To whom it may concern,

We would like to thank you for your inquiry regarding the LSM 5 upgrade computer for this instrument. Carl Zeiss Microscopy, LLC sold the University of Southern Mississippi instrument serial #: 2101000226 in 2004 which was installed the same year.

This computer upgrade will provide you with continued optimal functionality. We have provided a quote for the service, parts, and labor to upgrade the PC on your LSM 5 (see quote # 601DM). These items have been tested for compatibility and performance in conjunction with the existing system by our factory, as we are the sole manufacturer. Carl Zeiss Microscopy, LLC will be solely responsible for installing these items once delivered. We will service this computer as part of our standard one year warranty.

Thank you for choosing ZEISS. If you have any additional questions, please do not hesitate to contact me via phone or email.

Best regards,

A handwritten signature in black ink that reads "Jennifer Langer". The signature is written in a cursive, flowing style.
