibility and organization.

SEE PAGE 226

Interchange™ 3-2-1 Desks™

They allow students to work individually, in pairs and in groups up to six.

SEE PAGE 70

Flavors™ Stack Chair

Proportioned to fit students in an active pre-k classroom.

SEE PAGE 22

Arc™ Desks

Flexibility and great ergonomics make them an asset in any classroom.

Cascade Storage

Imagine a classroom where four or five groups of six students are working on projects. The teacher circulates about, providing information, direction and encouragement. With so much going on, the need for classroom management becomes clear. To allow for all this activity, materials and resources must be organized and readily available to students. Independent access to resources for students frees the teacher to direct and instruct as needed. That's the idea behind Cascade.

Organizing Project Learning

The teacher organizes project materials in a tote tray to be assigned to a group. This makes it easy for the group to share the materials without separating (and possibly losing) any.

Cubby Mega-Tower

Cubby Mega-Cabinet

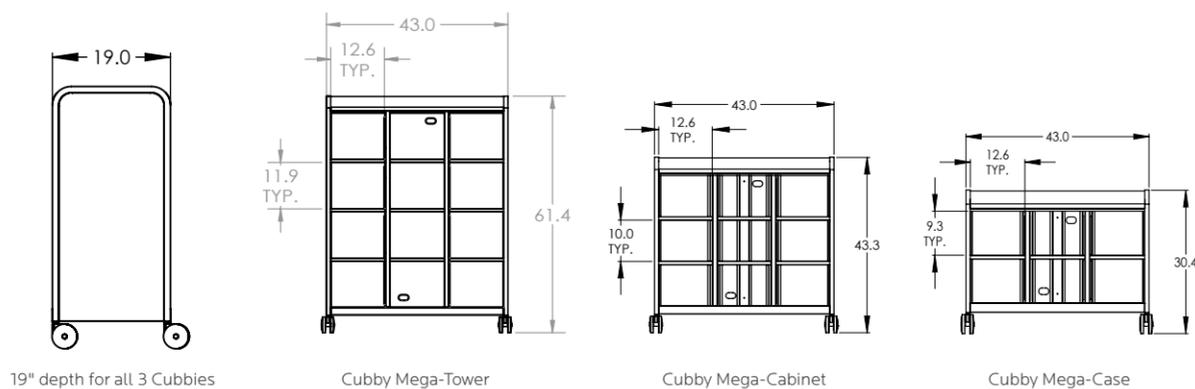

Cubby Mega-Case

Cascade Cubby

These versatile storage units feature large cubbies for organizing backpacks of all sizes, with room left over. They offer the additional benefit of mobility thanks to their 4" or 5" dual-wheel casters. Lockable doors are available as an option, as is a Whiteboard on the Cubby Mega Tower.

The Cascade Cubby combines the quality of ready access you get with shelf storage with the organizational advantages you get with tote storage. Whether used for holding student backpacks or for learning materials, they perform well. Cascade Cubbies are the newest addition to our flexible, scalable, comprehensive solutions for organization, storage and distribution of materials within the school.

- All-steel cabinet rolls on dual-wheel casters: 4" casters for Mega-Case; 5" casters for Mega-Tower and Mega-Cabinet
- Whiteboard back available on Mega-Tower for +\$195.00 list.

19" depth for all 3 Cubbies

The teacher's role has evolved from transmitting knowledge and maintaining order to facilitating learning and managing learning materials. That's why the teacher's equipment has evolved, also.

Developed in anticipation of these 21st Century needs, the Cascade Teacher's Desk makes use of Cascade Totes that can be transferred directly to Cascade Storage Units and properly equipped student desks. This allows the Teacher's desk to be the central hub in managing projects and learning materials.

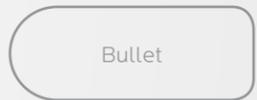

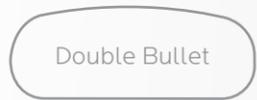

Transfer from cabinet
Totes from the Cascade Wardrobe can be removed and distributed as needed.

Transfer to teacher's desk
Totes holding materials needed for the day's lesson can be moved to the pedestal.

Transfer to student

Rectangle and Oval Lift Desk

Crank its stable work surface up and the Lift Desk easily accommodates work by a student or teacher in the standing position. Crank it down, and it accommodates work in a sitting position. The crank is easily accessible and its gearing makes lifting and lowering the desktop easy – even if loaded with something as heavy as a computer monitor. Choose from 11 standard laminate colors, 21 standard edge colors and two frame colors. Casters standard.

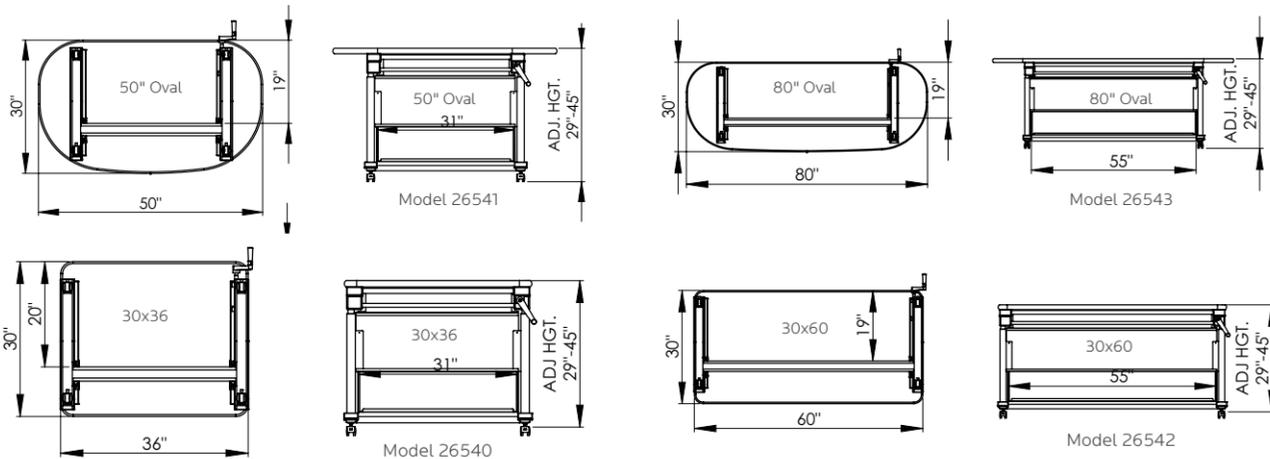

- Designed to meet ADA specifications for those with special needs or disabilities.
- Crank handle folds out of the way when not in use.

29"-45"

Crank it!

Raising and lowering the height of the Lift Desk's work surface is made easy by the highly accessible, smooth-operating crank. The range is from 29" to 45" high.

The Lift Teacher Desk allows the teacher to work while standing, sitting in a standard height chair or on a stool. This allows the desk to work as a platform for presentations or as a standard desk.

Shown in lowest height position. New Age Oak top with Cerulean edge and Platinum frame.

Built in modesty panel increases in height as table is cranked.

Lift Desks Have Top and Edge Choices

1 1/4" Tops

CHOICE 1 - 1 1/4" top with Bumper T-Mold no letter to follow Model No.

CHOICE 2 - 1 1/4" top with 4mm T-Mold **D** to follow Model No.

Shown with optional Casters, Model 17554 \$107.00; optional Intuit Adjustable Chair, Model 00531 \$333.00 and optional Flat Panel Mount, Model 17353 \$199.00

Acrobat Rectangle Instructor Desk

Combining maximum stability, a generous workspaces and great ingress/egress, the Acrobat Rectangle Instructor Desk also offers an integrated modesty panel and wire manager. Choose from 11 standard laminate colors, 21 standard edge colors and two frame colors.

- Cable tray and port holes in the modesty panel keep wires neatly organized.
- Strong 10" deep double-wall legs are 18-gauge steel with radius corners.
- The base is 16-gauge steel, color matched to the legs, featuring lock-in-place end caps and adjustable leveling glides.

Unique teeter-totter motion

Slightly lower center wheels create a teeter-totter motion that guides the Gorilla Cart smoothly over thresholds and uneven thresholds.

Spinning action

Because the Gorilla Cart spins on the center wheels, accessing both sides in narrow aisles is a breeze.

Supplying the school's ever increasing need for power.

When schools discovered tablet devices, the floodgates opened and the paperless and bookless era had arrived. Smith System is ready with a wide array of products to supply needed power.

Chat™ Chair and Wedge table with Dome Power Module.

Power Bar with two Dome Power Modules.

Café Table with Power Module.

Acrobat™ Crescent Desks with I-O Post™.

Interchange Media Table with two Surface Power Modules.

Add power to any room with the I-O Post™ and I-O Tower.™

I-O™ Post

Distribute power and connectivity throughout large areas to computer users with the I-O Post. Network/phone ready, it has eight knockouts that allow the school to create a connection with one cable to the source. It also has eight grounded plugs to provide power. Available in Platinum powder coat, the I-O Post also has room to house a Wi-Fi repeater.

Standard Laminate Options

Want to specify a different laminate?

No problem. If you have 20 or more tops of the same color -60 or -38 there is no upcharge. Have 20 or less? We can quote for you with the Wilsonart code and - finish style. We can specify other laminates - call to inquire and get a quote.

For 2016, all 11 of the above laminates are -60, if you need to match a laminate from a previous year, please let us know on your order (example Pewter Mesh 4878-38, our new standard is -60).

Standard Color Options

See product page for application and availability.

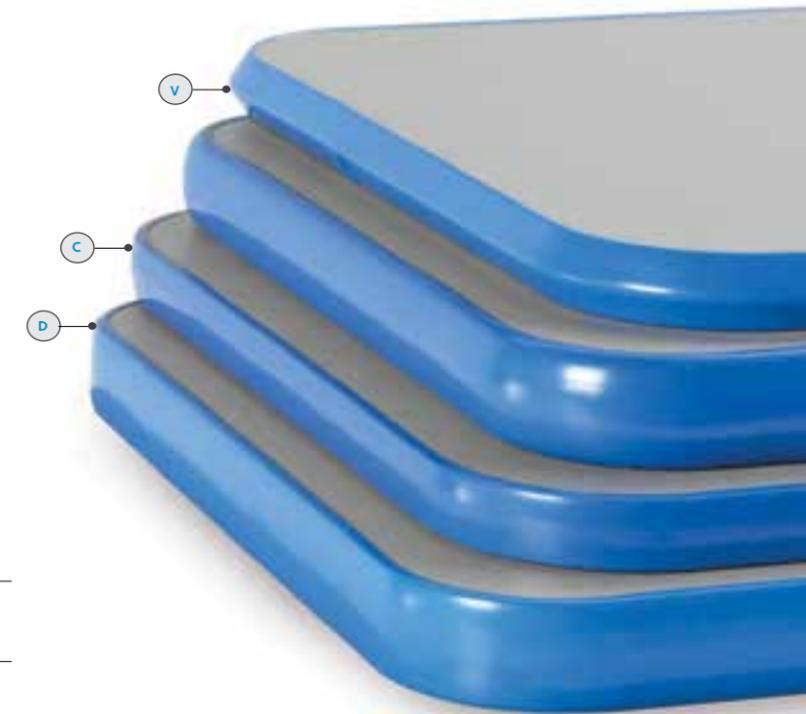

Standard Top and Edge Options

Available in 3/4" and 1 1/4" thicknesses, Smith System tables and desktops give you the option of lending the tops of the room a light or substantial feel. Similarly, our edge band treatments give the choice of curved, gentle profile of bullet or bumper edges.

When choosing (D, C, V) of top and edge molding, put the designator at the end of the model number. Example: 04500V = Model 04500 with a 3/4" top and a Bullet T-Mold edge.

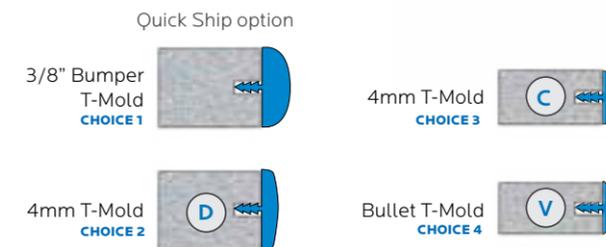

Each product is different, consult the specific product page for available options.

Choose from many different edge and top profiles.

1 1/4" TOPS

3/4" TOPS

Consult the specific product page for available options.

Our tables carry a **12-year warranty on tops** and a **lifetime frame warranty**.

Smith System Only uses **High Pressure Laminate** and our edging is stapled into place every **6 - 8 inches**.

There are 11 Quick Ship laminate colors and 21 bumper edge colors. Frame color availability is specified on the catalog page. Quick Ship lead time for 21 bumper edge tables and 40 chairs is 5 business days, though this may extend during the busy summer season. Please call for specific availability. If the product components are in stock, they will ship as soon as possible. All tops are made to order and not returnable.
